FISHING THAT HAS BEEN

A few years ago Mr. Justus Smith, at present fishery overseer at Charleston Lake, was actively engaged in piloting anglers to the most favored fishing grounds, and was then the most widely known and best oarsman on the lake. That his popularity rested upon a solid foundation is shown by the following daily record of catches made by his patrons, which we take from his daily calendar diary for May, 1887:—

- Lyn men, 17 salmon.
 - Allan, of Brockville, 42 salmon.
 - Robinson and Gibson, of Brockville, 40 salmon.
 - Jones and Harvey, Brockville, 29 salmon.
 - Dave Both and Baker, Brockville, 7 salmon.
 - Gilmore and Leslie, Brockville, 9 salmon.
 - Morse and Hardin, Morristown, 7 salmon.
 - Bill Jones and Colcock, Brockville, 40 bass, 4 salmon, and 8 pike.
- With such catches being made, it may seem strange that the lake was not depleted of its best fish, but it must be remembered that in those days summer fishing was but little practiced. Dragging around two or three hundred feet of web line weighted with a pound of lead was not a very pleasant pastime. Since the introduction of the copper line summer salmon fishing secures fair catches all through the heated period, so that the present total catch for a year will probably equal the best results obtained in "the good old days."

The wholesale destruction of bass practiced for so many years at Charleston Lake has very noticeably decreased the supply, and only the most conservative treatment of these game fish will enable them to make good their loss. Several of our local anglers and New York visitors set a good example in this respect. The fact that rocklees, improvident anglers have succeeded in depleting the great Muskoka lakes of bass should be a warning to all interested in Charleston Lake fishing. Our Anglers' Association, now out of business, helped very materially to popularize sportsmanlike methods at Charleston. The salmon and other fish of the lake have well withstood the drain, and the lake to day probably offers as good all-round sport with the rod as any lake in Eastern Ontario.

THE RUSH IS ON

Our annual cheap sale opened on Saturday with a big rush. Never before such furious clothing selling in Brockville. We are shattering records and turned the dull season of trade topsy turvy. The magnificent bargains in suits for \$5.00 we are selling have set all tongues wagging and filled hundreds of the buying public with satisfaction and gratitude.

Just think of it!—a High-Grade Fashionable Suit for **\$5.00**

These are the days when we lose money wisely. We let profit and some of the cost go that we may enter the fall markets with empty tables. This is good business and explains why these cut prices are made.

Don't wait, for you can't get here too soon. The best goes first, and no more goods to be had at these prices.

SPECIAL—About 65 boys' washing suits, new goods, mostly all sizes made up, some were \$1.50, some \$1.25, some \$1.00, others 75c—your choice in any of them for **59c**

All must go at cut prices during our sale.

A FAIR SUGGESTION

Editor Athens Reporter: About this time President Beecher, Secretary Field and the able board of directors of Brockville Fair will be intently devising ways and means of securing the greatest number of pleasing attractions possible. And they are going to succeed and develop the resources and genius of the society to a degree never before presented to the people of this and adjoining counties.

Leading stockmen, prominent men, intelligent farmers foremost in all lines of rural industry, will be there—men of high merit in many kinds of manufactures will be there—gentlemen and ladies, artists of more than local distinction, and musicians of finest culture, making the halls beautiful and melodious, will be there. A grand stand worthy of the early days of Rome will envelop all in a hazy, dreamy air of luxury and indolence, and we will indulge in the brightest anticipations of a royal good time.

Last fair, many of the lesser but very interesting performances were missed by hundreds. A few days after all was over, in many homes it was said "I did not see this or that; I regret it."

Well, Mr. Editor, if the management will get out a cheap official programme giving time for and probable location of each event and hand one out with each ticket, it will please everybody. The cost to the society would vanish if Brockville business men were allowed to advertise on the programme.

W. S. HUGHES

A WELL KNOWN ALBANY MAN

Recommends Chamberlain's Colic Cholera and Diarrhoea Remedy

About eighteen months ago, Mr. W. S. Manning, of Albany, N. Y., widely known in trade circles as the representative of the Albany Chemical Co., was suffering from a protracted attack of diarrhoea. "I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy," he says, "and obtained immediate relief. I cheerfully recommend this medicine to those similarly afflicted." Sold by J. P. Lamb & Son.

ORIGIN OF BALLYCANOE

A lady who lived in "the Beatty neighborhood" about forty years ago gives the following as the origin of the name Ballycanoe. A service held by a Methodist preacher at or near Lyn was attended by Mr. Robert Hazelwood. At the close of the service the preacher was invited by Mr. Hazelwood to hold service at his house on the following Sabbath. The invitation was accepted and as the preacher was about to make the announcement he said "And what is the name of the section in which you live, Mr. Hazelwood?" This was a puzzle, for it had no name; but a bright idea struck the preacher, and he said, "What part of Ireland did you come from?" "Ballycanoe," was the prompt reply. "Then," said the preacher, "all being well, I will preach at Mr. Hazelwood's, Ballycanoe, on Sunday next." And that settled it.

Very Remarkable Cure of Diarrhoea

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller of Morgan, Texas. "I got temporary relief, but it came back again and again, and for six long years I suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by J. P. Lamb & Son.
