Local Items

Mr. Milton Hudson of Fairfield East has bought of Mr. Thomas Wright of Elgin, the Glenmore Cheese Factory, which is situated two miles east of Algonquin.

Cards were posted this week giving to horsemen the pleasing intelligence that Mr. John Hudson's thoroughbred horse, Togo, will be kept in Athens this season.

Rev. J. B. Hicks, B.A., will occupy the pulpit of the Methodist church morning and evening of Sunday next and will conduct service in the afternoon at Glen Elbe.

Westport's annual ice races take place to day and to morrow. Ice in the lake is reported to be 15 inches thick—and if it were any thicker the reporter would probably say so.

The members elect of the village council made and subscribed to their declarations of office and qualifications on Monday last. The by-law appointing village officers was introduced but, after discussion, its completion was deferred until a meeting to be held on Monday evening next.

Rev. James Blanchard of Montreal was one of the delegates appointed to the recent international convention of the Y.M.C.A. held at Washington, D.C. There was a great attendance and the proceedings were most inspiring. Returning, the Montreal delegates enjoyed a short stay in the Empire State's big metropolis.

As usual, the annual report of Farmers' Friend Cheese Factory, Frankville, as presented by the efficient secretary, Mr. W. H. Montgomery, makes interesting reading. Besides giving a very complete statistical and financial statement it contains a comparative statement for the last four seasons from which we learn that the following net price per ton of milk was paid to patrons: In 1904, \$13.14; in 1905, \$17.19; in 1906, \$19.05; and in the year 1907, with Mr. James Smith, as maker, the top figure of \$19.11 was reached.

ATHENS PEOPLE WITH WEAK LUNGS NEED VINOL

Many people inherit weak lungs which are likely to be attacked by consumption. So also are lungs weakened by disease or by a stubborn hacking cough.

No matter what the cause, Vinol strengthens weak lungs and gives one the power to throw off wasting diseases. The reason that Vinol has such power to heal and strengthen is because it contains in a highly concentrated form all of the curative, medicinal and strength-giving elements of cod liver oil, actually taken from fresh cods' livers, with the useless, nauseating oil eliminated and tonic iron added.

So sure are we of what Vinol will do that we ask every person in Athens suffering from weak lungs, stubborn hacking coughs or any wasting disease to try Vinol on our offer to return money if it fails. J. P. Lamb & Son, Druggists, Athens, Ont.

Athens Public Library

This week we glanced over the report of the Athens Public Library for the year 1904—the last year, apparently, that it was running full time, and this is what we found:—

Balance in treasury.....\$ 33.18
Stock and fixtures.....1040.00
Total volumes.....1333
Total volumes circulated.....1544

This is a very favorable showing, and just why it has since practically ceased to exist is not quite clear. We believe that the council of the following year declined to give the customary grant, and without that aid it was probably regarded as impossible to keep both the library and reading room open, and so both were dropped.

The reading room is, of course, desirable, but it is not an indispensable adjunct to a public library, and we incline to the belief that the library could be opened and made to prove self-supporting. It was the reading room feature that proved too costly to maintain, not the library, and it is certainly a matter for regret that this valuable collection of books should be allowed to remain in comparative obscurity.

FABREY—ABERNETHY

Schenectady (N.Y.) Gazette, Dec. 23
Miss Ellen Alberta Abernethy of Athens, Ontario, and William H. Fabrey of 11 Catherine Street, this city, were united in marriage Saturday afternoon at the parsonage of the State Street Presbyterian Church, Rev. Herbert C. Hinds officiating. The bride was attended by Miss Helen Simpson and the bridegroom by L. R. Chalmers. The ceremony took place at 4.30 o'clock and it was followed by a supper at the home of the bridegroom's parents. The happy couple then left for the bride's home in Athens. They will also take a trip through several Canadian cities.

Mr. and Mrs. Fabrey are both well known in this city and are popular among a large circle of friends. They will be at home after January 15.

A Three-Fifths Defeat

How the three-fifths clause in the Local Option Act works out is strikingly illustrated in Wolford. There the vote was

For the by-law.....245
Against the by-law.....172
and notwithstanding the Temperance people's majority of 73 votes, they were defeated by the three-fifths clause, lacking a half-dozen of the required number.

American Subscribers

The date on the address label of many of our American subscribers shows that their subscriptions expire on Jan. 1st, 1908. We are willing to pay more than half the postage, but must insist upon subscriptions being paid in advance. Much Law, Poor Case.

Among lawyers there is a saying that in the trial of a case an attorney if light on facts must be heavy on law. The other day an attorney was preparing to leave his office in one of the big office buildings to go to the courthouse to try a case. From the shelves of his library he had taken many large law books containing decisions and opinions of higher courts. At intervals a boy went in and out of the door, and each time he bore in his arms a stack of the books, which he carried to an express wagon that stood in the street below. The attorney was to use the books in the courtroom. Another lawyer, who is of southern birth and who always addresses his friends with some army title, watched the boy as he went in and out carrying the law books. Then he dug his hands deep into his trousers pockets and said to the lawyer:

"Well, Ah'll swear, kunnel, you must have no case at all."—Kansas City Times.

Snow and Rain.

The first man to whom it ever occurred to find out how much rain was represented by a given fall of snow was Alexander Brice of Kirkcubright, who in March 1708, made a simple experiment with the contents of a stone jug driven face downward into over six inches of snow. What he learned was that a greater or less degree of cold or of wind when the snow falls and its "lying a longer or shorter time on the ground" will occasion a difference in the weight and in the quantity of water produced. "but if," he added, "I may trust to the above trials, which I endeavored to perform with care, snow newly fallen, with a moderate fall of wind, freezing cold, will produce a quantity of water equal to one-tenth part of its bulk." So that a fall of snow of ten inches represents a rainfall of one inch.—London Chronicle.

The Ingredients of Zutoo

One ingredient is soda—just old-fashioned soda, that our grandmothers took to settle the stomach, and there is nothing better.

Among the other ingredients there is not one that did not come from old Mother Earth herself.

There is not one that is not approved by both the British and American Pharmacopoeias, the highest medical authorities in the world.

There is not one that your family physician, even if a personal friend, would not approve of and prescribe.

If you are using some other headache remedy, why do you not change and use Zutoo instead?

It will cure your headaches and colds just as quickly and safeguard you against the bad after effects which may some day come from using the ordinary remedies. Zutoo tablets

The Best on the

St. Regis Lumbago Cure

AN INDIAN REMEDY.

Guaranteed to Cure Lame Back or money refunded!

An excellent remedy for Rheumatism, Lame Back, Etc., Etc.

Read the following testimonial from a man you all know:

Forfar, Feb. 6, 190

Mr. W. A. Singleton,
Crosby, Ont.

"Dear Sir,—Being laid up with lame back, I thought I would drop you a line to tell you that your St. Regis Lumbago Cure will do all you claim for it, as I have only used part of the bottle and I feel no returning symptoms of the disease."

May say I have been troubled with lame back for the last ten years, and I tried several other patent medicines but without results. I can heartily recommend it to any troubled with lame back, and I feel safe in saying that it's the cheapest medicine on the market.

Yours Truly,

JAMES McCUE

If your doctor does not keep this medicine kindly ask him to order same for you as any sized order will be filled promptly.
