Wholesale and Retail. C. & E. EVERETT, 11 KING ST., ST. JOHN.

By the Board of Education.

The Board of Trustees of any School District is hereby empowered to provide for the School Funds under its control, Prizes not exceeding a first, second and third prize, in any School Term, for each School or Department, and according to such conditions and regulations as may be prescribed by the Board of Education, provided that no such prize shall be awarded in respect of proficiency in particular subjects of the School course, or the discharge of particular School duties.

In pursuance of the above enactment of the Legislature, the Board of Education has been pleased to prescribe the following conditions and regulations—

- 1. The offer of the Prizes and the conditions of their award set forth below (in sections 2 and 3) shall be announced to the school, or department, and according to such conditions and regulations as may be prescribed by the Board of Education, provided that no such prize shall be awarded in respect of proficiency in particular subjects of the School course, or the discharge of particular School duties.

2. The following shall be regarded as the STANDARD for every member of the School— Prompt attendance at each school sitting; unexceptionable conduct while subject to the Teacher's supervision, whether in the school room or elsewhere, in all respects application in the discharge of every school duty; and excellence of Scholarship in the subjects of prescribed study, according to the pupils' assignments in the course of instruction pursued in the school.

3. The Teacher shall assign a fixed numerical value to the above standard (say 5 or 10) for each half-day (or for each day) to be recorded in respect of each pupil only who are present in the school, and according to his best judgment determine and record at the time what standard is to be made for each day (or day) from this standard figure on account of tardiness, improper conduct, want of application, or other cause. At the close of the calendar month the Teacher shall make entry in the School Register (page 6 or 10) of the sum of the standard figures (or parts of them) retained for the month by each pupil, and the aggregate of these monthly entries shall be regarded as the pupil's School Standing for the Term.

4. At the close of the term the Teacher shall present a written report, under his signature, to the Secretary of the Board of Trustees, stating (1) the names, with the School Standing for the Term, of each of the pupils having first, second and third positions; and (2) the name of any pupil who, while a member of the school, or department, was unavoidably absent, and whose actual average daily standing being allowed for such days of absence, not exceeding five in any calendar month, would have placed him in the first, second or third position. The Secretary of the Board of Trustees shall keep the Teacher's Report on file for a period of at least two school years.

5. The Board of Trustees shall award the prizes to the pupils having the highest School Standing for the Term, and in their discretion, take into consideration, but only within the limits of the Terms and in section 4, the case of any pupil unavoidably absent from school.

6. The Board of Trustees shall determine the nature and value of prizes, and shall exercise a responsible care that no prize be of a character excluded by the provisions of regulation 23, or by section 102 of the Schools Act.

7. The prizes shall be publicly presented through the Board of Trustees, and the names of the recipients, and the prizes in their discretion, granted to the winners on behalf of the Board of Trustees and the District.

8. The foregoing conditions and regulations are applicable exclusively to schools or departments, and shall have no force or effect in relation to the provisions of Regulation 20 or 30.

THOMAS H. RAND, Chief Superintendent Education Department, N. B., Aug. 10, 1878.

Special Notice!

In order to meet the demands of our numerous customers, we beg to announce that, we have added to our extensive

Slipper and Lavigan Factory

the necessary Machinery for the Manufacture of Men's, Women's, Misses', and Children's Slippers, and

Boots & Shoes,

In all the Leading Styles.

By continuing, as in the past, to use first quality of material, we hope to merit a liberal share of public patronage in our new branch of business, as well as a continuance of public favor in our old business.

VINCENT & McFATZ,

240 Union St., St. John, N. B.

CHEAP KANSAS LANDS

WE own and control the Railway lands of Trego County, Kansas, about equally divided by the Kansas Pacific and Great Northern Railways, which are selling at an average of \$3.25 per acre on easy terms of payment.

These lands lie in the GREAT LIMESTONE BELT of Central Kansas, and are the best winter wheat producing districts in the United States, yielding from 20 to 35 bushels per acre.

The average yearly rainfall in this county is nearly 35 inches per annum, much greater than in the much-extolled Arkansas Valley, which has a yearly rainfall of less than 25 inches per annum in the same longitude.

The average yearly rainfall in this county is nearly 35 inches per annum, much greater than in the much-extolled Arkansas Valley, which has a yearly rainfall of less than 25 inches per annum in the same longitude.

Paper Bags, printed and unpapered, for sale at this Office, very cheap.

A Model Farm.

Why should not farming be scientific? Because the manufacturer labors in a scientific way, his profits are greater and surer than those of the agriculturist who has neither machinery nor system; but it is the unreasonable custom of many to coast at intuitions, and to look on methodic variations upon old usages as fanciful and unprofitable schemes of visionaries with more money than common-sense. It is the people who sneer that are usually most deficient in the latter quality, however; and had they little more of it they might perceive that careful book-keeping and the adoption of improved methods and implements are just as necessary in farming as in any other business.

It is a side hollow of that bill from which Litchfield first became visible to us several very distinct echoes can be obtained, and this responsiveness of the "purple glens" gave a name to this farm. It is Echo Farm—a pretty and suggestive name which conjures up visions of loveliness, and sets one on to dreaming of intertwining vines knitting their plant tendrils and sweet scented leaves through the hospitable porch and open lattice; the checked orchard of fruit radiating in the garbular brook that never tires of its own melody; the reverberant hills that appose life's turmoil with their easy undulations; lofty barns mossy with age; and clattering mills down in the seclusion of grassy hollows.
