### Assassination of King and Prince Carefully Planned.

### British Flagship and Cruiser Going to Lisbon.

### Doubts as to the Loyalty of the Portuguese Army.

Lisbon, Feb. 3.—Arrests are being made by the wholesale in Lisbon, and all suspicious persons at liberty are under police surveillance. The Portuguese frontier is being closely guarded to prevent the escape of suspects. The authorities are maintaining a strict censorship on all outgoing telegraphic messages. The Spanish Government has ordered a cruiser to come to Lisbon, and it was learned today that two British ships of war are on their way to the Tagus. The general opinion here is that there will be a modification in the Ministerial programme after the funerals of the late King and the Crown Prince.

**Was the Army Disloyal?**  
Before the assassination it was alleged that several regiments had been secured by the revolutionary party, and that a military outbreak was imminent. Today's despatches tell some color to this report. Various other reasons cause a suspicion that behind the veil of secrecy imposed by the censorship a terrible struggle between the Republicans and Monarchists is proceeding and the fate of Portugal is hanging in the balance. The past history of Portuguese revolutions, which have been invariably characterized by atrocities and horror, have given rise to this supposition.

**Franco Had to Go.**  
The situation for Premier Franco after the assassination of the King and Crown Prince became impossible. During the days which preceded the tragedy, and during the tumultuous manifestations on the streets, with the later discoveries of vast stores of arms and bombs, public opinion back here in his efforts to maintain order, but the murders changed the entire complexion of the situation. He has not been seen on the streets since his meeting with the King immediately after the latter's arrival from Vila Vicosa, but all possible places where he might be have been closely watched and guarded.

The new Cabinet, which is composed of the strongest members of various factions, but all opposed to Franco, has drawn to it a strong patriotic supporting movement. During the night Alderman Amador and the chiefs of the monarchist parties held a protracted session and laid out a programme looking to the pacification of the people.

Word has been received here that a British fleet, the number of vessels not being stated, passed Oporto this morning bound for Lisbon.

**Planning the Assassination.**  
The investigations of the police show that the murders were carefully planned. On Saturday the assassin made secretly in the back room of a cafe, and there laid out every step of the plot which they were enabled to do, as all the details relating to the home-coming of the King had been made public. To each was assigned a post in the work of shooting down the members of the royal family, but lots were drawn for the selection of each particular victim. Those who drew Queen Amelia and Prince Manuel failed to carry out their bloody task.

**Lying in State.**  
Lisbon, Feb. 3.—It is expected that the lying-in-state of the bodies of the King and Crown Prince will begin tomorrow either in the chapel of the assassins, or in a room which will be made a chapel ad hoc. The bodies, which have been embalmed, have been placed in caskets with glass lids, which Queen Amelia and ex-Queen Maria Pia continually visit.

King Carlos is lying in the uniform of a Generalissimo, while the Crown Prince is attired in the uniform of a captain of Lancers. Many masses have been said in the mortuary chamber. The funeral will be held on Feb. 8 or Feb. 9, in a room where the Princes of Wales, Prince Henry of Prussia and the Duke of Aosta will be among the foreign representatives.

The bodies of three of the regicides, much mutilated, are lying in the town hall. Thousands of persons have viewed them.

It is reported that some of the police who were on duty near the scene of the tragedy have been arrested on suspicion that they connived in allowing the regicides to carry arms and to get near the royal carriage.

(Evening).—The day passed completely quiet. Expressions of public mourning are general. Shop blinds are half drawn, flags are half-masted and guns are fired only at half-hour. The business goes on as usual. Popular feeling is dominated by the shadow of the tragedy, and a subdued demeanor is noticeable among the people on the streets, where the assassination continues to be discussed, but calm is everywhere preserved.

**Summary Executions.**  
San Sebastian, Spain, Feb. 3.—A despatch received here today from Salamanca, Spain, announces the arrival of a number of refugees from Oporto, Portugal. The message declares also that the revolutionists were ready to flame out at Oporto. Other despatches receive and declare that summary executions took place Sunday at Lisbon. It is said that Franco is in danger of his life and will try to escape from the country unseen.

**Britain Will Not Interfere.**  
London, Feb. 3.—It has been rumored for some time past that Great Britain proposed to interfere to restore order in Portugal. As a friend of Portugal Great Britain has been using her moral influence to end the unsettled state of affairs in that country, and will continue to do so, but as for any interference in the internal affairs of Portugal that is out of the question. The Foreign Office has confidence that Portugal herself will be able to restore order. The British Atlantic fleet, which is now at Vigo, was to have visited Lisbon this week, and a report from Gibraltar stated that the second cruiser squadron had been ordered to the Tagus immediately after the assassination. This, however, was incorrect. The squadron will not ap-

proach Lisbon unless the situation there takes on an unexpected turn, jeopardizing the lives or property of British subjects. To avoid the appearance of any interference on the part of the British Government, only the flagship, the battleship Exmouth, with Vice-Admiral Sir Ashton G. Curzon-Howe on board, and one cruiser, will be sent to the Portuguese capital.

**Trouble Feared in East Africa.**  
Cape Town, Feb. 3.—A despatch received here from Delagoa Bay, Portuguese East Africa, says that Portuguese Republicans and adventurers, of whom the place is full, are openly demonstrating their joy at the assassination of King Carlos and the Crown Prince, and excesses are feared. Prayers for the assassins have been offered in one church.

**No Sympathy From Hungary.**  
Budapest, Feb. 3.—The Hungarian Chamber of Deputies to-day refused to vote a motion condoling with the royal family of Portugal in the death of King Carlos. The majority in the Chamber, however, voted for substitute as follows: "The views of the Hungarian Parliament on freedom are such that the House could not dedicate a posthumous resolution to a King who had abolished constitutional government and instituted a dictatorship."

**The Ozar Warned.**  
St. Petersburg, Feb. 3.—The tragedy at Lisbon has created a deep impression on all sections of society here, and the newspapers to-day comment gravely upon the events that led up to the double assassination. The Russ in a daring editorial draws a thinly-veiled parallel between the conditions in Portugal and those in Russia, and practically warns the Government that there is danger of a similar event here.

**The Pretender Horrified.**  
Vienna, Feb. 3.—A representative of Dom Miguel de Braganza, the pretender to the throne of Portugal, has made the following statement in response to a request: "The Duke, who left for Italy, heard of the terrible affair through the newspapers just before his departure, and expressed his abhorrence at the shameless deed."

**Address to King Edward.**  
London, Feb. 3.—The Government announced to-day that it would move in the House of Commons and House of Lords to-morrow an address to King Edward expressing indignation at the assassination of his Majesty's "ally and friend."

## PAYETTE ELECTED.

### MONTREAL MAYORALTY CONTEST WAS VERY LIVELY.

Majority Over Hon. Philippe Roy Nearly Three Thousand—Aldermanic Elections Tame, Many Being Returned by Acclamation.

Montreal, Feb. 3.—Ald. Louis Payette was to-day elected Mayor of Montreal by a majority of 2,986 over Hon. Philippe Roy, after one of the liveliest contests which have taken place in Montreal for many years.

The vote was not very large owing to the fact that 25 out of the 40 aldermen had been returned by acclamation, and the absence of a local fight in the wards made it hard to get the electors out. The contest had been waged with unusual bitterness, Hon. P. Roy, who is Speaker of the Legislative Assembly at Quebec, posing as the opponent of the Light Heat & Power Company in particular, accusing Ald. Payette of being the friend of the great electric and gas corporation.

The English-speaking citizens gave a French majority for Mr. Roy, but in the French wards Ald. Payette piled up an overwhelming majority, leading in nine out of the ten polling subdivisions.

In the aldermanic field there is little change, only one minor member, Ald. Houle, being defeated. In every other ward the old members were elected, so that the policy of the old Council will go on with practically no change.

## JAIL OR WATER WAGON

### And Weston Debtor Decided to Swear Off.

Toronto, Feb. 4.—M. Poucher, of Weston, before Judge Winchester yesterday in charge of a bailiff under an order for committal to jail for owing a bill of \$27 for groceries, with \$17 added for legal fees.

"Do you drink?" asked the Judge, and Poucher's admission he added: "That is your curse. I don't want to send you to jail, and will make some arrangements for you if you will swear off drinking for six months. I know that you will keep your word if you give it to me."

Poucher didn't take kindly to the idea, even though the judge tried gentle persuasion, but when it came to a final alternative, water wagon or jail, he climbed upon the seat.

He was released for a month for three months and then \$4 a month until the debt is paid.

## DR. TORRANCE BURIED.

### Funeral at Guelph Was Largely Attended.

Guelph, Feb. 3.—The funeral of the late Dr. Torrance took place this afternoon. The services at the house were conducted by Rev. J. M. Glasford, assisted by Revs. J. B. Muller, and B. MacLaren, of Toronto. The pall-bearers were W. T. Tyler, D. Guthrie, K. C. Col. Macdonald, Dr. Wallace (Alma), Major Hood and T. Gowdy. The Presbyterian service at Chalmers Church was very largely attended, although but few outside the city were able to be present on account of the snow blockade. The services were conducted by Rev. R. W. Ross, Rev. E. J. M. Glasford, Rev. J. C. Wilson, Rev. D. Strachan, Rev. Principal MacLaren, D. D. of Knox College, Toronto.

## Have You Correctly Fitted Spectacles

Do not get spectacles from peddlers, stores, etc., or even use some other person's. Many eyes are ruined by so doing. Nearly all require reading glasses before 45 years of age, and the lenses after that age need changing every two or three years. Have your eyes examined by J. W. Gerrie, consulting optician and druggist, 32 James street north, Examination free.

## THE PARADISE ROAD LEADING TO THE SITE OF THE PROPOSED NEW SMALLPOX HOSPITAL WILL BE FILLED IN, THE ESTIMATED COST BEING \$750.

If men were relatively as strong as beetles they would be able to handle with ease weights of several tons.

## RAVAGES OF CANCER

### TEN DEATHS FROM THIS DISEASE DURING JANUARY.

Will Again Urge Appointment of Plumbing Inspector—Will Quit Down Dr. Orr's Salary.

A striking feature of the monthly report of Dr. Roberts, the Medical Health Officer, presented at the meeting of the Board last night, was the number of deaths during January from cancer. During 1907 there were fifty deaths in Hamilton from this disease and the doctor called attention to the big increase as compared with former years. During the first month of this year ten deaths were caused by cancer. Thirteen cases of smallpox were reported. Other infectious and contagious diseases mentioned included six cases of consumption, five of diphtheria and one of scarlet fever.

Secretary Madden, of the Trades and Labor Council, urged the Board to again recommend the City Council to appoint a plumbing inspector. The members agreed to do this and there will be a deputation present at the meeting of the Finance Committee to support the request, which was shelved last year.

There were only four cases of smallpox in the isolation hospital now and the Board, which recently increased Dr. Orr's salary to \$10 a day, thought it was paying him too much. It was decided that after Saturday his salary should be \$5 a day unless further cases developed in the meantime.

The Paradise Road leading to the site of the proposed new smallpox hospital will be filled in, the estimated cost being \$750.

## EAT ORANGES

### IF YOU WANT TO KEEP WELL

Careful tests have proved beyond question that orange juice has clearly defined medicinal virtues. Those who suffer from indigestion—are compelled "to diet"—find that after eating oranges regularly for breakfast there is no distress, no palpitation.

Where there is a tendency towards constipation, the eating of oranges regulated the bowels.

In skin troubles, those who began the morning meal with an orange were noticeably improved.

There is, however, a quicker way to get better results. This is to take one or two "Fruit-a-tives" tablets at bedtime in addition to the juice of an orange before breakfast the next morning. Oranges, apples, figs and prunes, in which the medicinal action is many times intensified by the special way of combining them. Valuable tonics are then added.

Take the juice of an orange before breakfast—take "Fruit-a-tives" at night and you will quickly be rid of Indigestion, Stomach Troubles, Constipation and Biliousness. "Fruit-a-tives" are sold by all dealers at 50c a box—6 for \$2.50. Sent on receipt of price by "Fruit-a-tives" Limited, Ottawa.

## CARETAKER IS NOT AFFABLE.

### Guardian of Market Convenience Talks Harshly.

### Urgently and Unkindly to Callers, Chairman Says.

### Dr. Groves Appointed Veterinary of Police Department.

The caretaker of the market convenience is not as affable and courteous to visitors as Chairman Nicholson would like to see him. At the meeting of the committee yesterday afternoon the chairman lodged a complaint against him. "Scores of citizens have complained to me," he said, "that the caretaker speaks unkindly, urgently and harshly to them."

But even the chairman admitted that the caretaker's job was no "cinch." The alderman gave him credit for keeping the place in first class shape, and a sub-committee was appointed to wait on him and request him to exercise better judgment.

It is a hard task keeping the flag that flies from the City Hall tower in good shape. Chairman Nicholson had a happy suggestion, a big flag for "festive and joyous occasions," and a smaller one to fly at half-mast. The big flag when floating at half-mast sweeps the roof of the tower. Two flags will be purchased.

Ald. Dickson referred to the suggestion made by Judge Teetzel at the Assizes to employ prisoners working on the mountain and in the parks beautifying them. Ald. Dickson thought some of the prisoners could be well employed covering over the garbage in the North End Park and putting things in shape down there. Governor Ogilvie said he had enough stone to crack to keep his guests busy for another month, and the aldermen will think it over in the meantime.

Ald. Bailey objected to Sam Garrity, the City Hall elevator man, being docked a day's pay for being absent from his post.

"That should be charged up to the parties for whom he has been working," said Ald. Dickson. "He was up canvassing votes in ward 4 on election day."

The matter of insurance on the City Hall was discussed. The building and contents are valued at \$100,000. Only \$82,000 insurance is carried, and Chairman Nicholson thought there should be at least \$100,000. A sub-committee will endeavor to adjust it.

The secretary was instructed to get things in shape so that the estimates can be struck at the next meeting.

Chairman Nicholson said he wanted to have the Central Market paved with asphalt or cement this year.

Dr. Groves was appointed veterinary surgeon for the Police Department on motion of Ald. Gardner, seconded by Ald. Gray.

Ald. Bailey moved for the appointment of R. L. Craig, but failed to get a second.

Chairman Nicholson said he had received further complaints about the illumination, or rather lack of illumination, of the City Hall clock. A sub-committee was appointed to investigate and see what can be done.

The by-law regulating the establishment of rag and metal shops and their location was laid over until the next meeting.

The committee will make its annual inspection of the weigh scales, police stations, jail and other properties under its control shortly.

Thomas Lees was again appointed to look after the city clocks and keep them in repair.

## PERISHED IN SNOWSTORM.

### Twenty-One French Soldiers Lost Their Lives in Algeria.

Ain Seafra, Algeria, Feb. 3.—Twenty-one men of the twentieth company of the Foreign Legion, and possibly others of the same company, perished on February 1, in a blinding snowstorm which overtook the soldiers on their way to Fort Hassa. The entire company became separated, and later, searchers recovered the bodies of twenty-one of them. A section of the company succeeded in reaching Fort Hassa in a pitiable condition, but many are unaccounted for.
