The meeting was called by Supervisor Russell, in accordance with the Highways Act. Mr. Francis Carruthers was called to the chair. After a pretty general expression of opinion it was unanimously decided not to have statute labor performed on the roads in lieu of paying taxes, and an assessment of \$100 was voted for keeping the roads open in winter. There are about fifty miles of road in the district, but only about half the mileage would be considered important enough to share in this expenditure.
