## The Evening Chit-Chat

By RUTH CAMERON

Death cannot long divide. For is it not as though the rose That blossomed on our garden wall? Had blossomed on the other side?

There is a certain inconsistency sometimes exhibited by Christians that I cannot understand.

I wonder if it has ever puzzled you.

It is this: A beloved friend has died—a mother, a father,

a husband or child. Say, for instance, a husband. The bereaved wife says, "I know my husband was a Christian. No better man lived. I know he has gone 'straight home.'"

Is this consistent with the professional belief of Christians in an after life vastly happier and fuller and finer than the one we are now living? It seems to me that it is only the person who does not believe in a happy after life or who is uncertain about the dead one's fitness for such a life, who has reason to grieve this way.

You say, "But perhaps the wife is sure that her husband is happy—her grief is only for herself at losing him."

No, that can't be quite so, for how often you hear her type refer to the dead as "poor Charles." Besides, suppose the grief were wholly for herself, isn't that an extremely selfish attitude for a Christian to take—to believe that the one she loves is far happier, and yet to give herself over to rebellious and uncomprehending grief because she is separated from him for a time—a time, too, which, according to her belief, is infinitely small compared to the eternal

ity which she shall enjoy with him? "Oh, it's easy to talk, but when you've lost someone you love and the years stretch barren before you—"

Yes, I know, my friend. In the first agony of grief it is next to impossible to see anything but those barren lonesome years.

But after that first grief, don't you think you owe it to your trust in the one you have lost as one fit to be happy in the hereafter, and to your faith in Christianity as a consistent doctrine, to show by the renewed serenity and cheerfulness of your life that you believe that he is really happy and that death is only a temporary separation?

I was talking these things over with a young man who not only believes this, but has lived it through the loss of both father and mother.

"No crane was hung upon the door when my father and mother went away," he said, "just a bunch of flowers. And this is the way it should be. Nobody could miss them more than I—sometimes a million times a day. But the anticipation, the belief, the thorough confidence that there is something beyond the grave, is quite sufficient for me."

It seems to me that the Christian who does not gradually come to this state of mind is denying his faith.

It is for him, as well as for the out-and-out infidel, that Whittier sighs: "Alas for him who never sees The stars shine through theypress trees!"

Who, hopeless, lays his dead away. Nor looks to see the breaking day. Across the mournful marbles play. Who hath not learned in hours of faith

The truth to flesh and sense unknown. That Life is ever Lord of Death. And love can never lose its own."

## Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indications which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Reds and pinks show up well. Soft green foliage appears to greater advantage under artificial light than dark green.

Take a strong wooden box, any size desired, and paint or paper to match the kitchen walls. Fasten the lid on with hinges. Save the paper bags that come from the grocery; fill them with coal some time when convenient and let stand in one end of the box. The fire can be replenished without soiling the hands. It is especially fine when soft coal is used. With a cushion or two on top the box can be used as a window-seat.

Green liquid soap, which is recommended by skin specialists for fine skins, or for those which have the pores extended, can be made at home. Take equal parts of glycerine, water, alcohol and green castile soap. Shave the soap into the water and stir over the fire until the mixture is smooth. Add the glycerine, and lastly, after the kettle is removed from the fire, the alcohol. Add a tablespoonful of eau de cologne, if perfume is desired.

**Dr. de Van's Female Pills**  
A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the generative portion of the female system. Refuse all cheap imitations. Dr. de Van's are sold at the following prices: 10c, 25c, 50c, 1.00, 2.00, 3.00, 4.00, 5.00, 6.00, 7.00, 8.00, 9.00, 10.00. Mailed to any address. The Scottish Drug Co., St. Catharines, Ont.

In the year 1901 McGill University opened a Department of Political Economy. This was the first step to the establishment of a University School of Commerce. Last year lectures of a commercial nature were delivered in the evening with great success and some little while ago the Governors of the University decided to open a Course of Commerce. The course will extend over a period of two years and will give an all round good training in the different branches of commerce.

**Weak Nerves**  
Weak nerves mean nervousness, nervous headaches, depression. They call for good food, fresh air, and a nerve tonic. Let your doctor select the medicine. Ayer's Sarsaparilla, free from alcohol.

## A TRAGEDY IN THE HOME

When The Money-Maker Fails II

Wives and mothers, who are dependent upon the wages of husbands and sons, should see that the men take care of themselves. When the men are out of work, through sickness, no money comes in. When the men complain of backache and headache—of Rheumatism or Lumbago—take things in your own hands and get GIN PILLS. A box or two of GIN PILLS may save you a hundred dollars in the pay envelope.

BACK TO WORK.

RICHMOND, QUE.

"My husband was taken with severe Kidney Trouble last winter and could not work for some time. After taking one box of GIN PILLS, he was able to go back to work again. He continued with GIN PILLS until he had taken two boxes when the pain had entirely gone from his back. You may publish this letter as I sincerely wish every sufferer, who has Kidney Trouble, would test the merits of GIN PILLS."

Mrs. M. E. GARDNER.  
If you have tried medicines and doctors without relief, do as Mr. Gardner did—take GIN PILLS. They will help you and cure you—money refunded if they fail. 50c a box—6 for \$2.50—sample free if you write us. National Drug and Chemical Co., Dept. N. Toronto.

Hand Shot off.

Mr. Wm. Price, of Virgin Arm the Victim.

On Wednesday a sad accident occurred at Virgin Arm when Mr. Wm. Price, formerly of Back Harbor, Twillingate, had his left hand shattered through the explosion of a 3 1/2 muzzle loading gun. Mr. Price had loaded his gun on Tuesday evening, having seen some seals that day. Wednesday morning he saw a seal and taking the gun he rowed off towards the seal. Getting a chance for a shot he fired and the gun burst, splitting in several pieces, tearing his thumb nearly off and splintering the bones of the hand and wrist.

He was alone in the boat, but another man saw the accident and helped him ashore, where a crew quickly volunteered to take the injured man to Twillingate, reaching here before noon.

He was taken to Mr. Jas. Adey's at the Arm, and here he was operated on by Drs. LeDrew and Smith, his arm being taken off just below the elbow.

He lost considerable blood at the time of the accident, but is now doing very well.—Twillingate Sun.

## Herring Neck Concert.

A splendid tea and entertainment were given in the Orange Hall, on Thursday evening, June 1st, by the scholars of Sunnyside Day School. Too much praise cannot be given Miss Head, the untiring teacher of the school, through whose efforts the affair was brought to such a successful conclusion, both financially and otherwise. The tea began at 6 p.m., when quite a number sat down to the tables and did justice to the many varieties prepared by the ladies for which too much thanks cannot be given for the help brought to the event to such a success.

The entertainment began at 8 p.m., opened by a short address from the Chairman, Rev. H. F. Kirby. The way in which the children acted their separate parts reflects great credit on Miss Head, the teacher. We have it on good authority that Miss Head has tendered her resignation from the school, and we chronicle it here with deep regret.

We wish to thank the scholars and ladies for the splendid tea and entertainment, and hope we will have the pleasure of enjoying many more like it in the future.—Com.

King Names More Officials for Coronation.

London, May 31.—The King yesterday made a number of special appointments of high and picturesque officials. The Duke of Northumberland, the Duke of Fife, the Duke of Abercorn and the Earl of Crawford were thus appointed respectively High Steward of England, High Constable of Ireland, and Deputy Steward of Scotland.

Among the bearers of the Royal regalia appear the names of Lord Roberts and Lord Kitchener to carry the Second and Third Swords, while the Duke of Roxburgh is appointed to the stewards staff.

The police have issued elaborate regulations to control the crowds on Coronation Day. With the constant arrival of foreign guests, receptions, dinners and balls are being held at the Ducal Houses daily. The coming three weeks will be a whirl of social excitement. The Duke and Duchess of Norfolk gave a dinner and reception to-night in honour of the Colonial premiers.

Queen Mary's crown has just been completed. It is according to her own design with an elegant lace-like tracery wholly in diamonds, the Kohinoor being set in the center. The crown weighs 19 ounces, the Queen having insisted that it should not exceed the weight of an ordinary hat. It will be used only at the Coronation. After that ceremony the gems will be dismantled and used in separate articles of jewelry. The King will wear his father's crown.

The death occurred yesterday afternoon, after a lengthy illness, of Mrs. Walsh, wife of Mr. John Walsh, night watchman of the Penitentiary. The deceased had been ill for many months. She was well known and highly esteemed in the East End. To her bereaved husband and family the Telegram extends its sympathy.

Be Warned by Headache

It tells of Serious Derangements of the Liver and Kidneys—Try Dr. Chase's Kidney-Liver Pills.

You can stop a headache with powerful drugs. But it is not generally wise to do so. A headache almost always warns you of derangements of the digestive system, the liver, kidneys or bowels. Awaken the liver to healthful action by the use of Dr. Chase's Kidney-Liver Pills and you not only free yourself of headache, but remove the cause which will soon lead to more dangerous results than headache.

Pains are the result of poison in the system and whether you have headache, backache or aching limbs, you can be almost sure of relief and cure by the use of Dr. Chase's Kidney-Liver Pills.

They are wonderfully prompt, as well as definite and thorough in action. You can depend upon them, no matter how long-standing or complicated your case. One pill a dose; 25 cents a box; all dealers or Edmanson, Bates & Co., Toronto.

## Psoriasis All Over Body

Most dreaded of skin diseases was cured by Dr. Chase's Ointment.

Psoriasis is a sort of chronic eczema. The itching it causes is almost beyond human endurance, and it is usually considered incurable. But this case proves that Dr. Chase's Ointment is a cure, in spite of the doctor's prediction.

Mrs. Nettie Massey, Consecration, Ont., writes:—"For five years I suffered with what three doctors called psoriasis. They could not help me and one of them told me if any one offered to guarantee a cure for \$50.00 to keep my money as I could not be cured. The disease spread all over me, even on my face and head, and the itching and burning was hard to bear. I used eight boxes of Dr. Chase's Ointment, and I am glad to say I am entirely cured, not a sign of the disease left. I can hardly praise this ointment enough." Dr. Chase's Ointment, 60 cts. a box, all dealers or Edmanson, Bates & Co., Toronto.
