

Dr. D. A. YORKE, BELL ROCK, Ont.

Shows How Easy It Is To Get Rid Of Kidney Trouble And Lame Back

Bell Rock, Frontenac Co., Ont. For 15 years, I could get nothing to do with my kidneys, they were so bad, my pain went all through my back and sides and down my legs. When I could sit for a while, I could not lie down until I had walked a rod more. A neighbor advised me to take GIN PILLS. I did so and six boxes cured me. It is about two years since I quit GIN PILLS. My back is now all right. No pain in back or legs and I can walk all right. GIN PILLS are worth their weight in gold to anyone suffering with Kidney Trouble! D. A. YORKE.

BERLIN, Feb. 4. Anglo-German relations are "very good," according to the German Foreign Minister, Gottlieb von Jagow. This utterance in the Imperial Parliament is the strongest official characterization of relations between the two countries for many years. Herr von Jagow declared that tension was steadily decreasing, and relations were now marked by mutual trust. Admiral von Tirpitz, Minister of Marine, declared that he had nothing to add to his statement of last year that England's proposed 16 to 10 ratio was acceptable. Both expressed the opinion that Winston Churchill's unofficial suggestion of a year's naval building holiday was impracticable.

GLASGOW, Feb. 4. Lloyd George, to avoid the suffragettes, stopped the train at Ruthven, six miles away, and motorcared here last night, to start his Land campaign. Hundreds of women were badly disappointed.

HALIFAX, Feb. 4. The finding of the Wreck Commission's court as to the Cobeguid disaster, severely censures Capt. Howson, but on account of the very efficient and satisfactory manner in which everything was carried out on board for the safety of the passengers and crew, after the stranding does not deal with his certificate.

Healthy and Unhealthy Lighting.

Gas, it may be said, vitiates the atmosphere. True. But it also helps to purify it. Its purifying power is greater than its vitiating power. Electricity does not vitalize, nor does it purify. Hear what three eminent men have said:— Much evidence has lately been adduced to show that gas is more useful than the electric light in promoting efficient ventilation of air. It is for this amongst other reasons, that gas is being frequently substituted for the electric light. The latest example is, perhaps, the Society of Medical Officers of Health, which has recently installed gas on its premises.—Dr. Jamieson B. Hurry.

He would merely add that no member who had experience of their meeting room under the old conditions could deny the improvement that has taken place since gas had been substituted for the electric light and the new system of heating and ventilation had been installed.—Dr. Reginald Dudley, before the Society of Medical Officers of Health.

I have in my mind's eye, at the moment, a hall which, in the old days was lighted by gas, and in which a large audience could, with comfort, sit through an hour's lecture, or with pleasure through a three hours' dinner, but which, with the march of civilization, had its illumination changed from gas to electricity, the latter being employed with all the latest refinements to effect the lighting under the best conditions, with the result that any large gathering within its walls leads to a state little short of asphyxiation.—Vivian B. Lewes, Professor of Chemistry at the Royal Naval College, Greenwich.—nov8.11

MILD UP COUNTRY. —From passengers who arrived by last night's express we learn that the weather along the railway line yesterday was very mild, the temperature being above freezing.

CHICAGO, Feb. 4. Women citizens turned out in full strength yesterday, the first chance to register as voters.

WINNIPEG, Feb. 4. Woman's Suffrage has been turned down in the Manitoba Legislature by a straight party vote of 23 to 12.

JOHANNESBURG, Feb. 4. Aviator Brunelanger, yesterday, broke the world's record for endurance flight, remaining in the air 14 hours, 7 minutes, beating the French aviator's record 1912, of 628 miles in 13 hours, 18 minutes.

GLASGOW, Feb. 4. Destructive fires, attributed to the suffragettes, have broken out in the Perthshire Village of Comrie, famous for its Roman ruins. The first outbreak was in the Aberuchille Castle. Many valuable paintings, with old furniture, were destroyed.

MEXICO CITY, Feb. 4. Conferring with President Huerta, the Minister of Foreign Affairs said that foreigners had nothing to fear; that if the United States lifted the embargo on arms it would not greatly help the rebels; but that what Mexico had most to fear was that the States would extend financial aid to the rebels.

WASHINGTON, Feb. 4. Ambassador Spring Rice and Secretary Bryan yesterday discussed the proposed Anglo-American Peace Treaty on the Bryan plan; the principle of which has been approved by Britain. It is improbable that cessation of armaments will be included. The rumor of the Ambassador's withdrawal on health grounds is incorrect. Sir Cecil has almost completely recovered.

WASHINGTON, Feb. 4. President Wilson has removed all restrictions against the exportation of munitions of war into Mexico, placing the contending elements on a basis of equality with respect to the purchase of arms and supplies. The executive order emphasized that it was the desire of the United States to be in the same position of neutrality towards contending factions in Mexico, as were the other Powers.

LIMA, Feb. 4. The President, Billinghurst, of Peru, has been taken prisoner by the revolutionist General Varela. The Premier and Minister of War were killed in a sharp fight which ensued. Dr. Durand, former revolutionary leader, has taken possession of the Palace. It is generally believed that he will form a new Government. One civilian was killed. Banks and stores are closed, and private residences barricaded. The President will be expelled.

LONDON, Feb. 4.

Commenting on the President's proclamation removing the embargo on the exportation of arms to Mexico, the Telegraph declares the measure unparalleled in modern history, and equivalent to a recognition of the rebels as belligerents, creating the precedent that the President hoped to avoid. The flight of Americans from Mexico would, perhaps, be wise, says the Telegraph, for a man who fought his way to power over the corpse of his predecessor is not to be trifled with.

STOP COUGHING.

It's quite as foolish as it is annoying, to keep on coughing since

PHORATONE COUGH MIXTURE is sold all over Newfoundland and is guaranteed to soothe and heal the irritated parts at once, and to rapidly destroy the very cause of this aggravating nuisance. Hundreds of persons are complaining every day about the cough or cold they have had for a long time, and are not able to get rid of it. Don't let a cough or cold hang on you day after day and run the risk of catching and developing the "cough" that is not easy to throw off. You will avoid all this worry (about the cough or cold you have) by obtaining

PHORATONE COUGH MIXTURE at once. Price 25 cents a bottle, postage 5 cents extra.

M. C. L. I. Debate.

To-night the members of the M. C. L. I. will discuss the question: "Are the present tactics of the militant suffragettes advancing their cause?" at their regular weekly debate. The leaders are Messrs. George Peters and E. V. Wylie.

OXO served hot at P. J. RAYNES', 112 New Gower St. Jan 24, 14

Minard's Liniment Cures Diphtheria.

Cooks and Stewards Meet.

There was a special meeting of the Cooks and Stewards Association in their rooms last night, when a full discussion of matters pertaining to their welfare took place. The report of the secretary showed the Union to be in good financial standing. The election of officers for the ensuing year took place with the following result:—

Pres. J. M. Dooley; Sec. Treas. A. F. Long; Committee, Messrs. Jas. Connelly, G. Harris, Peter Constantine, Peter Pedale, Ed. Brennan, A. Lindsay, F. Cooper, Geo. Snow, Stan. White.

A Runaway.

Yesterday afternoon as Mrs. J. Power, wife of Mr. Power manager of the Singer Co., was driving with Miss Norris, the horse took fright, and both ladies narrowly escaped serious injury.

The affair happened on the Waterford Bridge Road, and Mrs. Power, who was driving was thrown from the sleigh and received a severe shock, the other lady remaining in the sleigh until the horse was stopped near the Cross Roads. Mrs. Power escaped with a few slight scratches, but both ladies were badly frightened.

Fish Exports.

The exports of codfish for the month of December last were:—

Destination	Qtls.	Value
United Kingdom	1,434	\$ 7,319
Canada	8,649	51,833
