## Harding Submits Plans to End Coal Strike.

Financial Stress in Germany --- May Not Pay Indemnity After Present Month --- Arabs Protest Against Zionist Policy in Palestine --- Female Guard of Honor For Dead Irish Leader.

### HARDING'S PLAN.

WASHINGTON, July 10. President Harding today placed before leaders, employers and employees of the anthracite union bituminous mine fields the government plan for settling the coal strike. The plan called for immediate resumption of work by miners at the wage rates of March 31st last, for the fixing of permanent wage levels by arbitration, and for investigations to recommend a solution of the permanent problems of the coal industry. All representatives of the groups concerned had to-night delayed definite answers to the proposal.

### GERMANY'S DIFFICULTIES.

PARIS, July 10. The two representatives of the German Government, Dr. Fisher and Herr Schroeder, during the course of a three hours' conference this afternoon, informed M. Dudyka, President of the Reparations Commission, that the financial situation in Germany is in such a desperate state that cash payments of the indemnity will soon become impossible. M. Dudyka, the Germans did not formally request a moratorium, they made it plain that Germany felt such relief would be the only way out of her difficulties. The German delegates indicated that Germany had enough money for the July payment, but that the drop in the value of the mark were unable

to see any hope of payments beyond that.

### ARABS DISAPPOINTED.

LONDON, July 10. A manifesto accusing the British Government of violating its pledges of self-determination to the Arabs after they fought for the Allies, has been issued by the Arab delegation which has been in London since last August, and which was reported yesterday as having been ordered to return to Palestine because of its expressed opposition on behalf of the Arab inhabitants of Palestine to the British Mandate. The Arabs protest against the Zionist policy in the country where only seven per cent of the population are Jewish and only two per cent speak Hebrew.

### RIDICULOUS REPORT OF GREEK ADVANCE.

LONDON, July 10. British official circles expressed scepticism today at the reports of the intention of the Greek army to march on Constantinople contained in a special despatch from Athens. They recall that when this plan was contemplated by the Greeks last summer, the British Foreign Office informed the Greek Government that any such move would be construed as a declaration of war by Greece upon the Allies and would be resisted with all the military and naval forces at the

### DE VALERA FAILED TO APPEAR.

DUBLIN, July 10. The suggestion that Eamonn De Valera might make a dramatic appearance at the funeral of Cathal Brugha to-day did not materialize. The Republican chieftain, however, is believed to be in Dublin. While the body of Brugha lay in the mortuary chapel at Mater Hospital, six young women, wearing uniforms and carrying rifles, acted as a guard of honor.

## Marion Davies of "The Dark Star" is Beautiful Dancer.

CAREER OF CHARMING PLAYER WHO IS FEATURED AT NICKEL.

Marion Davies who does the finest work of her screen career in the film version of that famous Robert W. Chambers story, "The Dark Star," which is now at the Nickel Theatre began to dance almost as soon as she began to work and her record as a dancer is almost as great as the one she holds undisputed as a beauty whose physical perfections have been internationally acclaimed by the world's greatest masters of the brush. "Being a picture actress is just a regular job," says Miss Davies. "I am at the studio every morning at 8.30; made up for my part before 9.00. I have an hour for lunch and at 5 o'clock I am usually through for the day. Sometimes I work evenings, of course, but I stick to my theory that 'movie work' comprises a regular job."

In the "Dark Star," Miss Davies has a role of exceptional force, that of a girl who is supposedly under the influence of an evil planet. The supporting players are numerous and are all well known in the screen world. The leading members of the cast include Norman Kerry, Matt Moore, Dorothy Green and G. Butler Clonbough.

#### HIS DIARY.

July 10th.—All day busy about business. Having lately followed my business much, I find great pleasure in it, and a growing content. To wait on Hon. Dr. Campbell, and did hear from him of a meeting which the unemployed did hold at Carbonear, and many of them will go to Grand Falls to work. So to the War Memorial Office and did have discourse with Padre Nangle of the Memorial, and what he will do about it. He is going to England tomorrow, so I did bid him goodbye. The weather still mighty cold and the temperature did yesterday fall from 76 degrees to 42 degrees. This indeed strange, nor have I known it before.

#### Drowning Fatality.

##### BOAT UPSET WHILE HAULING SEINE.

Stan Bove, aged 17, son of Mr. and Mrs. Joseph Bove, of the Goulds lost his life yesterday by the upsetting of his boat in which he was seineing caplin. The unfortunate young man went out in Shoal Bay early yesterday morning with two companions and in company with other boats. There was a swell heaving in at the time, and while engaged hauling their seine the boat got caught on a roller and capsized, throwing its occupants into the water. Bove's two companions managed to scramble into the overturned boat where they were rescued by the other boats that were fishing in the vicinity, but young Bove failed to reach the boat and sank from sight before help reached him. The body had not been recovered up to late last evening. The deceased leaves a father, mother, three brothers and three sisters, one of the latter being Mrs. William Wakeham of Notre Dame Street to whom general sympathy is extended.
