

## Squires on Bell Island.

Another Cruel Joke on the Country.

On October 22nd, 1919 Squires' or the Daily Star edited by Dr. Mos-  
told at length what Squires was  
to do if he got in to make the  
Island companies pay a large  
every year in the way of taxes.  
Squires as we know Squires has  
four years in service and  
collected a dollar each year,  
has given the company an exemp-  
tion from the tax because they re-  
fused to work the mines unless he did

normal circumstances the real ben-  
efits of this ore are conferred on the  
Sydney, which have developed into  
great industrial centres, manufactur-  
ing a Newfoundland product.

"The crumbs of the mineral wealth  
of Bell Island fall to Newfoundland-  
ers. The substantial benefits go to  
Canadian shareholders and Canadian  
workmen.

"This unfair situation must be  
rectified. Newfoundland must be given  
possession of her rightful share of the  
benefits of the exploitation of her  
mines and of her minerals. This is  
one means whereby Hon. R. A. Squires  
proposes to increase our revenue  
without increasing the burden of  
taxation already borne by the people.  
Indeed, this is one way in which it is  
possible for him to lighten that  
grinding load now carried by New-  
foundlanders.

"The second aim of Hon. R. A.  
Squires in connection with these Bell  
Island corporations is to ensure their  
payment of better wages to their  
workmen. It is an undeniable fact  
that during the war the wages paid  
men on Bell Island did not increase  
sufficiently to cover the great jump in  
the cost of living. It is also a fact that  
the workmen who get out the ore on  
Bell Island are paid a ridiculously  
low wage as compared with rates paid  
for similar work in Canada or the  
United States. And it is also reason-  
able to insist that corporations reap-  
ing such large profits as they do out  
of Newfoundland's resources should  
pay Newfoundland workmen a much  
higher scale of wages than is the case  
at present."

ELECTORS: This is what Squires  
said in 1919. But what has he done  
since? He has made no attempt to get  
better wages for the workmen on  
Bell Island and he has let the com-  
pany off from paying any tax what-  
ever.

WHY.  
WHY.  
WHY.

## Squires Admits Defeat.

He Sees The Handwriting on  
The Wall.

The frenzied outcries by the Squires  
prove that they realize the  
country is going against him. To-day  
we have it from indisputable evidence  
that Squires admits defeat. They are  
squeezing thousands in the vain at-  
tempt to buy the electorate and all  
they get a campaign fund to enable  
them to carry on. It has become a  
question of misgovernment versus  
good government, and the stakes must  
be high for those now in control to  
be so anxious to hold on to power.

And the stakes are very high. The  
stakes are high positions, high honours,  
big money at the expense of New-  
foundland's independence and the future  
of the country.

Squires admits defeat by his latest  
separate game of political incendiar-  
ism which is being shown up in all its  
errors as the days go by. We know  
now to be able to say that the

record of the Squires-Coaker Govern-  
ment which has cursed this country  
for the past three years, is to end with  
actions that will be in keeping with  
the record of these years. Every at-  
tempt will be made to rob the people  
of the chance to turn them out, but  
the indignation of an outraged elec-  
torate will not be stifled by threats or  
falsehood. We warn every District that  
the only way to get rid of this Govern-  
ment of broken promises is to defeat  
every member of the Executive Council  
from Squires down.

Squires, it is now freely agreed by  
his own supporters, is going to defeat  
in the West End. Warren is just as  
certainly doomed in Fortune Bay.  
Coaker saw the storm coming and got  
out last month. Barnes knew the out-  
look in Harbor Grace was hopeless  
and so he got transferred to Green  
Bay. Halford fears that the end has  
come for him in Trinity. Cave knows
