The time required to complete the full: course varies considerably according to the attendance, attention and ability of each studeat. Yeang men, however, are earnestly cantioned against the place, our motio being 'to business hand for a business the student of the strendance, and injurious predice of hurrying through the course painers by the saving of money in the item of board. Infinitely more advantageous would it be to the student, since his full course of tuition is already paid for, to incur the course of tuition is that such haste entails is highly detrimental not only to the student himself, but also to the Col-problum on Commercial Colleges generally. EMERGENCY MEETING .-- An emergency meeting of Speed Lodge No. 180, A. F. and A. M. will be held in the Masonic Hall at half past seven o'clock.

Corporal W. Hamilton, of the 100th regiment, a young man of marked ability, shot himself at the quarters in Montreal, on Monday night. Attachment for a young lady in Ottawa, not reciprocated, was the cause. All of which goes to prove that Mr. Hamilton was a peculiarly weak minded Corporal.
