TES On the arrival of the Waterbury train at Hartford, Conn., last Wednesday, two ladies stepped upon the platform. One of them, with firm step and quick motion, stepped up to the other, and clenching both hands into her curls and bonnet, pulled sharply and effectively. The bonnet was wrenched away and the hair dishevelled. It was the work of a moment. The attacked party, looking sharply at her retreating antagonist, coolly hurled these words at her: "All right! Your husband will pay for a better bonnet this."

better bonnet this."
Fellows' Compound Syrup of Hypophosphites will speedily and certainly arrest the depressing influence of disease apon the nervos and muscles. It restores the appetite and induces a disposition to take on healthy flesh. It causes the formation of living blood, strengthening the action of both Heart and Lungs. It sustains the system under trying circumstances, and causes the healthy development of all the organs necessary to our existence.

We notice that the agricultural papers all over the country recommend the use of Sheridan's Cavalry Condition Powders.

Farmers and others in this section have long known and appreciated the advantage of these powders over all others.

long known and appreciated the advantage of these powders over all others.

BREARST—Ere's COCOA — GRATEFUL and COMPORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately favored beverage which may save us many heavy doctor bills.—Civil Service Gazette. Made simply with boiling water or milk. Each packet is labelled "James Epps & Co., Homcopathic Chemists, London." Also, makers of Epps's Milky Cocoa (Cocoa and Condensed Milk.)

We all consider iron the embodiment of strength and power, but how few are aware that it is this same element, in the system, that gives us strength and vigor, and that an insufficiency of it causes weakness and debility. The Peruvian Syrup, a protoxide of iron, is prepared expressly to supply this vitalizing element.

There are probably a hundred or more persons in this and neighboring towns, who daily suffer from the distressing effects of kidney troubles, who do not know that Johnson's Anodyne Liniment, is almost a certain cure. In severe cases, great relief may be obtained, if not a perfect cure.
