WILL IT PE LIFE OR DEATH ? Lives in the Balance I

At this very moment there are thousands of men and women whose lives are in the balance. They have come with their weight and burdens of disease, suffering and anguish, to a season of the year that must decide their chances for life or death. They have suffered all winter in badly ventilated houses, and have taken in poisons from the sick room which have fed the flames of disease; and now they hover between life and death.

Physicians have done their best to wrest

and death.
Physicians have done their best to wrest
these sufferers from the bonds of suffering;
and no doubt, thousands have consumed a great variety of the common advertised

virtues. One trial will sufue heart with hope and cheer.

The gentlemen in this city who wear the Queen's uniform and are pledged to take up arms in her defense should occasion demand it, are rather expensive luxuries—perhaps necessities in the present condition of affairs, though many hope the happy millennium of peace will soon come, when they will be no longer needed.

A glance at the auditor-general's accounts for 1891 shows that the maintenance of the large institution in the northeast end of the city, the Infantry Barracks, cost the public treasury during the year in the neighborhood of \$50,000. Of course the largest item is the pay sheet. It amounts to \$30,397 20 as follows:
Lieut. Col. Henry Emith. \$2 221 25 Capt. D. D. Young 1,095 00 Lieut. P. L. Wadmore 1,095 00 Lieut. P. L. Wadmore 1,095 00 Lieut. R. Cartwright. 912 50 Forty-five attached officers, at \$1 per day ... 3,106 95 Five sergeant instructors at \$1 per day ... 1,355 40

Pay for extra work.

149 00

Of this \$1,163 20 was naved by stoppages in pay. The fares and transport of men cost \$127 80; the subsistence of prisoners \$64 98, and minor payments \$78.

Then the trials of prisoners by court martial cost something. Major Beattie's bill for two days was \$16 80, as follows: Cabs, \$2; hotel, 2 days, \$7; 2 days' pay, \$7 80. Majors White, Cowan and Hegler were paid in the same generous preportion.

For provisions, fuel, clothing, furniture and minor other incidentals the sum of \$13,814 26 was required. The residents consumed \$1,063 37 worth of bread, \$2,594 55 of meat and \$2,027 80 of groceries.

The repairs and construction on the barracks for the year added \$2,272 to the

The repairs and construction on the barracks for the year added \$2,272 to the expenditure.

Lieut. Col. Aylmer, as brigade major, received these sums: Twelve month's pay, \$1,200; living \$4 days at \$3.50, \$294; cab hire, \$119.50; fares, \$42.05; postage and stationery, \$18.23. Lieut. Col. Dawson gets \$600 of the \$1,768 spent in this district for public armories. The total cost of the annual drill was \$24,669 \$1. Another item for military stores is \$625 71.

The SEVENTH AND FIELD BATTERY.

The volunteer corps also come in for their share. The Seventh Battalion got \$100 for its efficient band; \$75 for the rifle association; \$320 for drill instruction, and \$55 for its postage and stationery. The battalion drill, 18 officers and 224 men, cost \$1,997.35, and on the drill shed was expended \$539.20.

The London Field Battery is credited with \$1,009.59 for the camp-out of 5 officers and 66 men at Stratford; \$200 for drill instruction; \$53.55 for the Dominion day parade and \$95.40 for a trip to Kingston.

There are other incidentals which foot up considerably.

Among the pains and aches cured with marvelous rapidity with Dr. Thomas' Eclectric Oil, is ear-ache. The young are especially subject to it, and the desirability of this Oil as a family remedy is enhanced by the fact that it is admirably adapted not only to the above ailment, but also to the burts, disorders of the bowels, and affections of the throat, in which the young are specially subject.

Nothing impure or injurious contaminates the popular antidote to pain, throat and lung remedy and general corrective, Dr. Thomas' Eclectric Oil. It may be used without the slightest apprehension of and other than salutary consequences. Coughs, rheumatism, earache, bruises, cuis and sores succumb to its action.
