

EVERYONE IS LOOKING AT THEM...

and the nicest of our large stock of pictures will soon be picked out. Make your selection for Christmas what it was I said to you. Lady Glen sent you a basket of grapes. She says you are to have jelly and wine, or anything you want from the hall kitchen.

E. N. HUNT, 180 Dundas Street

A DEAD HEART

A Love Story.

My darling believed me a stranger, and desired to help me. "Why are you trembling so?" asked the nurse. "You must try to be quiet. You did not know what it was I said to you. Lady Glen sent you a basket of grapes. She says you are to have jelly and wine, or anything you want from the hall kitchen.

"How does she know I am ill?" I asked. "Everyone knows. On that Christmas Day when you fell, half the people ran out of church; and it was Sir Aleck himself who saved you from being taken here. He said you were a stranger, and that you must not be left to die on the roadside."

She did not tell me what I heard afterwards, that when I lay face downwards on the grass, he touched me with his foot to see if I were dead, disclaiming to touch me with his hands. The next minute Mrs. Blithe brought me a basket of grapes, which were lying on green leaves.

"These are what Lady Glen sent. Try to eat some," she said. "I shall send word to Abel that you are better. She went away, and I heard her say the beautiful fruit. My weak hands could hardly raise it, but I covered it with passionate kisses. She had sent it, my darling, my darling, my lost love! If she had but known she was sending it to me!

CHAPTER II.

Abel Blithe's sunny, bright face was soon by my side. "Jamie tells me you are better," he said. "I have never been so pleased over anything in my life. You will get well now."

And his words, instead of filling me with hope, chilled me with despair. I did not wish to recover—I wanted to die. Long after that my head was filled with strange noises. Once when Abel came to me I said, "Do you hear anything?"

"No," he replied. "I do not." "No," he replied. "I do not." "I hear a chime of bells, and they keep playing 'Miriam May Deare' over and over again."

"Miriam May Deare?" said the head gardener, slowly. "Why, that was my lady's name! How could you know that?"

In one moment I was alive and awake to the danger; in one moment my reason seemed to have gathered fresh strength.

"Mrs. Blithe talks so much about her ladyship, it is no wonder that I know her name," I said. And he was quite satisfied.

That made me more cautious. To my fancy for weeks afterwards the bells played "Miriam May Deare," but I never mentioned it.

The days came when, thanks to my good nurses, to their care and kindness, I was able to stand up and to go out—the wreck of myself. Looking in the glass I could not recognize myself—my own mother would not have known me. My face was wan, my eyes were dim, and the crimson scar looked worse than ever. Had I ever been a handsome soldier, I might have been called a "Red Rover."

Let me begin it when the bells were ringing for my father's wedding, and Henry Gordon Fane, an honored gentleman, whose word was as good as the oath of another, brought home his beautiful young wife, my mother, to Culross Hall. The bells pealed, the people cheered, the air was filled with jubilant music, and my mother thought the most brilliant future on earth was hers.

THE RAILWAYS

Increased Earnings of the G. T. R.—New Style of Snow-Plows.

Grand Trunk Railway: Earnings, 15th to the 21st of November, 1939, \$5,294,394, corresponding week in 1938, \$5,211,685; increase, \$82,709.

A meeting of the members of the Canadian Freight Association was held at the Russell House, Detroit, on Monday, with John Earls, of Toronto, president of the association, in the chair.

"WITH BRAINS SIR!"

A great artist was once asked what he mixed with his pigments to obtain such wonderful effects. His reply was: "With brains, sir!"

This would be the real answer to hundreds of people who are all the time asking what Dr. Pierce's medicines are mixed with to produce such marvelous cures. These medicines are the result of Dr. Pierce's thorough professional education; his deep study of the principles of materia medica and of the human physiology in health and disease; and above all his unparalleled practical experience.

"I thank God for giving you wisdom and knowledge, and guiding you in making these medicines," says Mrs. J. A. Ashbrook, of Austin, Georgia, Ga. "After five months of great suffering I write this for the benefit of other sufferers from the same affliction. I doctored with your family physician without any good results, so my husband urged me to try Dr. Pierce's medicines—which I did with wonderful results. I am completely cured. I took four bottles of Dr. Pierce's Favorite Prescription, four of his 'Golden Medical Discovery,' and two vials of his 'Pleasant Pellets.'"

There is no medicine in the world that has helped and cured so many weak and ailing women, as Dr. Pierce's Favorite Prescription. It was devised solely for that purpose by one of America's most eminent specialists in this particular field of medical practice. Any woman may write to Dr. Pierce for advice which will be sent confidentially and absolutely free of charge.

Dr. Pierce's great thousand-page Common Sense Medical Adviser will be sent for the cost of customs and mailing; paper-bound for 31 one-cent stamps, or cloth-bound for 50 stamps. It is a grand and useful book. Address: Dr. R. V. Pierce, 663 Main Street, Buffalo, N. Y.

The meeting was for the purpose, technically speaking, of "revising the Canadian basis" which means that the judgment of freight rates in Canada to rates recently adopted on the American side of the border.

The Grand Trunk are fitting all their locomotives with a new style of their own. These new engines are left on the engine in fine weather, but at this time of the year because of the difficulty of removing them, and also to provide against a sudden change. They are said to work magnificently, going through a drift with the aid of one locomotive as readily as an old style plow backed by two engines. They have the additional advantage of being workable from the engine cab.

RELIEF FOR INDIA

Missionaries Ready to Distribute Bounty—30,000,000 People Are Threatened by Starvation.

New York, Nov. 29.—Rev. J. E. Abbott, of the American board of foreign missions, for 18 years stationed at Bombay, now in New York, makes a summary of Victor Cruxton's report on the famine in India.

"The seriously affected area comprises 559,000 square miles, inhabited by 30,000,000 people. It includes about five-sixths of the central provinces, nearly the whole of the Berars, North Deccan and Gujarat, South and Central Punjab, together with the territories of large native states in Central and Western India. The large group of native states north of Bombay, the Baroda State, the greater part of the Indore State, virtually the whole of Rajasthan, and some minor states in Central India are very seriously affected. The area is larger than that of the famine of 1896-97, but the population affected is less. It is expected that the cost of the famine to the government up to March, 1900, will be about \$5,000,000, aside from advances to agriculturists and the loss of revenue in the affected area."

Now standing all that the government may be expected to do there will still be large classes of the native population that may be saved from perishing by the timely exercise of private philanthropy, and Mr. Abbott says: "The question will naturally arise as to the best avenue for sending relief. Until other relief committees are started, the best avenue for sending relief is through the ready-made distributing agency of this country, The American Presbyterian, Methodist, Episcopal, Canada Presbyterian, Alliance of Christian Churches, and other boards all have missions in the famine area. The time to help is at the very beginning of the famine."

Now standing all that the government may be expected to do there will still be large classes of the native population that may be saved from perishing by the timely exercise of private philanthropy, and Mr. Abbott says: "The question will naturally arise as to the best avenue for sending relief. CANADIANS SMOKE MUCH

The Consumption of Cigars the Past Year Breaks the Record.

Ottawa, Nov. 30.—At the inland revenue department statistics of the consumption of cigars, cigarettes and tobacco are kept, and advance returns show an immense increase for the year ending June 30 last in the quantities of the luxury consumed. The consumption of cigars reached in the twelve months a total of 128,909,992, an increase over the previous year of 15,816,127. Taking the census population of 1931 as a basis, the average consumption per year of 25 cigars for every inhabitant, or, on the basis of city directory compilation, of one adult male for every five of the population, of 125 cigars per annum for each Canadian man. Of the total given 112,953,955 are entered as foreign leaf, 1,021,650 as Canadian leaf and 6,934,387 as combination. Under the heading of foreign leaf tobacco the return shows a total of 7,165,786, against 6,648,328 pounds the previous year; Canadian leaf, 2,186,426 pounds, against 1,897,938, and combination leaf tobacco, 352,205 pounds. The consumption of foreign leaf cigarettes totaled 100,750,828, against 79,663,317 previous year. The foreign raw leaf paid a tax of \$1,007,466, against \$851,786 the year before. This represents a decrease in the inland revenue duty, and does not include that paid to the customs. The figures throughout are of the cigarette and other tobacco which has paid the government tax rather than that actually smoked during the twelve months. The increase in the trade in general is due to the improving times, and to the better circulation of money. The increase in the cigar trade is without a precedent. In 1897 the Canadian tobacco consumption was only 728,001 pounds, so the rapid expansion in this trade to 2,186,426 pounds is apparent.

Now standing all that the government may be expected to do there will still be large classes of the native population that may be saved from perishing by the timely exercise of private philanthropy, and Mr. Abbott says: "The question will naturally arise as to the best avenue for sending relief. WESTERN ONTARIO

A ratepayers' association has been organized in Ingersoll. Thomas Steele, a pioneer of Downie township, died Monday morning. Squire Cunningham, of North Ridge, has been stricken with paralysis. Mr. James Merk and his son, of Southwood, were injured in a runaway recently.

Abram Henry, an Indian, was killed on the G. T. R. track, between Caledonia and Otondago. John Larman, who lives on the Paris road near Ingersoll, cut himself with a razor while making kindling. The 50-acre farm of Mrs. John A. Lamont, con. 6 Grey, has been purchased by James Douglas, con. 16 of Grey, the price being \$2,700. Mr. Douglas gets possession next March.

Matthew Henry Dunham, father of Mrs. Robert Connolly, of Ingersoll, strayed away from home on Saturday, and has not since been heard from. He is 71 years of age, and very feeble.

The Aylmer Canning Company filled an order for Transvaal last week, and have shipped a turkey for the Christmas dinner of one of the Canadian volunteers from Hamilton, now on the way to the scene of war.

Mr. G. N. Arnoldi, discount clerk of the Merchants' Bank at Berlin, has been promoted to the position of teller in the branch of the bank at Kincardine. Mr. H. H. Boulton succeeds Mr. Arnoldi at the discount window. The vacancy caused by these changes will be filled by Mr. C. S. Rapley, of Walkerton.

Orangeville, while practicing shooting, Frank Mason, aged 15, and Geo. Truman, aged 14, became involved in a dispute as to whose turn it was to shoot. In the scuffle for the possession of the rifle it was accidentally discharged, the ball taking effect in Mason's groin and passing upward in his bowels, inflicting a fatal wound.

James Sterling, the Blenheim stock dealer, lately made an experimental shipment of hogs to Buffalo. There is a considerable duty going into the United States, but one firm, which he sold intends buying more heavily if they find the Canadian hog is enough superior to the American hog to return to them the extra expenditure necessary.

About 300 persons attended the laying of the corner-stone of the new Presbyterian Church at Wallaceburg on Tuesday by Robert Ferguson, M. P. P. The service opened by a short speech by Rev. D. Currie, Rev. Mr. Charlesworth, of the Baptist Church, and the pastor of the Bible, Rev. Dr. Cook, of the Methodist Church, followed with prayer, after which Mr. Ferguson had the honor of laying the stone with a silver trowel especially made for the occasion. R. Sutherland, of the Herald, gave the history of the church, and placed the records, etc. In the stone, J. P. Dooittle's patent glass jar, holding some trinkets and the records of the church, was placed in the stone. Rev. D. Currie, pastor of the church, closed with an address.

PARLORS UPSTAIRS.

A Skin of Beauty is a Joy Forever.

Dr. Felix Gouraud's Oriental Cream or Magical Beautifier.

Removes tan, pimples, freckles, moths, patches, rash and skin diseases, and defies defacement. It has stood the test of 51 years and is so harmless we taste it to be sure it is properly made. Accept no counterfeits.

Also Poultice Sublime removes superfluous hair without injury to the skin. F. H. T. HOPKINS, Prop., 37 Great Jones Street, New York.

For sale by all druggists and Fancy Goods Dealers throughout the United States, Canada and Europe.

Oh, They're Good!

The rich, delicate, nut-like flavor of Tilson's Pan-Dried Rolled Oats is not the only thing that always brings the same request for "some more, please," because they contain all of the flesh, nerve, bone and muscle-building elements of a perfect food.

Infants, children, invalids, or a person in the best of health can use them for an exclusive diet, if necessary, because their flavor and wholesomeness makes them an ideal substitute for meats, vegetables and other flesh-forming foods. Best grocers sell them by the pound.

The Tilson Co., Limited, Tilsonburg, Ont.

THE UNIVERSAL FOOD CHOPPER

Chops all kinds of raw and cooked meat better than any other—also vegetables and fruit.

Three Sizes—\$1.50, \$2, \$2.50.
