## AGREEMENT ON SONGHEES RESERVE

Council and Provincial Government Come to Terms Respecting Property.

### A NEW RESERVE IS NOW REDUIRED

Council Is Waited Upon by Delegation From Temperance Societies.

court they would find out that a lay-man's opinion was generally a mistake; and that is where the commissioners made a mistake. He stated that the commissioners oid not purchase the patrol was broken last evening, when the sitting lasted for over three hours. Many matters came up for sonsideration which evoked lengthy discussion. So long did the arguments take that a few minutes before eleven o'clock it was seen that it was impossible to count they would find out that a lay-man's opinion was generally a mistake; and they are now returning rapidly to Canada, having found that Canada now affords better prospects than the United States.

"I met several gentlemen, who told me that they contemplated returning, not because they were dissatisfied with the progress they were making in the it was seen that it was impossible to get through in time. An attempt was made to rush things, in direct contrast to the proceedings the early part of the swening. It was, however, decided to sit ten minutes overtime in order to finish the business. The indian reserve were not the same as the school trustees. He was told by Ald. Yates that they use not. Ald. Stewart moved that communistioners be notified possibly be entered into. The board possibly be entered into. The board with the provincial government with the provincial government could possibly be entered into. The board with the provincial government could that the optic connected in an executive capacity, I would lay down the government could was going to pay for the maintenance. It was the desired by greater results during the attended by greater results during the next few years.

"To apply an accurate system to large contracts, such as the erection of manufacturing plants, sections of rail-ways, and other works of like magnic turde. Standan Northwest, and brought with the manufacturing plants, sections of like magnic turde. The lump-sum contractor will not accurate system to large contracts, such as the erection of manufacturing plants, sections of like magnic turde. The lump-sum contractor will not large contracts, such as the erection of manufacturing plants, section was waited on by a delegation from the femperance workers of the city, who are desirous of having the grocery liquor licenses raised so high as to force them out of business. The delegation was composed of Revs. Gladstone, Hicks. Gibson, Dr. Ernest Hall and Messrs. D. Spencer and H. J. Knott.

In addressing the council Dr. Hall said the committee was from the Royal Templars and Citizens League. He read the resolution adopted at a recent meeting urging the council to cancel that of the show who was going to pay for the maintenance. It was finally referred to the solicities for for report. The city clerk reported that since the last meeting he had received communications from A. J. Kirkpatrick, Adam P. Moffat and Alex. Ferguson, which had been referred to the streets committee.

without some consideration. He pointed out that at the commencement of the year the chief requested an extra six men one of which cost about \$800, whereas the system would only cost about \$200, and it would enable the chief to keep in close touch with the officers. Ald. Yates said it will not be required when all the saloons were closed at 11 o'clock.

Ald Vincent wished to know if there had been any increase of crime in Victoria and was told that there was a decrease.

Ald. Stewart said that it was all very REPATRIATION OF CANADIANS. Ald. Stewart said that it was all very well for the chief to make the recommendation but the city could not pay for it, and if his reports were not carried out, and anything happened he could say, "I told you what would happene if you an not give me this."

His Worship said he felt that they had acted according to their right. He was satisfied with their action and the council could do what they pleased.

Ald. Fell said that there were two opinions—a layman's and a solicitor's. He agreed with the stand taken by Ald. Yates, and if a case were taken into court they would find out that a layman's opinion was generally a mistake; "who have never taken out ititizenship papers, and they are now

# IN CONTRACTING

Mr. Randolph MacDonald a Well **Known Contractor Outlines** His Ideas.

WILL APPLY IN DOMINION OF CANADA

Cost-Plus-A-Fixed Sum" Designed to Ensure Greater Harmony

"Ine leaders in the marvellous development of the natural and industrial resources, iow absorbing attention in the Dominion and the States, have come to realize that speed is the factor which

self of this contract, becomes for the time possessed of a highly trained and systematized organization, a construction department just as compact and smooth running as is any other department of his business. The expenses of this organization is incurred only when its sewiless are required. its services are required.

Owner and Contractor "Under this plan the owner and con-tractor stand in the position of employ-er and trusted department head. More-over, every detail of the work, its cost over. every detail of the work, its cost, its quantity, the manner in which speed is being made are constantly under the owner's supervision. He knows at all times how much and for what his money has been spent. Every fortunate circumstance which may tend to reduce costs—and there are such chances on every iob—benefits the owner and not the contractor. These in short, are a the contractor. These, in short, are a few of the many benefits of the cost-plus-a-fixed-sum contract.

"In order to make the advantages of the cost-plus-a-fixed-sum contract per-fectly clear, contrast this system with the old lump-sum contract. The ownthe old lump-sum contract. The owner who signs such contract really puts his name to a challenge. The contractor is given a lump sum (and there's no mistake about that for performing a matter of the contractor is given a lump sum, and there's no mistake about that for performing a manner. certain piece of work in such a mann that the owner and architect cannot re fuse to accept it. Without, at this time discussing the question of loop holes in the lump-sum contract—and the number of these loop holes is legion—let us consider what the owner pays for this

get.

"There cannot be any doubt that the eyes of Americans are turned towards Canada at the present time, and I am convinced that we will reap many advantages from it in the way of Americans are turned towards convinced that we will reap many advantages from it in the way of Americans settlers and the investment of the properties of

"Moreover, in many cases it is no the cheapest method of building which is the most economical for the owner. He may need the work finished in a makes the difference between success and failure.

"When the country was new and competition segretly avisted the old time before returns can be secured by

"When the country was new and competition scarcely existed, the old, time-consuming methods were well enough, but today, when the successful scheme must be developed on the largest and broadest line, every possible economy in time and its equivalent money is necessary in order to ensure success.

Economy in Time

"These economies in time have been secured by eliminating friction and div-secured by elimi

BEARS ON A TOPIC IN

Vancouver Takes a in Matter of Lgiuor Tra

ALL LICENSES ARE

Report of Meeting terest to Many City.

(From Wednesday At a meeting of the council on Monday eventumost radical, increases wilduor license fees. Hotel last year were \$250, were each; wholesale, from \$75 sale beer licenses, includin bottling works, from \$75 if such there be after July two amounts remain unch restaurants, which were slicenses, at \$400. Temp which are hardly ever call unaltered, being \$50 per creases will make a diffe \$24,000 in the revenue.

The News-Advertiser in the meeting, says: 

over \$60,000. On the same toria, the revenue should be To derive a revenue so the last mentioned figure an enlargement of the licens be so radical it might rend able. At the present time hotels and saloons, 10 shor works, and 8 brewers with the city of Vancouver. If grouped into two classes, on ing hotels, saloons and sho cense fee of \$600, and the hand brewers at \$250, this revenue of \$45,250 per ye view of the Senttle and Vict will probably strike your he very moderate.

This conclusion has been ter a thorough discussion tion of the figures and facts. G. F. In committee of the who acting mayor in the chair moved that the fee for hot \$600. He said this should be a matter of revenue, and the was not in proportion to the by the liquor traffic. Beside received in this city did not that of any city on the coas Ald. McDonald said tae ness of hotels was to sell bars were in the most cons He was of the opinion the

ness of hotels was to sell bars were in the most consider was of the opinion the could well pay the raise.

Acting Mayor Bethme saitaken into consideration, the tobe no more saloons afte the proprietors of these ply put to considerable expense houses conform to the by-lating the case, he questioned it oudd to this expense by reso much this year, and sugincrease be made now and year. In Seattle, with while he was to license for purpos Re said the council had with the action of the bottom with the council had see what was to be gained present saloons add a few be able to sell liquor. If it vocated that hotel accommodity was insufficient, it would inferent. In Ontario the lift to be made \$1,000, and he be was best to have it high. The buy a license in the cit purchased for \$600, and with the council charge what it.

An amendment was moved millan that the fee for he lift they were able to pay \$6 able to sell, a license cobought for that. As it we privilege was legislated to carich them. The council he take into consideration the commissioners.

As far as the action of the missioners were in the about. As far as the action of t

commissioners.

As far as the action of the missioners went in the about ioon, Ald. Williams favored for the missioners went in the about ioon, Ald. Williams favored for extraining the its much as possible, and would high iteense.

The high license would neving, Ald. Morton declared, exhibit pour child, it was poliquor fairly pure, but these increase in fees, it was only continent of Europe there was not license for beer and light in Answerp he had to hunt see a drunken man. When easiful, there were no native an Englishman and a Scotsn far increase was made, it out of the consumer. The properties of the consumer of the properties of the consumer. The properties of the consumer of the consumer of the raised, but the quality were. He said the license should stop this trafficking. The only way he knew of ho liquor traffic was to charge water and give whiskey and it would soon be found the would take to water.

"In the old days," Ald. Moduled, "free whiskey used to ed on election days, and yet man choose the water. And was company the company of the said for the Hotel and Saidon, keep the council. He said for the Hotel and Saidon Ke and in opening said the understand that the matter than and in opening said the members of the association of the said gone forth that have to be changed to hot license, and one man had stall have to be changed to hot license, and one man had stall have to the contrained to the license, and one man had stall have to be changed to hot license, and one man had stall have to the contrained the council that the matter was unfair to raise the feast and the properties of the society of the council that the matter was unfair to raise the feast and the might say, at the license and one man had stall have to be changed to hot license.
