I have personally taken samples from a large quantity of your Granulated Sugar, and find it to be of the highest quality, and I find these samples to be as pure as any sugar I have ever analyzed. The fact that the sugar is so pure is due to the fact that you use the best quality of Pure Cane Sugar, which is so well known and appreciated throughout the world. Yours truly, G. P. THE Doherty ORGAN

UNEQUALLED

THAT THE Doherty Organ Has no Equal

has again been demonstrated, this time by the Society of Science, Literature and Arts of London, Eng., who on April 16th of this year, after a thorough examination, made the following award.

REPORT ACCOMPANYING THE MEDAL.

Excess of praise is hardly possible when speaking of this new and superiorly beautiful design, which is intended to meet the demand for a more expensive and elegant instrument, together with a most superb action. This organ is of most substantial and pleasing proportions, and of a style of finish suitable in any situation. In pleasing balance of proportions, practical utility of form, richness of ornamentation and delicacy of finish, this instrument will not only compare favorably with the best but surpass all organs of any make; while its strength and purity of tone, variety of expression and freedom of action, it is far in advance of anything yet produced.

SIR HENRY V. COLE, Hon. Pres. Society of Science, Letters and Art, London, Eng. REV. IRWIN COATES, M.A., Hon. Sec.

This certainly shows that the Musical Bachelors and Doctors of Oxford and Cambridge Universities know something about an organ.
