Coveleskie Holds Sox While His Indians Hit Faber

Cleveland Stays in Fight for Pennant, While Yankees Are Idle

CHICAGO, Sept. 30.—The Cleveland Indians, fighting desperately to-day to retain their place in the American League pennant chase, refused to bow to the pitching prowess of "Red" Faber, pitching star of the White Sox, and batted out a 3-to-2 victory. The game was a thrilling pitching duel between Stanley Coveleskie and Faber, who was attempting to win his 26th victory of the season. Coveleskie was untied at the start when Chicago got away to a one-run lead in the first inning. After two men were out, Collins singled to center and Hooper followed with a single to right and Collins scored when Sheehey singled to center. Coveleskie settled down and was given sensational support in the next two innings, but in the fourth he lost control and Hooper was passed, Sheehey worked him for a count of 2 and 2 and then hit to left for two runs, scoring Hooper. A quick double by Gardner and Sewell and Mulvaney's fly to Gardner ended the inning. Faber pitched invincible ball until the fifth inning, when the Indians got the range. Gardner opened with a single and Sewell followed with another single. Burns fanned and Faber walked O'Neill, filling the bases. Coveleskie's long fly to Hooper scored Gardner and left O'Neill at bat. Jameson's single to right scored Sewell, and when Wambsgans singled to center, O'Neill counted. Faber held Cleveland to seven hits, four of which were made by Jameson, who had a perfect average.

Brief Sport

Harry Batstone is one of the most sought for athletes in Toronto to-day. He is a member of the Argonauts and the Hilarious, one a football and the other a baseball team. Both teams have important games to play this afternoon and he hopes to be able to participate in both games, playing the first period with the Argos against the Hamilton Tigers at Varsity Stadium, and the whole game at third base for the Hilarious in their game with Oshawa at the Island Stadium.

The Woodbine closes its gates after the sixth race to-day for the year and will not reopen until May 20, 1922. The horsemen will ship their nags to the Island and the last Canadian Racing Association meeting will be staged at the Kewlinworth Jockey Club, beginning on Wednesday next.

Eddie Seagram, of Waterloo, must have been proud on Thursday when his two English-breds, Sphere and Brilliant, ran first and second in an entry to win the Seagram cup, donated several years ago by his father, Joseph E. Seagram, to the Ontario Jockey Club.

Mike McFigue, middleweight champion of Canada, is reported to be all set for a fight with Willie Wilson, middleweight champion, into a titular contest. "There is no doubt that during the past few months McFigue has fought himself into a position where Wilson must step into the same ring with him," says Bob Edgren.

By winning his seventh pennant for the New York Nationals, Manager John J. McGraw tops all other managers in the number of pennants. He was tied at six with Connie Mack, of the Philadelphia Americans, until he piloted his first National League title under McGraw in 1904. They repeated the feat last year, when they won their first and only world's championship. They won the league title in 1911, 1912, 1913, 1917 and 1921.

Victory for the Yankees on Thursday, Cleveland's defeat, was as good as medicine for Babe Ruth's cold that kept him indoors. Babe had a bad cold, but a day's rest and the tonic of a victory for New York and Cleveland's defeat must have worked wonders, as he joined his team mates and tried to increase his home run record at Philadelphia yesterday.

Catcher Styles, of the Baltimore club, will not be allowed to figure in the post-season series between the American League and National League. Styles was only a recent acquisition and for that reason will not take part in the games, which begin at Louisville on next Wednesday.

St. Louis Nationals ended the hopes of some fans entertained for money by the Pirates to land the pennant, and Bill Deneck at Pittsburgh home-brew, pitched the Cardinals to a 4-to-0 victory in the first game on Thursday. The Pittsburgh Nationals cannot place the blame on anything else but their weakness at bat for their dismal slump during the last six weeks of the race, as their pitchers have been holding their opponents to a minimum number of runs in every game.

The loss of Billy Southworth and Nicholson, two heavy-hitting outfielders, brought "Rabbit" Maraville to the Bucaneros, has been felt, as they were two of the heaviest hitters in the league.

It is expected that many outside tennis players will arrive in London next week for the Western Ontario tennis championships. Owen Sound, Listowel, St. Catharines, Windsor, St. Thomas, Hamilton, Kitchener, Woodstock, Stratford, Sarnia and Goderich players have signified their intention of entering.

BARTRAM CUP FINAL.
The Eureka Lodge meets the Forest City Lodge in the final game for the Bartram trophy at Tecumseh Park this afternoon. The teams will play baseball.

Junior Hockey Organizes Again For Kitchener

Strong Committee and Plenty Good Material Available

KITCHENER, Sept. 30.—Kitchener will be represented in the O. H. A. by a husky team of juniors and no time will be lost in beginning training operations. Instead of electing a staff of figure-heads as officers of the club, three well-known hockey supporters have been appointed as an executive, consisting of H. W. Sturm, E. O. Ritz and C. H. Kaplin. This committee will act in an advisory capacity. The affairs of the team will be looked after by the following officials: Manager, Norman Johnson; secretary, L. Krueger; treasurer, E. L. Hearn; trainer, W. White. Among last year's players available are: Frank M. Hearn, W. Molson, Gross, J. White, A. Forwell, A. Schell and W. Hass.

Outscore London Rowing Club Rinks by Five Shots on Their Own Lawn

The London Thistle Club bowlers continued their trophy capturing antics last night when they wrested the Ardiel challenge cup from the London Rowing Club by a five-shot victory in a two-rink competition at the L. R. C. lawn. Albert Trick's quartet defeated Captain Macdonald's rink by 11 to 23, but Fred N. Allen's combination of two down three shots in their match with William Hyde's rink, the score being 22 to 19. Summary: London R. C. J. C. Ross, W. Jensen, W. H. Rath, W. Stallard, J. C. Boyd, J. ATTACKS ACQUISITIONS BY JAPS IN PACIFIC

Rear-Admiral Sims Characterizes Award as "Hamstringing of United States in Pacific."
NEWPORT, Rhode Island, Sept. 28.—Japan's acquisition of Shantung and the Caroline Islands, as rumored by the Japanese, was characterized as "the hamstringing of the United States in the Pacific," by Rear-Admiral William S. Sims, U. S. N., in an address at a Baptist church gathering here. He declared that the United States remains free from attack by Japan because of Japan's lack of bases on this side of the Pacific. The acquisitions of the Japanese, however, Admiral Sims said, provide a means of cutting the United States' communications with the Philippines.

Admiral Sims said the peace of the world depends on a proper understanding among the English-speaking peoples of the world. He referred to the disarmament conference and the influence the English-speaking nations would have. He said that affairs in the Pacific will be discussed in this conference. "China is sure to be the bone of contention," the admiral said. "It is dollars to doughnuts that the powers will agree to guarantee the integrity of China and to maintain the Hay policy of the open door. Japan may or may not consent to judge for herself, but it would be the most comfortable for her." Admiral Sims talked on "Co-operation." Among other things he said that the guarding of the eastern seaboard of the United States with 2,000 airplanes, with a similar number on the Pacific coast, would make the country impregnable to naval attack.

GERMAN ECONOMIC SITUATION PUZZLING

WASHINGTON, Sept. 29.—The United States is interested in and puzzled by the economic situation in Germany and the probable outcome. Officials refuse to speak for quotation, but the reports of experts recently made have formed the basis for much conjecture, which, as a matter of fact, leads nowhere. There are no precedents to judge by. It could not have been imagined that at this length of time after the war practically all the man-power of Germany should be employed to judge of the value of any value, especially as the amount of paper currency is being added to daily in large quantities.

With the German mark worth less than a cent, it is hardly possible to consider German money as of any value, especially as the amount of paper currency is being added to daily in large quantities. Recently Germany has been turning out all but worthless paper money with the greatest recklessness, and the mark has accordingly been depreciated. Here and there, for certain purposes, stores of gold have been turned up and used and it may be that that method of doing business can be resorted to more generally, but it does not seem possible to stabilize the currency at the rate at which things are going now.

Hockey League Has Its Ideas On Amalgamation

Discuss Plan With M.A.A.A. Officers, But Further Action Depends on Tuesday Meeting

There was a lengthy discussion when the prime movers of the Manufacturers' Amateur Athletic Association discussed the proposed amalgamation of all sports throughout the various seasons with the representatives of the Manufacturers' Hockey League at Brisco's store last evening.

The hockey officials contended that while the object of the M. A. A. A. is to foster only activities for bona fide employees in various branches of sport under their plan, it was found impossible to secure sufficient teams for the hockey league and it was found necessary in the past to open the way for non-industrial organizations. But most of the hockey teams, in one way or another, could be grouped as industrial. No decision was reached last night and the meeting at the Y. M. C. A. Tuesday night next should develop some interesting discussions. It is planned to bring about amalgamation of all industrial sports in the city under chief executive with contributors from the various branches.

Testimonial To Matty Nets Him Over \$40,000

Former Giant Pitching Star Is Reimbursed for Past Services

NEW YORK, Sept. 30.—Old-time members of the New York Giants defeated the National League leaders to-day with a 11-to-8 victory over Sarnia Collegiate. Both teams were good shape and gave the spectators very much of an open form, and runs and good exchange of punting featured.

The teams: Sarnia—Full, Hanna, halves, Brown and Simpson; flying wing, Ed. Robinson; quarter, Goodison; scrimmage, McDay, 2 to 8, in a five-inning game, the proceeds of which will go to Christy Mathewson, former Giant pitcher, who is recovering from tuberculosis. Jeff Tereau had the bulk of the twirling for the Old-Timers and Warner caught. The Giants' battery was Ryan and Gaston. Score: Old-Timers.....010 10—2 9 0
Giants.....000 00—0 0 0
A crowd of 20,000 witnessed the game. A ball autographed by President Harding, Vice-President Coolidge, Babe Ruth, Mathewson and George Kelly was auctioned off for \$250. Another ball autographed by Hans Wagner sold for \$250. The Giants' game with Boston, which was to have followed the contest with the Old-Timers, was called off on account of a heavy rainstorm. Despite the disappointing weather, between \$40,000 and \$50,000 was realized for the Mathewson fund, officials of the Giants stated to-night. Included in the amount will be \$25,500 rain insurance that was taken out with a British company by the committee in charge of the testimonial.

MOVIES TO GET MAINES PLAY NOW

CLEVELAND, Sept. 30.—Nick Altrock and Al Schacht, baseball's famous comedians have signed a contract to enter the motion picture field under the auspices of the All-Star Service League of America and Canada. It is planned to have Ring Lardner, Jack Lait and Bud Fisher write the scenarios.

PLEADS GUILTY TO CHARGE OF FORGERY

Man at Ingersoll Sentenced to Burwash Farm.—Subscription Artist Fined \$100.

INGERSOLL, Sept. 30.—Harry Dickson was to-day sentenced to two years less one day at Burwash Farm by Magistrate Paterson on a forgery charge to which he pleaded guilty. Dickson forged a cheque for \$210 on a Thamesford bank, using the name of a local man.

Willam Dunn, a Toronto magazine subscription canvasser, was fined \$100 for having secured subscriptions under false pretences in Dereham Township. He took a subscription for a magazine which he purported to be a London periodical. Crown Attorney McMullen, of Woodstock, prosecuted in both cases.

CONFIDENT OF GAIN IN THE MEMBERSHIP

C. of C. Drive Halted Because of Weather, But Workers Sure of Outcome.
Bad weather yesterday interfered somewhat with the success of the Chamber of Commerce membership drive. A goodly number of new and renewal memberships were received, but as the day's first of next week. No reports will be issued until the canvass is completed, but last evening the organizers of the campaign were confident that when all returns are received the gain in membership to the chamber would be well up to the goal set.

BARN AND CONTENTS DESTROYED BY FIRE

ALLENFORD, Sept. 30.—While threshing was being done on Monday a barn and contents belonging to R. J. Nixon, of Lindsay Township, Bruce Peninsula, were totally destroyed by fire. The fire started in the straw shed, but the cause is unknown. A new screen had been put on the smokestack of the engine that morning and it is said the fire may have been caused by a hot box. The men in the barn had barely time to get out.

SUCCESSFUL ENTERTAINMENT.

RODNEY, Sept. 30.—A successful entertainment was held in New Glasgow Presbyterian church, near here, on Wednesday evening. The program consisted of music and solos by the McPherson Quartet, Campbell; readings by C. Shaw and solos by Mrs. A. G. Duncan, Dutton; comic selections by Gordon McPherson and Sinclair Duncan. The proceeds, \$18.25, was in aid of the expense fund for the W. M. S. society.

BOOST MILK PRICES.

WOODSTOCK, Sept. 30.—Eleven cents a quart will be charged for milk in this city to-morrow. This is an increase of one cent a quart. The raise is attributed by the Dairy Company to the failure of the cereal crops in this vicinity and the high price of feed. Milk was 13 cents a quart here a year ago, when the farmers received \$1 more a hundredweight for their milk.

RAIN PUTS END TO FAIR AT STRATFORD

Races Called Off and Entry Money Refunded—Midway Lost Business Yesterday

STRATFORD, Sept. 30.—The directors of the Stratford Fall Fair decided this year on a four-day exhibition, but the weather man decreed that three days were enough. After three days of glorious sunshine, the rain set in during the night and continued with fey and brief intervals to-day. The track having been converted into a quagmire, with racing out of the range of possibility for several days, the officials decided to call off to-day's card and refund the entry money rather than postpone the events. As all the stock judging and other typical fair features had been concluded on Thursday, the rain automatically ended the fair. The midway was left stranded in the rain, losing a full day's business. Had to-day been the fair would easily have established new records in attendance and proceeds. Even with the last day canceled, however, the exhibition will pay its way.

About 60 members of the various sections of the G. T. R. staffs at Guelph, Kitchener, Stratford and other points, met at the local Y. M. C. A. at 10 o'clock this morning to attend two lectures bearing on railway work. The first lecture was by J. E. Dempsey, of Chicago, who spoke on the use and application of the Dempsey telegraphic code. Mr. Dempsey is a telegraphy expert. It was he who formulated a code for the use of the United States Government during the recent war. The second lecture was by A. H. McMullen, of Toronto, and dealt with the handling and transportation of explosives and inflammable materials.
