

EXPECTS MORE TO COME TO CANADA

Indications of Increase in Immigration From Britain

C. N. R. DIRECTOR'S VIEW

Reports of Good Crops Have Aroused Interest

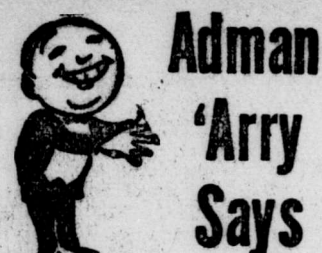

MONTREAL, Oct. 31.—"Conditions in Great Britain indicate that there will be an increase in the number of immigrants and of families leaving the island during the coming spring for the purpose of taking up land and of working in the various parts of Canada, as well as engaging in agricultural work," stated W. J. Black, director of the department of colonization, agriculture and natural resources C.N.R., in discussing immigration matters on his return to Montreal following a brief journey to England.

"The fine crop gathered in this season's harvest has received a great deal of publicity in the British Isles," said Dr. Black, in explaining the increased interest in Canada, "and naturally people appreciate that a country which can produce such an abundant crop should offer excellent opportunity to those who want to live and work upon the land. The stories of the crop have created a direct appeal and this very desirable news spread rapidly, aided by direct reports from successful settlers contained in letters to friends and relatives."

CROP NEWS APPEALS

Dr. Black expressed the opinion that news of good crops made the best possible appeal and said that this had been made manifest by the rapid increase in the number of inquiries regarding Canada received by agents of the Canadian National Railways throughout the British Isles.

While in England the director found that the various projects designed to aid in the transfer of desirable people

Adman 'Arry Says

from one country to the other were being well advertised, thus helping in spreading a knowledge of Canada and its land. In this connection Dr. Black was gratified to learn that interest in the correspondence course for intending settlers had not only been maintained but was showing an appreciable increase. Many members are enrolling to follow the course of printed lectures and obtain the privileges which are offered.

This special course was initiated by the colonization department of the C.N.R. for the purpose of placing before intending settlers in a concise form the special features of agriculture in Canada, and to enable them to note such differences between conditions and usage as exist. From the very beginning the plan has proven very successful. There are now in Canada a considerable number of agriculturists who attest to the usefulness of this novel and effective method of disposing of what might otherwise prove a difficulty if not indeed a real problem.

PRODUCTION RECORD AT FORD PLANT BROKEN

DETROIT, Nov. 1.—The greatest production figure in the history of the Ford Motor Company was reached on Friday, when 9,017 cars and trucks were turned out.

More than 200,000 cars will have been assembled in October when yesterday's check-up is completed, officials of the company said. It will be the first time such a figure has been reached in a similar period.

This achievement is remarkable when it is recalled that 60 days ago assembly of cars had halted, while materials for the improved types were being shipped to branches. Since that time production has steadily risen from practically nothing to record-breaking heights.

DETROIT MERCHANT DEAD

DETROIT, Nov. 1.—Joseph J. Crowley, president of the Crowley-Miller Company here and prominent in Detroit merchandising and social circles for years, died at his home, 243 Lakeview avenue, Grosse Pointe Village, today after a week's illness.

POTATO PRICES AT DETROIT JUMP

Speculators Blamed For the Sudden Increase

50 TO 70 CENTS A PECK
\$15 Per 150-Pound Sack By Spring Predicted

DETROIT, Nov. 1.—The retail price of potatoes in Detroit yesterday ranged from 50 to 75 cents a peck, following Friday's sudden flurry in the potato market. Further increases in price are expected, produce dealers said.

At a retail grocery in the downtown section potatoes are selling at 70 cents, while the lowest price quoted, 50 cents, is at a grocery outside the city limits. Farmers received from \$1.75 to \$2 a bushel at the markets. Officials of companies operating chain stores would not discuss prices. The C. F. Smith Company stated it had been unable to purchase any potatoes on Saturday at all.

Two other big concerns declined to comment on the situation. Officials of the Smith Company blame speculators for the shortage and the rise of prices. The L. H. Turnbull Company, wholesale produce dealers, reported some sales being made at \$6.50 for a 150-pound sack. (There are 60 pounds in a bushel.) The crop is short because of the recent freeze, they said, and farmers are holding on to the potatoes which already have been dug, hoping for still higher prices.

Potatoes will sell for \$15 for 150-pound sacks by spring, according to members of the firm of Edward Read & Son.

MEDICAL MEN ATTEND DEMONSTRATION HERE

An interested gathering of medical men from various parts of Western Ontario assembled at the office of W. E. Saunders & Co. on Friday afternoon to hear the latest news in the domain of physio-therapy. Dr. H. D. Storms, of Hamilton, Dr. Storms has devoted a great deal of attention to the treatment of diseases by the newer modes of electrical treatment, utilizing also the curative rays of heat and light generated by the highly ingenious machines which have been perfected in the laboratories of H. G. Fischer & Co., Chicago, Ill.

After Dr. Storms' address was concluded there was an exhibition of slides and movies illustrating actual operations and their wonderful results and the visitors dispersed feeling that their time had been very advantageously spent.

ANNIVERSARY CELEBRATED

KINGSVILLE, Nov. 1.—The anniversary services of the opening of the Anglican church was held here on Sunday. Rev. Canon Collins, of Sarnia, delivered a fine sermon at the evening service, while the rector conducted the morning services. Large congregations attended both the services. Special music was given by the choir.

ANNIVERSARY AT CHURCHES IN CITY

Large Congregations Attend Special Services

REVIVAL OF CHURCH WORK
Speakers Urge Need of Vigorous Christianity

Anniversary services held in many city churches yesterday were attended by large congregations, due in measure, no doubt, to the beautiful weather that made its appearance. Colborne United Church saw exceptionally large crowds at both morning and evening services, while the Sunday school also attracted an extra large attendance. Rev. V. T. Mooney, M.A., of Chalmers Church, Woodstock, preached morning and evening. Adelaide Street Baptist Church was also well filled for the two main services of the day and the Sunday school classes were well attended. Beecher United Church, where special services were also held, was the scene of large crowds, while Wellington United Church saw larger congregations than usual. All Saints' Anglican Church was another church that celebrated anniversary and Rev. A. A. Bice, the rector, preached to large crowds in the morning and Rev. Dean Tucker in the evening.

A spirit of thanksgiving filled the atmosphere at all these churches and the day's offerings were exceptionally large in every case. Church union and the future of the new church was the theme of addresses from each pulpit, with the exception of All Saints' Anglican, but the same spirit of thanks for the success of the years that have passed and fervent prayers for the future marked all services.

COLBORNE STREET UNITED

Rev. V. T. Mooney, of Woodstock, at Colborne Street United Church, used as a theme for his address "The Faith That Makes Men Strong." The world is always at a loss, he said, to understand the persistency of religious people, and invariably they think that the faith of these people is but fanaticism. The people of God have no visible proof and they are compelled to rely entirely on their assurance that their work will triumph.

This was true, said the speaker, all through the ages, but invariably proof had been given by the faith was great enough. Mr. Mooney referred to the life of Jesus and His adherence to the truth to the tortures of crucifixion. In the days of early Christianity, Christians against the Roman Empire God had not failed to reveal Himself, nor at the reformation with its great spiritual revival.

"Those who put their faith in God will not be put to shame," he declared, expressing the opinion that the Christian world could be built because it is already making itself manifest even in spite of dark times and unrest existing at the present time. It was necessary, however, that Christians live a Christ-like life, speaking out the truth at all times regardless of consequences. And Christians must do this most faithfully day to day if they are to meet with success in the future of the United Church.

ALL SAINTS' ANGLICAN

At All Saints' Anglican Church the day was in commemoration of the construction of the present church building in 1907. Beautiful and impressive decorations served to increase the dignified aspects of the interior. Rev. William Lowe preached in the morning, at which service there was a rally of Sunday school students.

The Very Rev. Dean Tucker preached at the evening service. There was special music at both services.

The 18th anniversary of the present building found large congregations and Rev. A. A. Bice, rector, received many congratulations on the successes the church of All Saints had enjoyed under his pastorate.

At Wellington Street United it was the Sunday school anniversary, the big day of the year, for Rev. J. W. Hibbert, pastor; John T. Wallace, Sunday school superintendent; James Cresswell, director of music; and Ewart B. George, the latter two of whom provided an excellent special musical program. In keeping with the occasion. There was an orchestra of 50 players.

Rev. W. E. Wilson, of Toronto, preached in the morning and evening services, while Rev. J. B. Hunter, B.D. of London, delivered a special address to the Sunday school in the afternoon. An organ recital followed the evening service.

ADELAIDE STREET BAPTIST

"Diffusing Fragrance" was the title of Rev. J. H. Slimon's sermon at the morning anniversary service of Adelaide Street Baptist Church, which service was broadcast. Continuing his series "Under the Stars" the sermon preached in the evening, he preached of the "Stars of Bethel." At 2 P.M. Bible classes were held.

At the evening service a special soloist from Windsor, in the person of Miss Agnes Calderwood, delighted a large congregation.

BEECHER UNITED

Yesterday Beecher United Church, formerly the First Congregational, celebrated its 88th anniversary. Rev. C. S. Miller, M.A., B.D., preached on "Our Sacred Inheritance." I Chron., xl, 19: "He would not drink it."

"We go back," said Mr. Miller, "to the time of war, when David, worn and suffering, called for a drink. After much danger and delay two of his bravest men secured water from the well near to the camp of the enemy and brought it to David, and just here is one of the finest episodes in the life of David. At the cost of so much sacrifice he could not treat this lightly—to satisfy his own need. Instead, he poured the water out as an offering and an oblation to his God."

"There are many things in our lives which should be so sacred that we dare not treat them lightly. Everything that is worth having in life is purchased at an enormous price. Demos-thenes, tortured by physical impediment and weakness, became the greatest orator the world has produced. How has Britain won her naval supremacy? Kipling tells us it is blood, the price of admiral, Lord God, we've paid it all."

"In Canada to-day the security and sanctity of our homes have been purchased by the sacrifice, the tears and bloodshed of the pioneers."

"We lack moral courage to-day. Is it because we have not the stamina of our forefathers?"

"We must ever honor the men and women who individually and in organizations have kept the fires of religion alive in this sanctuary. This church, as all other churches, can claim its beginning from the day Augustine and his monks landed holy fires upon the shores of Britain. More particularly we, in London, date the beginning of our organized church from over 900 years ago, when our riders from Hamilton came, through the district, stopping at Odell's Corralists or Independents."

LINK WITH EARLY DAYS.

Then came Rev. Joseph Silcox, who founded the first Congregational church at Frome, which lately celebrated its centenary, with Rev. J. B. Silcox, D.

Paris Women of Distinction and Charm Choose

D'Orsay Perfumes and Creams

This old French House of D'Orsay has identified itself with the manufacture of Rare Perfumes, Face Powders, Creams and other Toilet Requisites and, until recently, their products have been absorbed entirely in Europe.

SMALLMAN & INGRAM, LIMITED, London, Canada, Feature D'Orsay Lines

D'Orsay Toilet Waters and Lotions Have the Same Charm As the Perfume

There are many French flower essences combined to make D'Orsay Toilet Waters and Lotions the high standard they maintain—and even the less concentrated of these has an enduring fragrance. Bathe the face, neck and arms with it before dressing for the evening, spray a little on the hair—you will be conscious of a feeling of exhilaration and the delicious odor will be with you, faintly, all the evening.

These are the first selection of odors of D'Orsay Toilet Waters and Lotions:

"Rose," "Charme," "Ceillet," "Cypre," "Ganika."

D'Orsay Perfumes

When you buy perfumes do you simply buy perfumed water or D'Orsay Perfumes of Essence of Real French Flowers, of which a tiny drop lasts much longer than many of the ordinary kind? The faintest fragrance of any D'Orsay Perfume possesses an indescribable "Memory Value"—a complete identity with one's individual charm of person.

Five Perfumes of D'Orsay of Favorite Acceptance; these sold to you in any quantity from bulk.

"Chevalier," "Fleur de France," "Charm," "Ganika," "Trovjours Fidele."

D'Orsay Has Solved the Difficult Problem of Face Powder

D'Orsay Face Powders have unusual adherent qualities and makes the constant use of a puff unnecessary—exquisite in odor and delightfully soft in texture, which promote a healthy condition of the skin.

The two favorites of all D'Orsay Face Powders are Jasmín and Le Parfum, in the many tints.

D'Orsay Cleansing and Vanishing Creams

Presenting Creams for building up a beautiful skin and preventing the ageing of the face. Wrinkles once formed are the despair of every woman, but wrinkles have one arch-enemy—Oil! That is why D'Orsay Creams are so effective in warding off wrinkles. Use both D'Orsay Cleansing and Vanishing Creams.

D'Orsay Brilliantine

for the man or woman who dresses their own hair after a shampoo—gives the hair an unusual and very beautiful luster. Whenever the hair is inclined to fly or stick up, smooth a little D'Orsay Brilliantine on the palms of the hands; then pass the hands lightly over the hair—it adds charm to your personal appearance.

D'Orsay Perfumes In Gift Boxes

Novelty bottle containers—an ornament for any dressing table—various sizes and designs. A choice of D'Orsay outstanding odors.

SMALLMAN & INGRAM LIMITED

Have You a Man to Look After?

See the closed chest—protection for the pneumonia point.

— then you will be interested in PRUE'S — the new knitted Union Suit that will give your men-folk greater protection and greater comfort than any they have ever worn.

PRUE'S are made with just one button—at the back, easy to reach, and sewed on to STAY. That means a completely closed, one-piece front — perfect protection for the Pneumonia Point. There's a double thickness over the kidneys, too — another danger-spot effectively guarded.

And PRUE'S are made by "Knit-to-Fit" — for twenty-five years makers of Women's knitted garments, outerwear and underwear, of the same superior materials and manufacture, fit and finish.

You can buy PRUE'S for your men-folk with complete confidence.

In various weights of cotton, wool mixtures and pure wool, priced at \$2.75 and higher.

F. Fitzgerald, rendered excellent numbers, while Miss M. Shrieber and Miss Myrta Jones delighted the large audience with solos. A social evening will be held to-night.

TAVISTOCK AROUSED BY PETTY THEFT SERIES

TAVISTOCK, Oct. 31.—A series of petty thefts culminating in a \$35 robbery at the Tavistock Cheese and Butter Company on Wednesday night has aroused the community, and local police are running down every clue in an effort to catch the gang believed responsible for the crimes.

The discovery of large tire tracks outside the cheese factory has led the police to believe that a truck was used by the persons who made the Wednesday night raid. That they were after bigger game than money is evidenced by the signs of

the attempt made to gain entrance to the curing-room, where a large quantity of butter and cheese are stored.

Though armed with crowbars taken from the home of a C. N. R. section-man near by, the thieves were unable to gain entrance to the curing-room of the factory.

BREAKS LEG IN FALL. MOUNT FOREST, Oct. 31. — Miss Martha Corley, of Elgin street, fell on the sidewalk near her home last night and broke her leg near the thigh.

Callouses Get rid of them this safe, sure way. Stops the pain at once. At drug and shoe stores Dr. Scholl's Zino-pads The only pads that give
