

WOMENS' NEGLECT

SUFFERING THE SURE PENALTY

Health Thus Lost Is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nervousness, sleeplessness or other female weaknesses.

These symptoms are but warnings that there is danger ahead, and unless heeded a life of suffering or a serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Clara Beaubien, of Beaufort, Quebec, writes: "For several years I have suffered with a female weakness which proved a serious drain on my vitality, sapping my strength and causing severe headaches, bearing-down pains and a general worn-out feeling, until I really had no desire to live. I tried many medicines, but did not get permanent relief until I took Lydia E. Pinkham's Vegetable Compound. In two months I was much better and stronger, and in four months I was well; no more disagreeable discharge, no more pain. So I have every reason to praise the Vegetable Compound, and I consider it without equal for the ills of women."

For twenty-five years Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, has under her direction and since her decease, been advising sick women free of charge. Her advice is free and always helpful. Address, Lynn, Mass.

WHEN you think of clothing you think of the Swift Bros., who for twenty-two years and more we have been hammering away at the CLOTHING BUSINESS and each and every year we are doing better, little improvement here and there, better linings and trimmings, better interior in the way of canvas and enterlings those you cannot see, but the finish and mould of the shoulders as a collar and the way the coat keeps its shape denotes the best of everything. This week we open another big shipment of imported Tweeds and suitings direct from the Old Country. Suits from \$14.00 to \$20.00, ready about Monday. SWIFT BROS., DIRECT IMPORTERS

HORSE BREEDING IN ONTARIO.

Report of Inspectors Who Made Special Investigations.

The report of the inspectors appointed by the government to make a special investigation into horse-breeding in Ontario has been published by the department of agriculture, and is now ready for distribution. It is largely statistical, and gives at considerable length details of the work of the commissioners in every county in the province. Opinions gathered in interviews with private individuals and at public meetings as to what should be done to improve the breed of horses are included. In all the counties the census of opinion was in favor of stallions being licensed and registered, and the inspectors in their reports favor the passing of an act to that effect. In many counties the horses were not of a good class and one cause of the determination of the breeds was held to be the syndicate system of buying and dealing in so-called first-class animals for breeding purposes. At a number of the public meetings held it was urged that more attention should be given at farmers' institute meetings to the question of improving the quality of provincial bred horses.

Toronto growing.

It is estimated that at the same rate of assessment growth in wards 4, 5 and 6, as has been shown in the first three wards of the city, the total assessment will show an increase of more than \$2,000,000 over last year. At 18 1/2 mills, would mean about \$370,000 added to the city's revenue from taxes. If the population increases on the same scale the increase this year will be more than 18,000.

A Helpful Book.

Professor (to graduating class in college—"Young man, there is one more question I would like to ask, and that is, what books have helped you most in your struggles for an education?" Young Sead's (promptly speaking up from the foot of the class—"Dad's cheque book has helped me about as much as any of 'em, so far."

When Illness Comes.

Have you near at hand a remedy that will alleviate pain and help till the doctor comes? A wise thing is to have right in your home a bottle of "Nerviline" which gives instant relief, and prevents disease from spreading. Nothing known for the stomach and bowels that compares with Nerviline. For cramps, indigestion, heartburn and headache, it's indispensable. For fifty years Polson's Nerviline in 25c bottles has been a family stand-by. Get it today.

Fell Into Scalding Water.

Toronto, Ont., Sept. 5.—Two-year-old Irene McLaughlin, Balmuto street, was so badly scalded yesterday that she died today from her injuries. She was playing around her mother, who was washing, and walking backward fell into a pail of boiling water. She was taken to the hospital for sick children today, but died at 10:30.

Killed in his Stable.

Meaford, Sept. 3.—Mr. Joseph H. Taylor, of Grierenville, a farmer, 46 years of age, was trampled to death by one of his horses while removing the harness after the day's work.

Minnie Turner Remanded.

Toronto, Sept. 5.—Minnie Turner, who is accused of the murder of Rose Wiltzer, by performing an illegal operation was before the police magistrate today and was remanded for a week.

Rheumatism Almost Killed Her.

For years Mrs. S. Stahlschmidt of Humboldt, Ont., was a martyr of rheumatism. "I was so stiff and lame I could scarcely walk," she writes. "An attack striking my limbs made walking impossible. Friends and doctors gave prescriptions but I only got relief from Ferrozone. I took twelve boxes and gained from the first. Today I am well, feeling stronger, weigh heavier and look the picture of health." Whether muscular or inflammatory, chronic or otherwise, Ferrozone does cure rheumatism and sciatica, 50c per box at all dealers.

LOCAL OR OTHERWISE.

THE wages offering farm help in the West are from \$35 to \$45 for experienced men, and for inexperienced \$25 to \$30.

THERE is a great falling off this season in the number of young men who are joining the harvesters' excursions to the West.

THE woman who made a pound of butter from the cream of a joke, and a cheese from the milk of human kindness, has since washed the close of a year and hung 'em on a bee-line.

A STALK of corn brought in by Mr. R. M. Brown, who lives about one mile west of the village, measures 11 feet, 6 1/2 inches. This is the longest corn that has been brought into the town this season.

IT is probable that the bye-elections to fill vacancies in the house of Commons will be held about the middle of September, probably on the 18th or 19th. Nominations will be a week earlier. There are four vacancies, including London.

THE wholesale price of all large sizes of coal has advanced ten cents per ton in London and elsewhere. This however, is only the usual monthly advance in the wholesale price of coal throughout the summer.

THE Michigan Central railroad has issued special instructions in regard to the handling of explosives. Every trainman has been supplied with printed orders as to the care he must exercise in the handling of dynamite, nitro-glycerine and commodities of the kind. The document is voluminous and the men are kicking because it states that any slip in the orders will mean instant dismissal from the service.

THIS is the time of the year when a sentimental mother appears at the school house with her sissy boy and tells the teacher that he is very high spirited, and must not be whipped, that he can be ruled by kindness and kisses. And this is the time of the year when the boys in school make note of what the mother says, and resolves to thump the sissy boy as soon as they catch him on the play ground.

THE rule so generally observed by the railroads burning the old ties as soon as they have been replaced by new ones, was promulgated some years ago. An accident occurred on the Great Northern railroad several years ago and it was afterwards proven that it was due to the presence of rotten ties found beside the track which had been previously replaced by new ones. Since then it has been the custom to burn all ties as soon as they have been replaced by new ones despite the requests of needy persons to use them as fuel.

A FORM of farmers' co-operation that has been tried for several years, in various parts of the country, is what is known as the syndicate threshing outfit. A number of farmers, sometimes 10, often 20, join together and buy a threshing outfit with latest improvements. These farmers meet and elect their officers who hire the men necessary to operate the machine. Outside farmers are charged for all the work they do at the regular rates. And each member of the syndicate is also charged for regular day rate. At the end of the season the shareholders meet and the books are closed. After all expenses of operation are paid and such payments as are due on the machinery the balance goes in the form of a dividend upon the stock.

THE thirteenth annual convention of the Sarnia District Epworth League and Sunday School will be held at Wyoming on Sept. 19 and 20. Over 800 programs for the event have just been issued. To the credit of the Sarnia District they send a missionary to China—the Rev. Mr. Jolliffe. Each church is entitled to send two delegates who will represent both League and Sabbath School. Rev. E. W. Edwards, of this place, is conference representative and he is doing his utmost to make his convention the banner one. Mr. Edwards is also on the program for Friday morning from 11.20 to 11.40 on "Relationship of League and Sunday School to Local Option."

THE report for the lunatic asylums for the Province of Ontario for 1906 gives the following statistics regarding the London asylum.—There were 1,000 persons there last year, 527 females and 563 males, of whom 20 were discharged as cured and 6 improved. The total admissions since the opening of the institution were 5,261 of whom 1,359 were Methodist, 1,294 Presbyterian, 995 Episcopalians, 907 Catholics, 460 Baptists, 46 Unitarians and the balance of other denominations. In nationalities, 3,330 were Canadians, 718 Irish, 663 English, 429 Scotch. Heredity, business troubles, worry and intemperance are given as causes of their insanity and between 40 and 50 years of age are most frequent admissions.

Barn Burnt.

Comber, Ont., Sept. 5.—The barns of Mr. Arthur Holmes, about three miles from Comber, were struck by lightning during the storm about 11 o'clock last night, and were consumed, with the contents, which includes about all the season's crops. Two small stacks near the barn were saved by the efforts of those present. There is no insurance, and Mr. Holmes is a heavy loser.

Fatal Fall From Car.

Toronto, Ont., Sept. 5.—R. C. Moyle, a farmer's son from Paris, is lying in St. Michael's Hospital in a critical state through falling off a car at ten o'clock this morning. Moyle and another Paris man named Mason were riding north on a belt line car, when the former tried to move back from the middle of the car to the smoker. The car was going fast and he fell off onto the asphalt. When picked up he was unconscious and it is thought that he will die.

George Ferguson's barn, near Caledonia, was struck by lightning and destroyed. The seating capacity of Colborne street Methodist church, London, has been increased by 1,000.
