## RHEUMATIC SUFFERERS

May Obtain Relief by Enriching the Blood Supply.

In the days of our fathers and grandfathers, rheumatism was thought to be the unavoidable penalty of middle life and old age. Almost every elderly person had rheumatism, as well as many young people. It was thought that rheumatism was the mere effect of exposure to cold and damp, and it was treated with liniments and hot applications, which sometimes gave temporary relief, but did not remove the trouble. In these days there were many cripples. Now, medical science understands that rheumatism is a disease of the blood, and that with good, rich red blood any man or woman of any age can defy rheumatism. There are many elderly people who have never felt a twinge of rheumatism, and many who have conquered it by simply keeping their blood rich and pure. The blood enriching qualities of Dr. Williams' Pink Pills is becoming every year more widely known, and the more general use of these pills has robbed rheumatism of its terrors. At the first sign of your blood, which is shown by loss of appetite, dull skin and dim eyes, protect yourself against further ravages of disease by taking Dr. Williams' Pink Pills. They have helped thousands—if you give them a fair trial they will not disappoint you.

You can get these pills through any dealer in medicine or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## LITCHFIELD

Mr. and Mrs. Montford McCall, who have been visiting at Delap's Cove, with Mr. and Mrs. Richard McCall, have returned to their home in Lynn, Mass.

## ROMANIA MAKES INTEREST PAYMENT ON LOAN

Ottawa—The Department of Finance confirmed cable reports from London to the effect that Rumania has made a payment of interest on her loan from Canada. The amount paid is \$479,000, being the interest on the loan up to October 1st. It is paid under a new agreement which was announced by Minister of Finance Fielding in the House of Commons last February. At the time of the announcement, Mr. Fielding stated that Rumania had paid nothing under the old agreement. He stated that the principal amounted to \$20,449,104.

## WOMEN FROM FORTY TO FIFTY

Will Be Interested in Mrs. Thompson's Recovery by Use of Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—"Lydia E. Pinkham's Vegetable Compound has done me good in every way. I was very weak and run-down and had certain troubles that women of my age are likely to have. I did not like to go to the doctor so I took the Vegetable Compound and am still taking it right along. I recommend it to my friends and to any one I know who is not feeling well."—Mrs. THOMPSON, 333 Lisette St., Winnipeg, Man.

When women who are between the ages of forty-five and fifty-five are beset with such annoying symptoms as nervousness, irritability, melancholia and heat flashes, which produce headaches, dizziness, or a sense of suffocation, they should take Lydia E. Pinkham's Vegetable Compound. It is especially adapted to help women through this crisis. It is prepared from roots and herbs and contains no harmful drugs or narcotics.

This famous remedy, the medicinal ingredients of which are derived from roots and herbs, has for forty years proved its value in such cases. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Women who suffer should write to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario, for a free copy of Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women."

Evening Session: Opening Song—"O Canada", by three schools. Public Speaking Contest—Lucy Armstrong. Song—"Lullaby"—Marjorie Delap. Archdeacon Watson said that often teachers were paid small salaries, had poor equipment and had to handle different grades. Taking these things into consideration, he thought the results obtained in many cases were really wonderful. He thought they should receive both sympathy and encouragement. The children should be well trained at home. The parents should see that their children learned their lessons at home and thus aid the teacher. We should have good

## SCHOOL FAIR AT LOWER GRANVILLE

A school fair was held in the community hall at Lower Granville, under the auspices of the Women's Institute, Oct. 3rd, afternoon and evening, at 3 p.m., the three school viz. Stoney Beach, Island and Karsdale, (who participated in the affair) paraded from the Island school house, each school carrying their respective banners and singing a marching song. Prof. L. A. DeWolfe, who was introduced by the President, Miss S. E. P. Elliott, formally opened the fair.

Then followed a recitation by Mildred Orde, "A Mortifying Mistake", and a health drill by pupils of the Karsdale school.

An interesting Health Talk was given by Mrs. F. F. Smith, Granville Ferry. The posters which she used for illustration in her work were done under the supervision of Miss Gene Bogart (one of our own girls who served as nurse overseas with distinction during the great war). Mrs. Smith, in referring to them, pronounced the work excellent. She emphasized nine points to be remembered and observed by the children, viz.:

- (1) Exercise every day out of doors.
- (2) Drink at least four glasses of water every day.
- (3) Eat some leafy fruit or vegetables every day.
- (4) Eat some leafy milk as possible.
- (5) Brush your teeth every day.
- (6) Take your bath more than once a week.
- (7) A bowel movement at least once a day.
- (8) Keep our weight up to our height.
- (9) Sleep long hours with windows open.

Recitation—"The last charge" Nellie Bauckman.

Reading contests, Grades V and VI: VII and VIII, conducted by Mrs. James E. Thorne.

Address—Rev. R. B. Thomas.

He thought the watchword had been "Excellence". The fair was ahead of last year. He expressed deepest sympathy for family in our community but bereaved. It also afforded him great pleasure to be associated with others in this great work, especially Dr. Hall, who for several generations had sent out many men and women who were doing a noble work. The Women's Institute had a great opportunity. To be living in this age was a privilege, to maintain highest moral standard, we must emphasize not only care for the social and the beautiful, but the intellectual as well. He thought it would be a good thing for the Women's Institute to provide scholarships for pupils who wished to go farther. "Give us tall men who live above the clouds." Try to beat your own record, make a standard for yourself.

Spelling Bee words given out by E. H. Porter. Mrs. J. B. Hall acted as referee.

Mr. Harvey (entomological laboratory) Annapolis Royal, was next introduced. He thought the exhibits very creditable indeed. He made a few suggestions to have the exhibits more of a uniform size. He thought it would be nice to make a collection of insects and weeds. Ploughing and harrowing were for the purpose of pulverizing the soil so that the water may more readily reach the roots of the plants. Nitrogen, phosphorus and potash were necessary to render the land fertile.

Little leaves, good night, Johanna Chisholm.

Prof. DeWolfe spoke of the improvement of work exhibited. He suggested more reading of poetry and less of prose to overcome the habit of poor reading. He advised the children to follow directions more closely. The Health Posters were excellent as in many cases a child merely recites from the book; but when he sees the posters, it is more deeply impressed on his mind. In cutting out the figures their hands are trained to use the scissors. The practice they get in printing helps them to be better spellers. Train the children to do the right work at the right time.

Recitation—"Play up and play the game"—Richard Thorne.

Dr. Hall stated that as the hour was getting late he would speak very briefly now. He thought the kindly helping greater than all this.

Archdeacon Watson complimented them on their work exhibited and he thought these fairs gave the children a chance to express themselves.

Song—"We'll never let the Old Flag Fall"—Island school.

Evening Session: Opening Song—"O Canada", by three schools. Public Speaking Contest—Lucy Armstrong. Song—"Lullaby"—Marjorie Delap. Archdeacon Watson said that often teachers were paid small salaries, had poor equipment and had to handle different grades. Taking these things into consideration, he thought the results obtained in many cases were really wonderful. He thought they should receive both sympathy and encouragement. The children should be well trained at home. The parents should see that their children learned their lessons at home and thus aid the teacher. We should have good

## IN COURT ON RIOTING CHARGE

Oklahoma City, Okla.—Grand Dragon N. J. Jewett, the highest officer of the Ku Klux Klan in Oklahoma, was arraigned in court for preliminary hearing on a charge of rioting in connection with a flooding here a year ago, in which he is alleged to have participated.

He is the first officer of the secret organization to fall into the net spread by Governor Walton for those alleged to be responsible for mob violence and masked depredations in the state.

Grand Dragon Jewett was arrested Sept. 21st, on the basis of evidence adduced by a military court which functioned under the governor's decree of martial law.

## CLASSES IN HOME NURSING FAVORED BY THE RED CROSS

Montreal—The Central Council of the Canadian Red Cross Society, at its meeting held here, passed a resolution favoring the establishment of classes in home nursing throughout Canada. These classes will be arranged for and conducted under the direction of the Provincial divisions in the several provinces and special grants will be made to the provincial divisions sufficient to cover 50 per cent of the cost of such work for a period of a year.

In connection with the Japanese relief fund, it was stated that British Columbia had supplied \$7,000 in cash and \$2,500 in supplies. Ontario showed a possibility of nearly \$150,000 being raised there. Quebec would give about \$20,000. Nova Scotia reported \$5,000 already raised. Good progress was reported from the other provinces.

NEW STEAMSHIP SERVICE IS NOW INAUGURATED

Making her first call at this port in the inauguration of a new steamship service between Toronto, Montreal, Halifax and St. John, the steamer J. H. Plummer, Captain L. Legendre, arrived here from Montreal early yesterday morning with a full general cargo. The steamer docked at Pictou and Black's wharf, the local agents for the new line.

The J. H. Plummer, formerly the Van Eyck, is owned and operated by the Kirkwood Line Limited, with head offices at Toronto. She is a vessel of 992 and 1,682 net and gross tons respectively and was built at Newcastle, England, in 1903.—Herald.
