

CANADIAN WEEKLY NEWSPAPERS

The annual meeting of the Canadian Weekly Newspapers' Association will be held in Convocation Hall, Toronto, on June 5, 6, and 7. After the sessions 150 of the newspapermen and their wives will leave on a trip overseas, making a tour of England, Scotland, Holland, Belgium, France, including Paris and Versailles and

the battlefields. The Empire Press Union and the English Newspaper Society are co-operating in the Old Land to make the visit to the Canadian newspaper visitors a very enjoyable event. The party sails on June 11th from Montreal on the C. P. R. steamship Melita.

Every bride is in duty bound to consider her husband the best man at the wedding.

NICTAUX.

Miss Nan Chipman entertained a number of her young friends on two successive Saturday evenings, the 22nd and 29th ult.

A reception and shower were given Mr. H. Parker Munro and bride on the 3rd inst. at the home of Mr. and Mrs. Frank M. Chipman.

Mrs. W. W. Crawford, our esteemed post-mistress who has been for some time suffering from an affection of the throat on the 3rd inst., accompanied by Mrs. Isiah Bruce, went to Kentville for an X-ray.

Mrs. C. C. Ruggles, and two children have returned home after visiting her parents, Mr. and Mrs. Fulmer of Bridgetown, for a week.

Mr. Zebert Morse is having the interior of his house remodelled and renovated throughout.

A genuine surprise was given Mr. Henry Lockwood when a number of the young folks invaded his home on the 8th inst. and wished him many happy returns of his birthday. Mrs. Lockwood was equal to the occasion and served dainty refreshments, ice cream, etc. A jolly time was enjoyed by all.

The April meeting of the W. M. A. S. met with Mrs. Harry Morse with a large attendance. The programme which was an Easter one, was very interesting and inspiring. Mrs. Allen and Mrs. Arthur Bartheaux rendered very beautifully a duet "Consider the Lilies" and Miss Maxine Morse sang a solo which was much enjoyed. At the close the usual missionary tea, prepared by the hostess was served and a social hour enjoyed.

Parker Munro went to Berwick on Thursday returning Friday.

MOTORISTS TO APPEAL

MAGISTRATE'S DECISION

Lunenburg—Fraser Gray, and his son Elliott, of LaHave, who were convicted by Stipendiary Magistrate here on the charge of driving an automobile on the highway in violation of the provisions of the Motor Vehicle Act, have appealed the Magistrate's decision. The appeal will be heard in County Court. It is understood the appellants will attack the validity of the provision under which they were convicted.

HEROIC SEVEN YEAR OLD ST. CROIX BOY SAVES TWO YEAR OLD BROTHER FROM DROWNING.

The hero of the hour at St. Croix yesterday was Russell Spence, the seven year old son of Mr. and Mrs. Kenneth Spence, who hauled his two year old brother Owen out of the rapidly flowing Scott's brook, thereby saving the life of the little chap who was rapidly floating toward the St. Croix tidal river and a watery grave.

Russell, aged seven, was on his way home from school when he met on the Rocks Road his little sister and baby brother Owen. While playing the little two year old fell into the brook, which was full to the banks and running swift and strong toward the nearby St. Croix. The child fell on his back and floated under the bridge and under a barbed wire fence, held up by his heavy clothing. Russell ran alongside the bank screaming at the top of his lungs for help, but never losing sight of his baby brother. The brook runs through Mr. Spence's property and the mother and grandmother hearing the screams rushed to the rescue. Before they reached the side of the brook, the child had floated near enough to the bank for Russell to grab him by his hair and haul him ashore where he was received by his grandmother apparently uninjured and fully conscious but terribly frightened. The spot where Russell hauled the little one out was about opposite their home and about 200 yards from where the child fell off the bridge. A short distance farther on the brook empties into the St. Croix River.

The heroic seven year old lad deserves a "Humane Medal" which we trust the citizens of St. Croix will take steps to secure in the near future. Such an act of heroism deserves the highest recognition from the Humane Society of Canada.—Windsor Tribune.

SIXTY THOUSAND MINERS ARE IDLE.

Operators And Union Officials Unable to Agree on Wage Scale.

Washington.—Sixty thousand miners were declared by John L. Lewis, President of the United Mine Workers, to be out of employment as a result of inability of operators and miners' Union officials to reach an agreement on the basis of the wage scale recently negotiated from the Central Competitive field. An additional 10,000 in South Western Kentucky probably will cease work April 14th when an armistice now in effect expires.

Mr. Lewis said those out of work included 40,000 in Missouri, Kansas, Arkansas, Texas and Oklahoma; 5,000 in Southwestern Kentucky and Tennessee; 10,000 in Southern West Virginia; and 10,000 in Canada.

The longer a man remains a bachelor the more some sensible woman doesn't want to marry him.

LOWERED VITALITY

A Condition Following Indoor Confinement of Winter.

There are very few people who do not need a tonic at this season of the year. The reason for this is that whether in the home, the office or the factory, people have been living throughout the long winter months in an atmosphere more or less vitiated, and as a result find themselves not up to their summer-time health. Through the long months of winter your blood has been growing thin and poor. Closer confinement and lack of exercise have used it up and exhausted it. You are not as energetic as you could wish. Your work tires you and perhaps your digestion is none too good. Your nerves may be shaky and your appetite poor. All these things point to poverty of the blood. It is a scientific fact that in the blood of the strongest is tested in the spring there is less of it and it is poorer than it was in September. The spring medicines of our grandmothers—sulphur and molasses, salts and the like—recognized the necessity for aid at this season, but were an unscientific attempt to cleanse the blood. Modern medical science has found a better way. Dr. Williams' Pink Pills make new, rich blood at the first dose and at every dose afterwards. Thus they strengthen every organ of the body and give new vitality to the faded system. Here is proof. Miss Clara Cheslock, High Falls, Que., says: "I was in a much-run down condition and my blood was thin and poor. I took Dr. Williams' Pink Pills, and I must thank you for the good they did me. I never enjoyed better health than I have since I took them."

You can get these pills through any dealer in medicine, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

FALKLAND RIDGE.

Wesley Kaulbach of Bridgetown was the week-end guest of his brother Stanley Kaulbach on March 29th to 31st.

Kathleen Spurrill spent March 30th at Lake Pleasant, guest of her friend, Jean McNary.

Cynthia Tufts of Simpson's Corner, who has been assisting in the care of Mrs. H. Whynot for the past week, has been called home by the illness of her sister.

The Amateurs presented their play "The Village Post-Office," here in Kaulbachs hall, evening April 1st.

Mrs. Lucy Hendry is quite poorly with Dr. Kenny in attendance. Last Saturday evening April 5th, while see-sawing with her brother, little Willa Sproule had the misfortune to fall breaking her arm midway between wrist and elbow.

On Sunday evening April 4th, Mrs. Hiram was taken suddenly ill with an attack of acute indigestion.

Mrs. Harry is still very ill, gaining very slowly.

Joseph, Buddy of Henstford and daughter Viola arrived at Harry Whynots on Monday, April 7th. He returned home the same day, his daughter returning home on Thursday.

Edgar Oickle and Gordon Kaulbach started for Lancaster, Mass., Friday the 11th.

Fewer actors would be out of work if there were not so many people on the stage who are not actors.

HOW TO GET HYDRO POWER AT ONE CENT!

Parties Practically Agreed Upon That
Price For Sheet Harbor Energy
To Company.

New Glasgow.—At a conference held Saturday of members of the Pictou County Power Board, consisting of Dr. Whitman, chairman, Don. F. Fraser, secretary, A. R. Chambers, James Floyd, Engineer Preston and Solicitor Mackay, with representatives of the British Empire Steel Corporation, consisting of George D. Mac Dougall, chief engineer, and J. Martelleur, electric engineer, an agreement was drawn up. It is practically agreed that the British Empire Steel Corporation will take three million kilowatts of hydro electric power at one cent per K. W. H. It is also understood that the corporation are willing to make a five years contract on this basis. The price, of course, is below the cost at which the power can be produced and is a favorable one for the corporation, and should enable them to practically electrify the steel mills and car plant. It should also have the effect of reducing costs at the plant and result in greater efficiency in operation.

The power is expected to be ready for delivery here about May 7th, or three months later than promised. It is a vindication of the position of ex-Councillor W. F. Fraser, who at the time of the ratification meeting protested against the precipitate way in which the citizens were being hurried into ratifying agreements which they had not a sufficient length of time to study; and who also stated his confident belief that the power would not be ready for delivery until May. Time has proven the correctness of his statements as given to The Herald some months ago.—(Cor. Hx. Herald.)

Before marriage a man years for a woman; after marriage he earns for her.

Spring Is Here!

VICTORY.

Some of the people have been getting their wood sawed, as Mr. Delbert Wagner, of Bear River East has been here with his gasoline saw.

Mr. and Mrs. Johnna Simpson spent Sunday with their daughter, Mrs. Stewart Potter, Clementsvale.

Miss Lillian Campbell spent the week-end with her parents, Mr. and Mrs. William Campbell, Bear River, (April 5th, and 6th.)

Sorry to report Mr. Kenneth Millery no better.

The Darras steam mill has resumed operations again, being closed down all winter. There is a large pile of logs in the yard awaiting the saw and more to be hauled there as soon as the roads get settled. So the output from that mill alone, will be no small item.

Mr. and Mrs. Melbourne Cropsow of Bear River spent Sunday, April 6th, with friends at this place.

Jim Brown says when the road builder encounters boulders or rocks he does not let them swerve him from his course. Do you?

COST OF SCHOOL BOOKS WILL BE REDUCED.

"The cost of school books will be reduced if at all possible," declared Premier Armstrong in the House of Assembly yesterday, and he intimated that the proposed reduction will be "quite one third." In the course of a few days he hoped the new price list would be available.—Chronicle.

CAR CATASTROPHES.

Ben Higgins never would be passed. He bragged his car's endurance. He passed six cars with backward glance—

His wife has his insurance.

Here lies the body of William Jay.

He died maintaining his right of way.

Listen to only one knocker—Opportunity.
