

# BUFFALO PUMPS

STEAM — POWER — CENTRIFUGAL — TURBINE

10" Vertical Pump 25 H. P. Motor

Illustration shows one of thirteen units furnished the U. S. Reclamation Service for irrigation work at Deerfield, Kansas, U.S.A. Guarantees of efficiency were greatly exceeded and the pumps are a noteworthy example of the careful design and execution of an important order entrusted to the makers for high efficiency sustained throughout life of the pump.

## Reach The Principal Contractors Through The CANADIAN ENGINEER

Municipal Contracts should be let at the lowest possible figure. You cannot secure low bids unless you place your proposition before a large number of contractors. The larger the number, the greater the competition and consequent saving. More contractors look for proposed work in

**THE CANADIAN ENGINEER**

than in any other engineering publication in Canada

**CANADIAN ENGINEER**

**ONLY CIVIL ENGINEERING PAPER IN CANADA**
