COLLINGWOOD FAIR

Editor Review,—

IT is with much pleasure that I have to inform you that the poultry committee have been granted a sum of money to furnish coops and arrange for the exhibit of poultry in the machinery hall of the Great Northwestern Exhibition. This building is 110 feet long and 35 feet wide, with two wings attached and plenty of good light and ventilation. Every effort will be made to make this year's the grandest exhibition ever held. Mr. Sharp Butterfield is expected to officiate as judge.

We are using the sizes for coops you sent me some time ago. Many thanks for your kind assistance. Hoping to have the pleasure of a visit from you at our coming exhibition.

THE PEOPLE'S HORSE, CATTLE, SHEEP AND SWINE DOCTOR.—Containing in four parts clear and concise descriptions of the diseases of the representative animals, with the exact doses of medicine for each. Edited by WILLIAM H. CLARKE. Illustrated. Extra cloth binding. Price \$1. M. T. RICHARDSON, Publisher, New York.

A book on diseases of domestic animals, which should present a description of each disease and name, the proper medicines for treatment in such condensed form as to be within the means of everybody, has long been recognized as a desideratum. The work before us appears to cover the work completely. The information is arranged so as to be easily accessible—an important consideration. Each disease is first described, then follows the symptoms by which it may be recognized, and lastly is given the proper remedies. The different medicines employed in all diseases are described and the doses required are given. The book is copiously illustrated, including engravings showing the shapes of horses' teeth at different ages. An elaborate index is a valuable feature.
