Miscellaneous.

A LITTLE sweet oil and beeswax rubbed on mahogany polishes it up beautifully.

A few sprigs of celery tops placed about a dish of cold sliced meat make it look more palatable.

EVERLASTINGS for winter bouquets should be picked before they are quite open, tied up in bunches and hung in the shade to dry.

A pretty pedestal on which to stand a basket of flowers has the top, base, upper and lower parts of the shaft covered with red silk plush. In the centre is a band of black, wrought in irregular zigzags of gold, with flowers and foliage in silk embroidery.

—Lydia E. Pinkham's Vegetable Compound is a most valuable medicine for ladies of all ages who may be afflicted with any form of disease peculiar to the sex. Her Remedies are not only put up in liquid form but in Pills and Lozenges in which form they are securely sent through the mails.

TO CRYSTALLIZE PLUMS.—Take one pound of loaf sugar, dip the lumps into water and place them in a kettle. Let it boil, skimming it carefully until it candys. Dip the fruit into this while it is very hot; then put the fruit in a cool room. Stems of raisins and bunches of grapes may be treated in the same way. Halves of pears crystallized are delicious.

ALMOND MILK.—Blanch one pound of sweet almonds with half a dozen bitter ones. Pound them to a pulp in a marble mortar, adding now and then a spoonful of water to prevent the almonds from boiling. Add a quart of water to them and stir well. Let the emulsion stand half an hour in a cool place, then strain through a napkin and sweeten to taste.

A SUCCESSFUL RESULT.—Mr. Bloomer, of Hamilton, Ont., suffered for many years with a painful swelling upon one of his legs, which baffled all attempts to heal until he used Burdock Blood Bitters, which speedily worked a perfect cure.

ROSE CAKES.—Of cookies are made of the whites of two eggs, one large cup of milk, one cup of sugar, half a cup of butter, two scant teaspoonfuls of baking powder; flavour with rose, use flour enough to make a thick batter; butter small tins, and put the batter into them until they are half full. Bake in a quick oven, while they are hot; before you take them from the tins dust powdered sugar over them.

POLY POLY PUDDING.—One cup of sour milk, one egg, one tablespoonful of dripping, three small teaspoonfuls of baking powder; mix stiff and roll thin in an oblong form; spread fruit plentifully over the pastry and, beginning at one end, roll the crust over the fruit. Envelope in a pudding bag, or wrap in a towel, and place in a vessel of boiling water. Let the pudding boil briskly an hour. Serve hot, with sauce. This is an excellent recipe for cherry, raspberry, whortleberry and blackberry pudding. It is quickly made and is wholesome and delicious.

It is generally admitted that there cannot be anything more exquisitely delicate for performing the household duties than MURRAY & LANMAN'S FLORIDA WATER; but its great and distinctive property is its adaptability to the uses of the bath. It is the only perfume that we know of especially and particularly suited to use in this way. The power it has of imparting to the waters of the bath great soothing, refreshing, and invigorating effects, is peculiar to itself.

A "VEGETARIAN" supper, the object of which was to give a practical illustration of the economy with which life could be maintained on vegetable diet, was recently set before some prominent persons in London. The supper consisted of three courses, accompanied by brown bread and a cup of cocoa for each guest. A "hotchpotch" soup was first served. It was composed of potatoes, turnips, carrots, leeks, celery, green peas, parsley and butter. It was palatable, and it is claimed for it that it is nutritious. The next dish was a pie made of haricot beans, flour, onions and butter; and then followed the sweets—a hot mess of rhubarb, rice and sugar. The cost of the meal was less than \$6, being at the rate of six cents each person.

PROMPT MEASURES.—Prompt means should be used to break up sudden colds and cure coughs in their early stages. Hagyard's Pectoral Balsam does this most speedily and effectually.

Scott's Emulsion of Pure Cod Liver Oil, with Hypophosphites, In General Debility and Emaciation.

Is a most valuable food and medicine where the appetite is poor, and the ordinary food does not seem to nourish the body. This is easily digested and assimilated and gives strength and vigour to the enfeebled body.

None genuine without a bunch of green Hops on the white label. Shun all the vile, poisonous stuff with Hop or "Hops" in their name.

Croup and Throat and Lung troubles are treated successfully with Allen's Lung Balsam.

A YOUNG CHICKEN OUT OF AN OLD ONE.—Parboil the chicken, and when the wing—the toughest part of any fowl—can be pierced with a broom-splint without effort, take in out of the kettle, drain it well and cut in pieces as for a frittée. Put one pint of cream into a large frying-pan; let it become heated, then lay the chicken into the pan. Let it cook in the cream until it is all of a rich brown; then pour the cream out into a small saucepan, put a lump of butter in with the chicken; after it melts, turn the chicken over, so that it will be browned alike on both sides. Thicken the cream with a little flour, and serve as gravy in a boat; or, after putting the chicken on the platter, pour the cream over it.

NO MATTER.—No matter where pain, lameness or soreness exists, Hagyard's Yellow Oil taken or applied will give immediate relief, and a positive cure quickly follows its use.
