

# OGILVIE'S FLOUR.

\*\*\*\*

THE NAME "OGILVIE" is its own guarantee of quality. These brands of flour are WARRANTED, and command the highest price in all markets by reason of their superior "strength" and "purity." The fact of other brands being represented to you as made exclusively from the choicest selected wheat, and offered at less money, is no guarantee of their merit in comparison with OGILVIE'S FLOUR. Many of the so-called and inferior brands of Patent Flour on the market to-day are made from the best wheat, but the product mutilated and killed in the process of manufacture. The fact of building a mill, putting in the best machinery, and grinding only the best wheat is no guarantee of quality.
