CARRONEUR, NEWFOCEDLAND, Dan. 3, 1611.

Mr. JAMI-I. Fillows.

Dear Sin: I came to this country in May, 1602. I found a country tan of mine laboring under some affection of the lungs. I recommonded your Syrup, tried at the Druggists in Harbor Grace, but they thought I was inventing the name at their expense. However, in April, 1870, Mr. Edgar Joyce rapidly wasted away with every symptom of quick concumption, so that he was unable to walk across the room, having no appetite, pains in the left side, nervous system unstrung, dry, hacking cough, de. Fortunately I learned that your Syrup could be obtained at Mr. Dearin's, in St. John's, and immediately procured some (showed one to W. H. Thompson, who ordered a supply from you at once. This was Thesday aftermoon; at night he togs the prescribed doce, and in the morning he described the very results notified on the wrapper. His appetite soon began to return, and a voracious one it was, too; the dry, lancking cough changed into loose but violent attacks, finally disappearing altogether; pains loft his side, his hand assumed its usual steadiness, and before befulshed en bottles his health was quite restored, and to-day not a more healthy person is to be found on our streets; and it is the opinion of all, had he not been fortunate in getting your valuable Syrup of Hypophosphites, he would now be in his grave.

He happened to be in W. H. Thompson's the day your first shipment arrived, and took at once four bottles to the Labrador, which he was very anxious to do, but had no occasion to use them himself. No other medicine will he wor prescribe, recommend, or give, but yours.
