CONCLUSION IN OUR NEXT.

#### MONTREALERS IN BOSTON

Our readors are aware that a pleasure trip to Boston was got up last week by the stemulsust and railroad companies on the rout between that city and Montreal. The far was reduced to the low rate of \$5,—which induced many to take advantage of the opportunity. A correspondion of the Montreal Total gives the following account of his wanderings in "the City of Notions."

rate of \$5,—which induced many to take advantage of the apportunity. A correspondent of the Monitreal Gazette gives the following account of his wanderings in "the City of Notions" —

"On Thursday morning the Mayor of Beaton in vivid aevoral of aur party to a determbod pressive accuration to an island in the vicinity of the cavity of the cavity tild in tag on a three was some measure-translating about the invitation, in respect of the persons to thom it extended. At 10 of calce the de evatation of our notables arrived, among whom I noticed the lians. Mears, Boaret and Hucks, Col. Gugy, and Mustre. Beauty, Homior, Lanceque, Bertheled, Damas, and Jacks. They drive it the Restart Human and Jacks. They are the Jacks and Jacks. The Jacks are the Jacks and Jacks. The Jacks

are said to be visible in the distance in a clear day, but the surreplaces was so thick as to hide them outling from us. Postings it was for this reason that I but felt disappeared at the timenous of the circumjacent scoping. In this respect the prespect was not equal to them, from our mountain. I next visited the New Yand, but find not mountain. I next visited the New Yand, but find not time to go halt though it. It is, abould think, a good ead more than a mile in low-all. Here we boarded the receiving shap Franching, a three-decker, capable of carrying some 90 guise. In the yard was a cannon taken at I observe in 1847, a cidenty a Franching of carrying some 90 guise. In the yard was a cannon taken at I observe in 1847, a cidenty a Franching of carrying about 90 guise. In the Oad Aumao, and not the figure-tix all of the old Constitution.—The number of men employed here is immensed to the office of the state purpose. On Franching morning I went, with some oblan Montrealists of the state purpose. On Franching morning I went, with some oblan Montrealists of Mou 12th and to uncerty, just beyond the city of Cambridge. On our way we stopt at Harvard College, one of the best not redest Breary institutions in the union. The third points of affection of College, one of the best not redest Breary institutions in the union. The third points of affection before were the Carr Harl, where the Law Sickel and Library is a ford Harvard Halt, where they have a substitution and Indiana. All the state of the properties of the carrier of the properties of the carrier of the carrier of the properties of the carrier of t
