OTTAWA, KINGSTON, AND LONDON DEBENTURES,

\$180,600, SIX AND SEVEN PER CENTS.

Messrs. DRUMMOND, CASSELS & CO., Montreal, are authorized to receive, on or before the 2nd day of June next, Tenders for \$180,600 of Debentures of the Cities of Ottawa, Kingston and London, Ont.

Tenders may be for any portion of the above Debentures, from \$100 upwards, and are to be at a rate per dollar, to which will be added accrued interest up to date of payment.

Ottawa Debentures \$35,000.—These bear date 1st March, 1872, and mature 1st November, 1891. Principal and Interest are payable in Ottawa—the Interest, at 6 per cent, half-yearly, on 1st March and 1st November.

The population of the City is now 24,253. Its debt, excluding the Water Works Liability, which is itself reproductive, is \$735,806. Against this there are, all absolutely liable for the payment of these debentures, assessed property \$11,574,495; Corporation property, excluding Water Works, \$233,099, and the Sinking Fund for the above debt, already amounting to \$189,197.

Kingston Debentures, \$75,900.—These bear date 31st December, 1872, but mature annually, as per schedule, in different amounts, from 1879 to 1901. Principal and Interest are payable in Kingston—the Interest semi-annually at 6 p. c., on the first days of January and July. The Interest Coupons, payable 1st July next, are attached.

The total debt of Kingston is \$470,000, and the assessed value of property, all of which is absolutely liable for the payment of these Debentures, is \$5,168,490.

In cases of more than one tender for the same Debenture or Debentures, preference will be given to the highest tender, and Debentures of similar amount, or less, of the next nearest dates of maturity, will be allotted to the tenderers in order, unless in their tenders they mention a preference for other Debentures.

London Debentures \$69,700.—These are all twenty year Debentures, maturing, as per schedule, chiefly on 1st June, 1895. Principal and Interest are payable, the Interest half-yearly, chiefly at 7 p. c., in London, Ont.

The population of London is 18,413, and, with its suburbs, is nearly 30,000. Its debts amount to \$1,097,937, but, besides a total assessed value of property, amounting to \$8,092,660, and real property, belonging to the Corporation, to a very large amount within the City, all of which is absolutely liable for this debt, the Corporation holds First and Second Mortgage Bonds, and other interests in the London and Port Stanley Railway, amounting to \$1,111,529, from which an annual revenue is derived, under the lease to the Great Western Railway.

All of these Debentures form securities of the very highest character. To indicate the esteem in which Canadian Municipal Securities are held in England, it may be mentioned that Ottawa six per cent. Debentures sold, on 23rd April last, on the London Stock Exchange, at 7 per cent. Premium.

The awards will be made to the highest tenderers, to whom advice will be promptly sent; but the right is reserved to reject any proposals, and to allot a portion only of any bid. The Debentures will be ready for delivery immediately after the awards.

Payments to be exchanged at Montreal for the Debentures, may be made through the Bank of Montreal. Detailed Schedule of the Debentures, with form of tender, can be obtained at the different Branches and Agencies of the Bank of Montreal, or from Messrs. DRUMMOND, CASSELS & CO., Montreal.
