C. H. BINKS & CO.,
MONTREAL.Mr. F. S. Winston, president of the Mutual
Life Insurance Co. of New York, died last
Saturday.—The number of policies in force in
the Aetna Life Insurance Co. at the close of
1884 was 43 less than at the close of the year
preceding.THE Dominion Paper Company's mills at
Kingsey Falls, P.Q., which were burned last
December, have been rebuilt, and are again in
full operation. The company manufactures
news, printing, bag and wrapping paper, and
has a standing reputation for the excellence of
its goods.WE HAVE good authority for saying that the
"insurance agent" evidently referred to in a
Montreal despatch to the Toronto Mail of
March 27th, did run away from the city as
fast as his railway ticket could carry him some
two weeks ago, but he ran back again quite as
fast, and has evidently no intention of leaving
Montreal for some time, except on similar
occasional trips for business purposes.endeavoring to compromise. He owes about
\$2,700; assets not much over \$1,000.At a meeting of cattle dealers held Wednes-
day last in this city, a deputation was appoint-
ed to wait on the different railway and
steamship companies, to induce them to give
more favorable terms to and assist in fostering
this branch of industry, by modifying their
live stock bills of lading. The principal matters
advocated are more security and better accom-
modation for the animals in transit, as well
as better accommodation for the drovers in
charge of the stock during ocean passage. It
was decided that the steamship companies be
asked to provide beds and attendance, similar
to those of intermediate passengers, and also
that shippers should pay freight on the number
of cattle landed only. Previous to the adjourn-
ment of the meeting, several Glasgow and
Liverpool dealers subscribed to the Dominion
Live Stock Association.THE British trade reports for the year ended
December 31st, 1884, show that Great Britain
exported 271,077,900 pounds of cotton yarns,
valued at £13,811,767, against 264,772,000
pounds valued at £13,509,722 for 1883. The
exports of cotton piece goods for the year
of 1884 amounted to 4,417,481,000 yards valued
at £51,661,408, against 4,538,888,500 yards
valued at £55,534,166 for 1883. For January
and February, 1885, the exports of cotton
yarns amounted to 39,297,600 pounds, against
43,675,600 pounds for the same months in
1884. The decrease in quantity of yarns for
this year has been more than overcome by the
increase in the quantity of cotton piece goods
for the same time, which amount to 767,360,600
yards, against 689,923,300 yards for January
and February, 1884.OLD MORTALITY.—The new claims cannot be
paid till assessments are complete. A change
appears to have been made in the P. Q. agency.
