## POSTAL RATE INCREASE

## Question No. 3,189—Mr. Cossitt:

1. Did the government announce a postal rate increase and, if so, did it take into consideration the disastrous effect that this might have on charitable organizations such as the Christmas Seal campaign, the Easter Seal campaign and the United Way, since these groups use the postal service quite heavily for solicitation, the receiving of donations and the sending of receipts?

2. Will the government take immediate steps to change any proposed increases to exempt such groups from postal charges that might greatly hinder their essential work on behalf of many persons?

**Mr. Gary F. McCauley (Parliamentary Secretary to Minister of Consumer and Corporate Affairs):** 1. Yes. Representations were received from interested parties, including charitable organizations, and were given Canada Post's full consideration.

2. It is not Canada Post's intention to effect any changes at this time concerning postal rates.

## FOREIGN INVESTMENT IN CANADA

## Question No. 3,271—Mr. Cossitt:

2. Is there a breakdown of the total amount invested by each country and, if so, what is the breakdown?

3. Is there an estimate of the number of jobs created in Canada by the inflow of such capital and, if so, what is the estimate?

**Hon. Herb Gray (Minister of Industry, Trade and Commerce and Minister of Regional Economic Expansion):** In so far as the Foreign Investment Review Agency is concerned:

1. According to information compiled by Statistics Canada, the gross inflows of foreign direct investments invested in

Canadian industrial or business enterprises from 1971 to 1980 are as follows:

1972	\$1,444 million	1977	\$1,871 million
1973	\$1,636 million	1978	\$2,683 million
1974	\$1,850 million	1979	\$2,645 million

## INTELPOST SERVICE

## Question No. 3,607—Mr. Cossitt:

1. Does Canada Post Corporation operate certain trucks bearing their name along with an advertisement that the corporation is providing "space age" communications and, if so, is this intended to inform the public that postal service is fast?

2. Does the government receive frequent complaints about slow postal service?

3. Is it government policy to determine the reasons for any breakdown in "space age" communications and is any breakdown due to letters being sent by satellite that have been lost somewhere up in space and, if so, what steps, if any, is the government taking to bring these down?

4. Has the government received any complaints from any sources whatsoever about space being cluttered with undelivered Canadian mail?

**Mr. Gary F. McCauley (Parliamentary Secretary to Minister of Consumer and Corporate Affairs):** 1. Yes.

2. The Canada Post Corporation receives favourable correspondence as well as complaints.
