YORK COUNTY ...AND... SUBURBS

Ward Seven

A very awkward state of affairs exists at present at the C.P.R. subway at Runnymede road. The thoroughfare beneath the tracks is submerged with water from the rain and snow and which now stands nearly five feet in depth. The drains—there are no sewers on this street—are apparently blocked up, and altho the railway company had their electric pump working all day yesterday the water seems to be increasing in volume. Fortunately the sidewalks are elevated a sufficient height to be above the water's surface.

Yesterday's meeting of the Humberside Collegiate Literary Society was entirely in the hands of the girls of the association. Miss Helen Smith, the vice-president, occupied the chair and the program, which was provided entirely by the young ladies, was indeed an excellent one, and was heartily appreciated by the boys, who turned out en masse. Much of the program was directed against the Boys' Athletic Association, who are said to have refused to allow their fair fellow students the use of their hockey rink for skating purposes. At present there is quite a militant spirit between the students on this account.

G.T.R. Constable T. Willis yesterday afternoon arrested John Smith, a young Irishman from Stratford, on the charge of trespassing on the company's tracks.

The West Toronto car shops of the C.P.R. have installed a new electric crane by which they are fitting the freight cars with the improved steel sills, thus converting them into modern cars of a much increased strength capacity.

Ravina Lodge, Rebecca, held their commencement initiations last evening in St. James' Hall, when the ladies from Friendship Lodge No. 95 performed the degree work. A social evening followed the routine business.

The Idlewild Club held a dance last night in the Masonic Temple, Annette street. About 100 present.

Todmorden Conservative Association.

The regular meeting of the above association took place last Thursday night, with G. A. Moses, president, in the chair. Outside of routine business, the framing of the constitution for the association was discussed, and a draft of part was read and approved. The delegation that attended the East York Conservative Association at Markham, were well received. Many members of the parent association expressed their intention of attending the smoking concert to be held in Bater's Hall on the 30th inst.

A vote of thanks was given Mr. Dolson for his kindness in conveying the delegates to Markham in his motor car.

First Vice-President, Phil Pedlar gave a stirring address on the naval question, which aroused the patriotism of the audience to the highest pitch. C. H. Macdonald was unanimously elected press representative for the association.

Runnymede Travel Club.

A meeting of much interest and great anticipation was held by the Runnymede Travel Club in the Masonic Temple, Annette street, Thursday evening, Jan. 16. It was an open meeting, and many responded to the invitation sent them, including a number of the men friends of the club. Miss Charles was hostess of the evening, and greeted her guests with warm words of welcome to all. The president, Mrs. G. M. Jones, presided. The program (which was entirely contributed by non-members of the club) was opened with a piano solo by Mr. E. O. Horner, "Pilgrim's Chorus," (Wagner), executed in his usual masterly style and finish. Miss Helen Barlowe's solo "A Winter's Lullaby" (De Koven) was charmingly rendered and much appreciated. The address of the evening was given by Professor L. E. Horning of Victoria College, his subject being "At the Court of Weimar." Prof. Horning dealt with Germany of the time of 1770-1830, speaking of the lack of public spirit, the apathy of the people, etc., until thru the influence and work of the great Goethe Weimar was made the "Athens of Germany." Other great men like Schiller, Herden and Welland, their wonderful ability and fine characteristics, were most ably set before us. Prof. Horning was followed with the greatest attention, testifying to the interest and appreciation of his hearers. The address was followed with a vocal solo by Mr. K. Angus, "Der Wanderer" (Schubert), whose fine voice brought out all the beauty of this delightful selection. Refreshments were served, after which Miss Barlow favored with another solo, "Love's Coronation" (Florence Aylward), bringing to a close a long to be remembered evening of great enjoyment. The Runnymede Travel Class extend hearty thanks to Miss Charles for her very generous hospitality.

IT IS NEWS WORTH GIVING TO THE WORLD

How Ravages of Kidney Disease Are Checked in Quebec.

Mrs. Julien Painchaud, for Seven Years a Sufferer, Finds Quick Relief and Complete Cure in Dodd's Kidney Pills.

WHITWORTH, Temiscouata Co., Que., Jan. 17.—(Special.)—With the coming of winter the ravages of Kidney Disease are again felt in this province, and the fact that a sure cure is vouched for in this village is news worth giving to the world. Mrs. Julien Painchand is the person cured, and she states without hesitation that she found her cure in Dodd's Kidney Pills.

"For seven years my heart and Kidneys bothered me." Mrs. Painchaud states: "I was always tired and nervous. I could not sleep. My limbs were heavy, and I had a dragging sensation across the loins. My eyes had dark circles under them, and were puffed and swollen. I was so ill I could hardly drag myself around to do my housework."

"A neighbor advised me to try Dodd's Kidney Pills, and I found relief in the first box. Six boxes made me perfectly well."

If you have any two of Mrs. Painchaud's symptoms your Kidneys are diseased. Cure them and guard them against serious, if not fatal results by using Dodd's Kidney Pills.

Toronto North

There is a movement on foot by the ratepayers of North Yonge st., formerly North Toronto, to petition the provincial government to make the agreement with the Metropolitan Railway Co. retroactive, as the late town lost their suit before the privy council re the extension of the switches of the Metropolitan Railway. It is argued that the existing switches are of sufficient length for passenger traffic and that the city should not be compelled to allow double tracking Yonge street by about half its length for the purpose of allowing the Toronto and York Radial Railway Co. to facilitate their freight traffic to the injury of the street and properties. This matter will be more fully discussed at the Ratepayers' Association meeting tonight in the town hall, together with the question of opening up Duplex avenue in order to construct a civic car service on the same, to act as a competitive line against the Metropolitan. The suggestion thrown out by the city council, to connect North Toronto with the city's waterworks system, is meeting with opposition, as the old town has sufficient water yet, which is the best that can be procured from any source and considerably better than the town would receive from the city's system. Sanitary matters and the completion of the sewerage system will also form part of the discussion.

York Township Council will hold a meeting on Monday next at 11 a.m.

Word has been received from England that a syndicate formed there, has taken over the George Chadwick farm of 100 acres on Bayview avenue, lot 7, concession 2, east of Yonge—at $1800 an acre. The same syndicate also assumed the Jesse Cain farm, 32 acres at the northwest corner of Keele street and Eglinton avenue, at $60,000.

The Chadwick farm was bought last April at $70,000, and the Cain farm last June at $48,000.

Send Name and Address To-day—You Can Have It Free and Be Strong and Vigorous.

I have in my possession a prescription for nervous debility, lack of vigor, weakened manhood, failing memory and lame back, brought on by excesses, unnatural drains, or the follies of youth, that has cured so many worn and nervous men right in their own home—without any additional help or medicine—that I think every man who wishes to regain his manly power and verility, quickly and quietly, should have a copy. So I have determined to send a copy of the prescription free of charge, in a plain, ordinary sealed envelope, to any man who will write me for it.

This prescription comes from a physician who has made a special study of men, and I am convinced it is the surest-acting combination for the cure of deficient manhood and vigor failure ever put together.

I think I owe it to my fellow men to send them a copy in confidence, so that any man, anywhere, who is weak and discouraged with repeated failures may stop drugging himself with harmful patent medicines, secure what I believe is the quickest acting restorative, upbuilding, SPOT-TOUCHING remedy ever devised, and so cure himself at home quickly. Just drop me a line like this: Dr. A. E. Robinson, 3933 Luck Building, Detroit, Mich., and I will send you a copy of this splendid recipe in a plain, ordinary envelope free of charge. A great many doctors would charge $3.00 to $5.00 for merely writing. I send it entirely free. 6tf

ATTACKED HIS WIFE, THEN KILLED SELF

Crazed Farmer of Russell County, Believing He Had Murdered Woman, Cut His Throat.

CLARENCE CREEK, Ont., Jan. 17.—(Can. Press.)—While in a fit of insanity William Gauthier, aged 65, a farmer of Orient, in Russell County, ten miles from Ottawa, a village four miles from here, made a savage attempt to kill his wife with a hammer by striking her several blows on the head. He, evidently thinking her dead when she fell unconscious to the floor, killed himself immediately after by cutting his throat with a razor.

Mrs. Gauthier now lies in a precarious condition at her home, where the tragedy occurred, but Dr. Desrosiers of Rockland, who is attending her, says she will probably recover.

Witnessed by Child.

The only witness of what really happened besides the two principals was their little three-year-old grandson. According to the story told by Mrs. Gauthier, she was sitting sewing at a table in the dining room. The child was playing in the room when he gave a cry of warning, and, looking around, she saw her husband behind her with a razor in one hand and a hammer in the other.

Before she could move he hit her twice over the head, and she fell off the chair.

Peculiar Behavior.

For some time Gauthier had been acting strangely, but it was not thought he was in such a state of insanity to warrant sending him to the asylum.

Gauthier lived at Orient for over 20 years. He leaves five sons and three daughters, none of whom were at home at the time of the tragedy.

WILLS PROBATED.

Richard Doyle Left $20,000 to Widow on Condition She Remains Single.

Five wills were filed for probate at the surrogate court yesterday. The most important was that of Richard Doyle. He left $20,592 to his wife on the condition that she remains single. If she should marry the money will be divided amongst his sons and daughters. If anyone tries to break the will that person is automatically cut off from any legacy.

Ann O'Flynn left $6,079 to be divided amongst several charities. Robert Crown left $3,870 to his wife. Twenty-one relatives receive more or less from Phoebe A. Wright's estate of $2,175. William George Hubbard left $1,300 to be divided between his mother and Miss Katheline Wells. Joseph Totter having died intestate, his $1,171 will be divided equally among his nine children.

TEACH HORTICULTURE, SAYS PROFESSOR HUTT

Children Should Learn to Brighten Up Dark Spots and to Love Flowers.

Prof. H. L. Hutt of the Ontario Agricultural College, recognized to be the first authority in Ontario on horticultural education, told the Normal School students last night of an important development that is taking place in the province at the present time with which they must become familiar if they are to prove successful teachers. He referred to the movement for the improvement of school grounds, the operation of school gardens and the imparting of elementary horticultural education in general.

Prof. Hutt contended that in no more effective way could the culture of the homes be raised than by the beautification of the environment in which the children are obliged to spend the greater part of their time.

"Brighten up the dark spots around the school and you will brighten the home, for the one is affected largely by the influences of the other," he said.

The speaker, who has pioneered the school movement in the province, related the story of its growth in population, among the rural population particularly. He said that the departments of agriculture and education are co-operating in the work as they never did before. Today the government gives a liberal grant to every school board undertaking the improvement of its school grounds. Three years ago when this was first announced only 15 schools in Ontario qualified for it. The next year there were 55 and last year the number included more than 120 schools. Prof. Hutt predicted that the end of the present year will see an even greater increase.

The lecture was illustrated by a set of specially fine views. Principal Scott of the Normal School presided.

GETS THE LASH

Thomas Anscombe Severely Dealt With For Serious Offence.

Six months in the central prison and twenty lashes will come to Thomas Anscombe, a middle-aged man, who roomed on Mutual street, and who was charged with indecently assaulting two ten-year-old girls last Saturday evening.

Anscombe appeared in the police court yesterday, and the two little girls were also brought in by the morality department to tell their story. "It's a lie and all put up. I'll have revenge for this," reiterated the prisoner at the different points of the revolting story told by young girls.

Queen Mary's Economies.

Queen Mary has decided, it is said, that she can do without maids of honor, and she does not intend to make any new appointment to this post. In future, maids of honor will only attend the Queen on the occasion of a court or a state ball. For some time past, the duties of a maid of honor have been almost nominal, since a good deal of their work is now carried out by Her Majesty's ladies in waiting. The Queen has determined to cut down all unnecessary expenses in her household.
