

FAT CATTLE FIRM HOGS ARE HIGHER

Cows and Bulls Sold Steady and Were in Demand.

SOME BRANCHES QUIET

Little or No Business Done in Stockers and Feeders.

Receipts of live stock at the Union Stock Yards on Tuesday were as follows: Cattle, 1283 head...

On the fat cattle market a good trade existed for all good to choice quality at firm but steady values.

Cows and bulls sold at steady prices and were in good demand as usual.

Again, there was little or nothing done in stockers and feeders, especially the common ill-bred, off-color kinds.

Only a limited number of milkers and springers were offered, which sold at steady prices.

There was and has been an American buyer on the market, and he also wants the good to choice kinds.

Farmers are evidently doing the right thing by keeping their cows as there are not so many being marketed as in former years.
