

101	Wrist-drop from plumbism	38, 77, 507, 551,	798	X-rays, <i>contd.</i>		X-rays, <i>contd.</i>		501
725	Wrist-jerks, unequal in hemiplegia	337		- egg-shell crackling	177, 179	- unerupted teeth	47, 135, 311,	627
716	Writer's cramp	177, 494		- endosteal sarcoma	(Fig. 197, 199, pp. 755, 756)	- ureteric calculus	47, 135, 311,	627
684	Writing, difficulty in, in suprascapular nerve paralysis	551		- erythema from exposure to	252	- vesical calculus	(Fig. 98, p. 312)	629
684	- effect of word-deafness or word-blindness on power of	681, 685		- excluding aortic aneurysm	593	- viscerotoposis	117, 473	
685	Wry-neck (see Torticollis)			- exostosis (Fig. 191, p. 753)	754			
684				- of frontal bone	255			
684				- foreign body in oesophagus	297			
685				- fracture	179			
684				- of jaw	717			
684				- of vertebrae	787			
683	XANTHELASMA planum	360		- gaitroposis (Fig. 105)	353			
683	- tuberosum in jaundice	360		- gout (Fig. 113)	353			
683	Xanthin bases, uric acid derived from	817		- growth of spine	182			
684	- in urine, reduction by	290		- hæmoptysis	318			
683	Xanthoma character of papule	528		- Hirschsprung's disease	433			
683	- diabeticoorum	805		- hydatid cyst of lung (Fig. 160)	323			
684	- macules in	421		- impacted ureteral calculus	514			
684	- multiplex	805		- locating pus in chest	119			
684	- planum	805		- mediastinal growth	465			
684	Xanthopsia from amyl nitrite	840		- lesions	185			
684	- cannabis indica	840		- tumour	422, 471, 582			
567	- from jaundice	360, 840		- mediastinitis and new growth	61			
567	- pteric acid	840		- mottled shadows in phthisis	319			
49	- santonin poisoning	840		- movable kidney and renal calculus	583			
218	Xeroderma, distinction from			- necrosis of jaw	718			
219	- lichen scrofulosorum	530		- odontomata	749			
557	- papules of	530		- oesophageal obstruction	225			
223	- scales in	655		- pouch	842			
170	- pigmentosum, age incidence	804		- orbital periostitis	254			
629	- characters of	802, 801		- organic stricture of intestine	416			
438	- diagnosis from freckles	421		- osteo-arthritis	380			
418	- influence of season on	804		- osteosarcoma	179			
585	- macules in	424		- pain in the arm	491			
516	- superficial ulcers in	804		- back	475			
555	- telangiectases in	804		- chest	479			
144	- warty tumours in	804		- paralysis from spinal cord lesions	513			
788	- white atrophic spots in	804		- periosteal sarcoma (Fig. 196, p. 754)	756			
495	- yellow crusts in	801		- phthisis	319, 756			
357	Xerosis of the conjunctiva in keratomalacia	807		- early (Fig. 27)	120, 817			
357	X-rays in abdominal aneurysm	186		- pneumonia (Fig. 99)	321			
848	- acromegaly	585		- pneumothorax	480, 577, 578			
36	- acute secondary arthritis	378		- popliteal swellings	763			
506	- affections of antrum of Highmore	502		- pyloric obstruction	131, 144, 571			
177	- aneurysm, aortic (Fig. 71, p. 236; Fig. 131, p. 485)			- pyonephrosis (Fig. 97, p. 309)	396			
592	107, 223, 236, 322, 422, 165, 471, 477, 483, 582, 786,	790		- renal calculus (Fig. 97, p. 309)	500, 626			
611	- of external iliac artery	711		- tuberculosis	626			
716	- fusiform	238		- rheumatoid arthritis (Fig. 110)	380			
162	- popliteal	762		- sarcoma (Figs. 126, 127, 198)	179, 754, 757, 763			
716	- asthma	582		- of lower jaw	718			
378	- atony of pelvic colon	149		- pelvis	711			
649	- bone growths or caries	270		- scar, epithelioma starting in	803			
698	- bronchial or mediastinal lymphatic gland enlargement	617		- in sciatia to exclude organic disease	488			
132	- calculous anuria	47		- similarity of sarcoma and chondroma under	755			
716	- callus	757		- sore fingers from	266			
533	- cardiac displacement	332		- spinal caries	181, 471			
151	- cause of cough	176		- splenomedullary leukaemia	31			
516	- cubicular pain in arm	491		- spondylitis deformans	787			
533	- cervical caries	477, 708		- sterility caused by	80			
151	- rib	55, 128, 493, 554		- in stomach disorders	712, 727			
533	- chronic abscess of bone	752		- subphrenic abscess	501,			
516	- congenital dislocation of hip	183		578, 729, 721				
516	- constipation	112, 141, 145, 116,	147	- talipes	132			
548	- diaphragmatic hernia	512		- testicular atrophy from	79, 80			
165	- dilatation of stomach	352		- thorax exanimations	37			
376	- disease of lumbo-sacral spine	488		- in paralysis of vocal cord	538			
382	- distinguishing empyema from subphrenic abscess	721		- tumour or aneurysm of	75			
201	- mediastinal growth from aneurysm	483		- thymus gland enlargement	465			
697	- oxaluria from calculus	311		- transparency of bones in rheumatoid arthritis (Fig. 110)	380			
151	- sarcoma from periostitis	751, 763		- tropical abscess of liver	409			
384	- subphrenic abscess from pyopneumothorax	712		- tuberculosis of kidney	310			
588	- duodenal obstruction	571		- tumour of pelvic bones	737, 741			
832	- dysphagia	221		- of spine	525
