NORTH TORONTO BAND HELD FINE CONCERT

Funeral of Late Mrs. Wright Takes Place To-day—Suburban Happenings.

NORTH TORONTO, April 24.—(Special.)—The second annual concert of the Toronto Citizens' Band, held in the town hall, was an unqualified success. The crowd was a good one, but not so large as the merits of the performance would have justified.

In each of the numbers rendered, and there was generous provision, the band gave evidence of splendid training and good hard conscientious work. Bandmaster Dawson was in charge, and he was warmly commended for his good work.

The assisting artists, among whom were Mrs. W. P. Hewitt, Miss Lillian Dent, Miss Florence Morton and Messrs. Charles Stanley and J. M. Dawson were encored again and again. Altogether it was the best musical concert ever given in the town, and it will be most regrettable if arrangements are not completed whereby the citizens will be enabled during the coming summer to hear this fine musical association in a dozen or more outside concerts. It will add immensely to the pleasure of living in the northern town and no slight difference of opinion as to the financial arrangements between the council and the band ought for one moment to stand in the way. With all due respect to the former they can well afford to be a little more generous in the matter, and the citizens will strongly support them in so doing. The town cannot afford to take any retrograde step.

An annoying case of intervention on the part of an employee of the Bell Telephone Company seemed to have transpired this morning when immediately following an offer of \$12,000 made by an unknown party to Mr. Hopkins, the local blacksmith, for his property, the connection was broken, and that before the local man could learn who his prospective buyers were an interesting feature of the whole thing is the ability of the company, if any, in connection with the contemplated deal. At the rate North Toronto and Yonge-street Junction, maybe the telephone company did Mr. Hopkins a kindness.

On Sunday evening a special memorial service was held to the late John Scumels of this city, and eldest son of Rev. J. Samuel, rector of Chipping Norton, England. Rev. Robert Gray preached to a crowded congregation a most eloquent sermon, taking for his text, "I am he that liveth and was dead." At the conclusion the organist and choir rendered a beautiful service; Processional hymn 157; responses: "Alleluia," "Shalom," in A flat; Nunc Dimittes "Shalom," in A; anthems, "Why Sorrow Ye the Living," Stainer; hymn 168, Stainer; vesper, Stainer; sevenfold, Stainer; recessional 168, Sullivan.

WAS TERRIBLY AFFLICTED WITH LAME BACK.

COULD NOT SWEEP FLOOR.

Three Boxes of Doan's Kidney Pills Cured Her.

It is hard to do housework with a weak and aching back. Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause.

But they can't help it. If more work is put on them than they can stand it is not to be wondered they get out of order. Weak back is simply a warning from the kidneys and should be attended to immediately so as to avoid years of terrible suffering from kidney trouble.

Mrs. N. L. Smith's Falls, Ont., writes: "I had a severe case of kidney trouble, and I have recovered by using Doan's Kidney Pills. About a year ago I was terribly afflicted with lame back and was so bad I could not even sweep my own floor. I was advised to try Doan's Kidney Pills, which I did, and with the greatest benefit. I only used three boxes and I am as well as ever. I highly recommend these pills to any sufferer from lame back or kidney trouble."

Price 50 cents per box, 6 for \$2.50. Sold everywhere or by mail on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

McIntosh of Perry Sound; his only brother, William Burk, Markham, who is in his 80th year; the four sisters, Mrs. Harrison, Mrs. Webb, Mrs. Caldwell, Mrs. H. Robinson, all of this city, also Mr. A. The pall-bearers were: Mayor Geary, Hilliard Birmingham, Col. Selby, Wm. Street, Thomas Close, and Thomas Williamson.

WESTON.

Methodists Raised One-Half the Amount Required on Sunday.

WESTON, April 24.—(Special.)—Weston Methodist Church, which has been closed for two months or more during the progress of repairs, was reopened on Sunday for divine service. In the morning the pastor officiated and in the evening Rev. R. J. Falls, a former pastor of the church, has been installed, and a new pipe organ installed. The expense incurred amounts to about \$4000, of which half the amount was raised on Sunday. The pastor and choir have adopted the innovation of wearing surplices. On Tuesday evening, April 25, a supper will be given in the basement of the church, followed by an organ recital by Professor Egeon of Woodstock.

GOT SOME BIG-GUNS.

Followers of Isaac Walton who have not so far this season been in the feeling of exhilaration which comes from a good big catch of "suckers" would have turned green with envy at the success which befell a party of city and Scarborough men yesterday afternoon away down on the River Rouge, some 18 or 20 miles to the east of the city.

The party leaving the city was composed of Ald. T. N. Phelan, Dr. Denary, Bob Patterson and Wm. Smith, and at Scarborough Junction they were joined by Inspector Wallace Thompson and Frank Walton, Chapersoned by Dr. Denary and with Ald. Phelan in charge of the transportation department, handling the lever and guiding his big new Cadillac 35 h.p. touring car with all the skill and dexterity of a Barney Oldfield, and at times giving the said Barney a close call on speed, the trip was a delightful one.

Of the genial doctor's wonderful feats of skill in handling the dip and every other kind of net, and the efforts of the dumpy tribe to subdue him and all too successfully; of the marvelous Alpine climbing exhibitions shown by "Bob" Patterson, of the inspector's schemes to sidestep all the hard work and his feats at the luncheon following; of Frank Walton's long walk, due to the inspector's forgetfulness, of the newspaper man's big "catch," which alone redeemed the trip, and of Ald. Phelan's sunny smile and words of cheer, time and space will not permit us to tell.

The voyage home along the Kingston road, barring one or two incidental calls, was made in record time, and that, too, in face of tremendously added weight of the aforesaid suckers. Besides those brought home thousands were left undisturbed in the cavernous depths of the River Rouge. But it was a glorious trip and the sight of the blue waters of Lake Ontario to the south and the highlands to the north, down thru the very heart of Scarborough, with the farmers busy intent in preparing the soil for the season's crop, and coupled with all this the pure bracing air of the country—say, this is living!

But when it comes to handling a touring car, Ald. "Tommy" Phelan has 'em all beat.

NEW LADY PRINCIPAL

Miss Harriet Walsh to Become Head of Bishop Strachan School.

A distinguished graduate of Trinity College, Dublin, Miss Harriet Walsh, B.A., has been appointed lady principal of the Bishop Strachan School in succession to Miss Acres, who resigned a year ago, owing to ill-health. During the interim the school has been making excellent progress under the able administration of Miss Naden, the vice-principal and both she and the strong staff will remain to assist the new lady principal.

Trinity College, Dublin, has a distinguished academic and teaching record. After winning honors in the Dublin University, she entered at the University of Cambridge upon the special course of study prescribed for those who wish to qualify for specialist standing as teachers. In this course she was eminently successful. After two years spent in the study of French and German abroad under university professors in the two countries, Miss Walsh returned to England and entered upon her professional career as a teacher. In 1903 she was appointed assistant mistress at Uplands School, St. Leonards-on-Sea, and a year later head mistress of the same school. Under her administration the school made rapid progress. The wide scope of the school and the efficiency of the work done is amply attested by the official recognition granted to it.

Miss Walsh is expected to arrive in Toronto in August, and will enter upon her new duties with the re-opening of the school early in September.

100 Refrigerator Cars.

MONTREAL, April 24.—(Special.)—During the last four weeks the Angus shops of the Canadian Pacific Railway at Montreal turned out 100 refrigerator cars—an average of six each day. All of the cars were of the standard C.P.R. dimensions, weighing approximately 40 tons each. Fifty of the cars were fitted up with ventilators in the roofs, and were equipped with the C.P.R. pan-system of cooling. The ordinary tank system of cooling. Most of these cars are already in service, so great is the demand for them.

Slumber Chairs in Parlor Cars. MONTREAL, April 24.—(Special.)—A new style of parlor cafe car will shortly be put into commission by the

C.P.R. The new car will be of standard size and weight, but the interior will be arranged in a novel manner.
