FARMERS TO ENDORSE DRURY AS PREMIER

His Ratification as Leader of Legislature Will Be Considered by Convention Today.

IMPROVE ALL LIVE STOCK

At the close of the U. F. O. meet. ing last night in Massey Hall, Secretary Morrison made the announcement that ratification of the selection of Hon. E. C. Drury as leader of the party in the legislature by the membership will come up. Col. John/Z. Fraser will introduce the subject.

It also transpired that each member of the cabinet will have something to say about his particular department and Hon. Mr. Biggs, minister of public works, will deal with the sub-ject of the provincial highway and county roads for the farmers along lines somewhat different from those drawn by the premier when addressing the members of the Grange.

A. H. Sainsbury, secretary of the California Prune Growers' Association, is one of the visitors to Toronto at-

tracted by the convention of the U. F. O. He addressed the farmers and said if the government in Canada helped along the co-operative movement the benefits to the consumers were not easily calculable. He thought, for instance, that the government might afford legal assistance to the co-operative movement in an advisory capacity. But above all other First divisional court: Peremptory considerations having the moral supplist for Wednesday, 17th inst., at 11 port of government behind the movement was the chief advantage. In reply to a question President Burnaby announced that at the rest

meeting of the board of directors ne would recommend the opening of a branch of the U. F. O. live stock de partment of the co-operative com-pany on the Montreal market. The directors would meet on Friday afternoon and in justice to the shareholders and members in eastern Ontar.o iction on the Montreal branch would not be deferred. He had every confidence that his recommendation would carried out and a good English-French speaking representative appointed in Montreal Improve Quality of Cattle-

Manager McCurdy of the Toronto live stock department said the neces-sity of the day is to improve the quality of cattle offered on the west-ern Toronto market. The farmers and the buyers would make more money handling fewer cattle of better quality. He delivered a knock to the Holstein steer in particular. Horned cattle are not wanted, he said. at the present time in the United States. while in Canada hundreds of thousands of dollars are lost by neglect to da-

Mr. McCurdy was asked a number of questions, among others whether the owner of cattle had to drive a bargain with the U. F. O. buyer? Mr. McCurdy said the owner got the

right price without bargaining.
In regard to the handling of grain President Burnaby said when they got the advantage of a terminal elevator, conditions would be very much bester. But the they had sent a depu tation to Ottawa, they had not got the terminal elevator, and for the s reason that they had a canal at Newmarket-the political reason. Mr. Burnaby did not agree with Mr. McCurdy's opinion of the Holstein

steer. F. J. Fulthorpe of the live spock department urged the farmers all over the province to send their hoss to one open market in Toronto. Packers are not philanthropists and they deduct from their prices the cost of buying at points outside Toronto. Last year witnessed a great market for hogs. Next season should presumably be restricted in supply on that account. But the benefit either way was all to farmers by concentrating on one mar-
