SCARBORO FAIR TURNS OUT A GREAT SUCCESS

East Toronto Council Makes New Record—Junction Trustees to Confer—Items.

HALF-WAY HOUSE, Sept. 25.—Chilling winds and sombre skies, relieved only at long intervals by a glimpse of Old Sol, were not conditions calculated to induce either city residents or the farming community to brave the elements in order to visit even the historic Old Scarborough Fair.

Probably 1200 were in attendance, but this fact, while it reduced the receipts, did not detract from the merits of the show.

The cold weather had little or no effect on the crop of political aspirants for legislative and federal honours, among whom were Archie Campbell, M.P.; J. W. Curry, York; Capt. Tom Wallace, Dr. McLean and Alex. McCowan, M.L.A. Others present were Sandy Doherty, Reeve T. H. Speight (Markham), Rev. Mr. McArthur, W. A. Douglas, W. J. Hill, W. J. Stark, W. E. Wellington, James Baird and R. J. Corven.

Overcoatings.

A day like to-day puts a double emphasis on the outer-garment question.

A big stock of fine imported woolsens such as we're displaying leaves it largely a matter of taste what you shall select in weave and "shade."

But you may depend upon exclusiveness and highest quality, \$25.00 to \$35.00.

To Lemon Bros. of the Clyde Hotel, who, at great personal inconvenience, re-opened the Half-Way House, furnished excellent accommodation for man and beast throughout the day, not a little of the success of the fair is due.

Alex. McCowan, the indefatigable worker and courteous secretary, was, as ever, the right man in the right place.

EAST TORONTO.
Town Council Strike the Rate for the Year.

EAST TORONTO, Sept. 25.—Only the fear of hoodluming the town prevented the town council at to-night's session making the tax rate 23 mills on the dollar, but they sailed as close to it as possible and made it 22.9 mills in the dollar. Last year the rate was 18.10 mills, an increase of about four mills.

The rate is made up in this way: General denture debt 4.4 mills, general rate 10.8, public schools 4.5, high school 2.4, and county rate 1.1, a total of 22.9-10.

A light breeze sprang up in the closing hours of the session over the percentage to be paid G. W. Ormrod, town collector, for gathering in the town finances. Last year the collector received 1.4 per cent, but council are received 1.4 per cent, and a motion to reduce the amount to one per cent, carried.

The mayor himself supporting the motion. Councillor Phelan sought to revive the matter, but again the reduction carried. A number of minor matters were disposed of, among others the confirming of the assessment of the town.

Bargains Worthy of Your Earliest Attention

You dislike the term "bargain," perhaps? Not surprising, either, for the word has been sminned against for half a century. But your great-grandfather thought it an excellent good word, and it is in his sense of it that we wish you to consider the items mentioned below. The backbone of this business is in regular trade, buying the latest productions for all purposes from all over the world to sell again at a small profit. But in this regular buying and selling, we're sure to come across merchandise events that are unusual, abnormal, special—and unless we pass on to you the advantage of this EXCEPTIONAL TRADING, along with the regular

trading, we are not giving you a "square deal." You owe it to yourself, then, to investigate these chances that your trade has made possible.
