The Town of Toronto Junction Must Pay Its Debts—A Judgment in the Divisional Court.

At the non-jury sittings, Confederation Life Association vs. Reddich and the City of Toronto came to an end when Mr. Fullerton, Q.C., stated the willingness of the defendant, Reddich, to convey the property in question on Shaw-street to the plaintiffs, who are mortgagees. Mr. Reddich bought at a tax sale and cut out the plaintiffs' mortgage. The plaintiffs claimed that the property had been illegally divided into two parts by the city without notice to them, and that they had paid taxes ever since 1891 on what they supposed was the original undivided lot, but which was part only, while the city in the meantime sold the other part to defendant Reddich. Mr. Reddich, however, stepped into the breach, and the question of costs will be decided to-day.

Green v. Reynolds will be concluded to-day also. It is the usual dispute between unpreferred and preferred creditors. The plaintiff seeks to have set aside a chattel mortgage given to defendant, one McNaughton, a Goderich merchant, by the plaintiff in the question for benefit of creditors.

Junction Must Pay Up.

The Divisional Court dismissed the appeal of Town of Toronto Junction from the judgment of Judge Morson in favor of plaintiff, who seeks to recover from defendants interest on debentures. The defence raised, that the highest assessment possible under Sec. 375, Consolidated Municipal Act, had been made, when the town still unable to pay its debts, was overruled, and the plaintiff was held entitled to judgment though he might not make anything on an execution.

In Copeland v. Town of Lindsay, the plaintiff's appeal was dismissed, and her action for damages against the town for injuries caused by a defective sidewalk shared the same fate.

To-day's Lists.

Judge's Chambers will be held at 10 a.m.

Non-jury sittings at 10 a.m.: Reynolds v. Green (to be concluded); Confederation Life Association v. Reddich (to be concluded); Moyes v. Baldwin; McDonald v. Lake Simcoe Ice Company.

Divisional Court at 11 a.m.: Cassidy v. Morrow, McGillie v. Berryman, Malone v. Mundy, O'Connor v. Gemmill.

WHOLESALE TRADE IN CANADA.

Dun & Co.'s Reports of Business Continue Satisfactory—Large Increase in Railway Earnings—Money Continues Easy.

In the Montreal district there has been, since last report, a bountiful rainfall which will be of incalculable benefit to the country, not only in extinguishing bush fires and making fall plowing possible, but also replenishing wells, which in some districts were exhausted, farmers having to draw water for stock, etc. The trade movement is fairly held at the level last noted; in some few lines the demand may not be so brisk, but the going into effect of winter freight rates on the 15th inst. is hastening the despatch of heavier goods. City retail business in the dry goods line is not very active yet, but wholesalers continue to report the receipt of satisfactory country sorting orders. The wet, cooler weather has stimulated the retail demand for shoes, rubbers and clothing. For general groceries there is continued active enquiry, with further stiffening in values or dried fruits, canned vegetables, etc. General collections are still of the improved character lately noted. There has been some further depreciation in cheese values, with some check in buying for export.

There is practically no change in the trade situation at Toronto. The demand for woollens and heavy dry goods generally has been restricted in consequence of mild weather, and prices show little change. A fair sorting up trade in fancy goods, hosiery, etc., has been done. Stocks of merchandise at country points, generally speaking, are not large, and with seasonable weather an increased movement would be in order. Wholesale dealers in groceries, hardware and leather report a satisfactory trade. Payments continue good, and prices in most instances are firm. There continues to be a good export trade in wheat and flour. Several large western millers have orders ahead to keep them busy all month, and the prices are satisfactory. Red wheat is in best demand for export. Prices of dressed hogs are lower, the mild weather causing packers to hold off. Railroad traffic continues heavy. Gross earnings of Canadian Pacific for the month of October were $2,784,000, which is an increase of $693,000 as compared with October, 1896. Grand Trunk earnings for the first three weeks of October were $1,629,753, an increase of $49,989 as compared with the corresponding period of last year. Money is easy. Call loans at Toronto 4 per cent., and prime commercial paper is discounted at 6 per cent. The Bank of England discount rate is unchanged at 3 per cent., and the open market rates easier at 2 13-16 to 2⅞ per cent.—Daily Bulletin.

A BULK OF BOODLE

Will Be at the Disposal of the First Executive of Greater New York—Salaries Will Be $33,000,000.

New York, Nov. 4.—The Herald says: More than 50,000 persons will directly or indirectly draw pay from the city in the first administration of the Mayor of Greater New York. The salaries of 33,000 of those, whose names will be actually on the city's pay roll, will aggregate $33,000,000. Part of this amount represents the salaries and patronage of the other officers elected on Tuesday, but this is comparatively small, most of the total representing the patronage of Greater New York's first Mayor, Robert A. Van Wyck. A conservative estimate of those who will draw pay indirectly from the city through city contracts and the like is 22,000. Mayor Strong at the head of the greater city charter was passed, estimated this force as equal to, if not exceeding, the actual number of all officeholders. Second only to the President of the United States in the value of his patronage, the first Mayor of the greater city is first in the significance of this patronage. With his colleagues-elect of the same political party as himself, Mr. Van Wyck can lead an army of officeholders and those indirectly employed by the city as great as the Army of the Potomac.

Evangelina is in Luck.

Chicago, Nov. 4.—Mrs. Celia Wallace, who resides at the Auditorium and is a childless widow, has taken a fancy to Evangelina Cossio y Cisneros, the Cuban refugee, and has offered to adopt the Cuban maid and make her an heir to a fortune estimated by friends of Mrs. Wallace at $500,000. Evangelina looks with favor upon the proposition, and in all probability will accept it.

A WONDERFUL CHANGE.

Mr. R. Wheatley, of the Department of Militia, Ottawa, says in reference to Doan's Kidney Pills that they are the best remedy he ever tried.

Mr. Wheatley makes the following statement:

"I suffered a great deal for a long time with severe pains in my back over the kidneys, restless, headaches, sleepless and general debility also made life a burden.

"Hearing of Doan's Kidney Pills I thought I would try them, seeing that no other remedy had succeeded in my case.

Well, from the first a wonderful change took place, and I continued to improve rapidly until, at the end of six weeks, I was cured.

"I now eat well, sleep well, have no pain, dizziness or headache, and am in fact all O. K., thanks to Doan's Pill, which it is needless to say I recommend highly."

Doan's Kidney Pills are sold by all druggists at 50c. per box, or six boxes for $2.50.

LOCAL LIVE STOCK.

There was a light run of stock at the Western Cattle Market to-day, 16 car loads all told, composed of 200 cattle, 350 sheep and lambs, 13 calves and 1100 hogs. Trade was dull, only a few sales being made, which were principally in butchers' cattle, feeders and stockers.

Prices remain about the same as Tuesday's quotations in the different classes of cattle, which will be found below.

William Levack bought several mixed lots of butchers and exporters, paying all the way from $2.75 to $3.75 per cwt.

Several loads of butchers' cattle have been on the market since Tuesday, and are still unsold, one load of extra choice, 16 heifers and 4 cows, as good a lot as we have seen for some time, belonging to A. J. Brock of Kerwood.

Peter Campbell sold 20 heifers and 4 cows, good butchers' stuff, at $3.35 per cwt., which cost $3.50 per cwt. in the country, losing in the transaction $114.

Heavy feeders sold fairly well, one extra heavy choice lot of 10 steers, weighing 1190 lbs. each, were bought by M. McLaughlan of Glencoe at $47 each, which was more than they would bring for export purposes, and the highest price paid for some weeks, showing that the farmers have faith in the trade for the future.

Another farmer, George Earley of Kerwood, Adelaide Township, bought 24 steers, weighing 1040 lbs. each, at $3.40 per cwt.

T. McCarthy of Buffalo bought 60 stockers, some of them very small, at prices ranging all the way from $2.40 to $3.35 per cwt., according to weight and quality.

The bulk of the feeders sell at $3.40 and $3.50 per cwt., and a few choice lots at $3.60, while an occasional load, like the load bought by Mr. McLaughlan, which were high-grade steers in good condition, will bring a fancy price.

Prices for the different classes of bulls remain the same.

About 10 milch cows sold at prices ranging from $20 up to $50, which was paid for one extra good one, but this must not be regarded as being a common price, for the bulk of the cows sell at $35 to $45 each and they must be good at that.

Calves sold fairly well at quotations given below.

The market for sheep was not so good, export ewes selling at about $3 per cwt.; bucks $2.50.

Lambs were worth about $4 per cwt., and $2.75 to $3.75 each.

The hog market is weak, with a downward tendency; $4.50 for choice selections, $4.25 for thick and light fats were the prices to-day, in all probability the price will be down to $4 next week.

William Levack was shipping 2 cars of export cattle.

P. McConvey, 1 double-deck of lambs to Buffalo; R. Ross, 1 car of feeders to Alvinston, per C.P.R.
