He gave some rather interesting descriptions of the manner in which the Salvation Army has assisted the men, and painted some heart-rending scenes where a young man dying had been attended to by the Salvation Army.

"Those were hard times for the boys," he said, "had it not been for the boys," he said, "he boys, "he said with the second get-together dinner to be he

Speaking of the latter days of the war, the speaker declared that after the Canadians had pounded away for years the kaiser suddenly began to change his socks daily because he could smell "Defeat," and finally both he and his war lords were conquered. "The people of this land talk of sacrifice," he declared. "None of you know what the word means. You had a little oatmeal mixed in your flour or something like that, but these boys over there had sawdust and dirty black muddy stuff at that. Not a man has given up chewing or smoking tobacco, and not a woman had sacrificed her talcum powder to help the war, so that what sacrifice they made was as nothing compared with that of the boys over there."

FLORIDA WATER PROVED POOR SUBSTITUTE FOR INDIAN'S "FIREWATER"

Victim Waş Unconscious and Gave
Doctors Battle to Bring Him Cut.

ST. THOMAS, Jan. 8.—Thomas Kick, an Indian, almost "kicked out" last night at a late hour as a result of a drunken spree in which he made use of Florida water as a substitute for the long-forbidden "firewater." Thomas obtained his supply, according to what ae told the city police magistrate today, from a druggist in the west end of the city. He and his friend, Stanley Hill, another Indian, drank the contents of GUILTY TO THEFTS THEY ofty. He and his triend, Stantey Hill, another Indian, drank the contents of several bottles of the substitute, and proceeded to "celebrate" along Centre

A resident of that vicinity telephoned to the chief of police, and he began a search for the men. Late last night he found them in an empty house, and Kick was unconscious, and while his friend was apparently merely drunk and incapable. Kick was suffering from a terrible pain.

ST. THOMAS, Jan. 9.—As a result of the institution of an eight-hour day in the various departments of the big railways operating in St. Thomas, telegraph operators on the M.C.R., G.T.R., Wabash and Pere Marquette have also received orders to start on an eight-hour day within the next month. This will mean an extra man being required on each 24 hours. At the present time there is a serious shortage of telegraph men in this district, and in many outlying stations women operators have been on duty for nearly a year. There are a number of students, however, who have just completed their training, and they are rapidly being placed by railway companies.

ST. THOMAS, Jan. 9.—There appears to be a considerable amount of ill-feeling on both sides the controversy association. At the meeting of the man, who was present at the meeting of the man, who was present at the meeting of the just completed their training, and they are rapidly being placed by railway companies.

SHOE WORKERS ORGANIZE PRIOR TO ASKING FOR CHANGE IN CONDITIONS

meeting of the employees of the Just Wright and Nursery Shoe Company was held tonight in the committee rooms in the city hall for the purpose of organizing a union among the various departments. J. W. O'Dell of Boston, organizer for the union, was present, and steps were taken for making a thorough organization. The employees, especially the female departments, will demand several changes, among them a nine-hour day and better working conditions. They want a dining and wash room in the Just Wright, and with this increased pay will also be coupled and the abolition of piecework.

It has been agreed by Mrs. T. W. Nisbet, a member of the executive, who is head of the local Council of Women, that she will call a meeting of the local council at 4:30 o'clock Friday afternoon of this week, at which Harry Ewens, associate director here, will be present and address the women upon the important work in hand, asking their fullest co-operation. In many modern chamber of commerce cities today the ladies have taken out a number of memberships, and are holding responsible executive positions.

Other important business that is now in hand is the selection of the team captains by the executive committee, and the adoption of a general statement to the public commending this movement.

Went out on the 6:40 train, arriving before the liquor was claimed. The consignment was shipped from Montreal some days ago to Wm. M. Ross, Guelph Junction.

No person by that name lives there or in the neighborhood, and it was this fact that aroused the suspicion of the agent. There is enough alcohol in the capture to make several thousand dollars worth of whiskey.

Acting for the Ontario Provincial Board, N. Jeffrey will today lay an information against W. M. Ross, and will apply for an order for the confiscation of the liquor.
