POLICE PENSION FUND.

City is Requested to Make a Grant of
\$25,000.

Chief of Police Grasset asked the board of control yesterday to grant \$25,000 towards the police pension fund so as to put it on a sound basis. The men, he said, were giving 1 per cent. of their salaries, which was as much as could be expected. Many of the members of the force should be retired, but were kept on because it would impoverish the fund to pension them.

The board sent on to next year's works committee the city engineer's recommendation that a storm sewer be constructed from University avenue to the Don, at an estimated cost of \$200,000.

Albert Chamberlain of the British Welcome League told the board that many destitute men were willing to work, but could not for lack of picks and shovels. The controllers decided about 200 tools should be provided.

Commissioner Chambers says that only 25 of the 40 men who were to have turned up yesterday for work on the Chester-street sandpits actually reported. The holders of checks 156 to 205 are asked to report at 11 a.m. today, and 206 to 245 on Monday.

Manager Fleming says that no change will be made in the system of street railway stops until next spring. Samuel W. Black of Parkdale may be an aldermanic candidate in the sixth ward.

"Busted" the Combine.

COLUMBUS, O., Dec. 20.—In the circuit court at Dayton to-day, Attorney-General Ellis took judgment of ouster against the twenty Ohio companies and firms dealing in plumbings, who were found to be in the national combination of such dealers. The companies had demurred to the petition, and the demurrer was over-ruled and judgment given to the state.

The court orders them out of the combination, and not to observe or obey any of its rules and regulations.

Those hollow cheeks, that feeble walk, sunken chest, and woe-begone, vacant expression, to most people are evidences of the work of consumption. Even the small hacking cough, night sweats and wasting of the body, so popularly accepted as indications of the same dread scourge, are in many instances entirely misleading. Nineteenths of these so-called "consumptives" are only cases of underfeeding.

Especially in children and young girls there is a sad lack of appetite, no vitality, cheeks are pallid. Many adults are just as bad, because they, too, starve the body.

Before you and your children get beyond the reach of medicine, commence treatment with Ferrozone, the best appetizer and most nutritive tonic known. Ferrozone creates an appetite, keens a razor; it simply makes you eat, and besides it strengthens digestion so much that all food is assimilated and at once converted into nourishment for the blood, brain, nerves and muscles. The general health is built up in a marvellous way by Ferrozone, which overcomes weakness and debility in both young and old.

The systematic use of Ferrozone, together with fresh air and exercise, will in a short time restore any person in poor health.

CLERGY IN POLITICS.

Rev. Dr. Morrison's Interference is Criticized by L'Evelement.

MONTREAL, Dec. 20.—(Special.)—L'Evelement of Quebec thinks it passing strange that the Rev. Dr. Morrison of Ormstown should have interfered so publicly in the recent election in the County of Chateauguay by supporting Ald. Mercier, the Liberal candidate.

That paper says: "It is well understood that the Catholic clergy are not held to mix up in politics. If, for instance, one of our priests expresses his moderate preference for a candidate during an electoral contest there are good people who are greatly scandalized and when the priest's words are reported to his bishop a justification is immediately in order. In fact, a certain provincial minister, a Quebecer cannot, it appears, pardon a parish priest who simply goes to the poll and votes against him. Let us take note also that this worthy priest, that he never talks politics with them and in fact they do not know for whom he casts his ballot. It looks, however, as if the Protestant clergy disclaim such a reserve in politics, as the recent election in Chateauguay is the proof. At a meeting held Dec. 12 at Ormstown, the chief English-speaking centre of the county, 300 people were present, and Mr. Mercier, the ministerial candidate, was the first speaker. What, therefore, was the surprise of French-Canadians present from Montreal when they saw a Protestant minister mount the platform and speak in favor of Mr. Mercier and combat the other candidates with arguments of an extreme violence. This was the Rev. Dr. Morrison. We do not know what effect his speech produced upon his hearers, but it must have been very considerable, as Mr. Mercier's success in Ormstown exceeded the hopes of his most optimistic friends. The course pursued by the Rev. Dr. Morrison should be commended more than necessary, but let us for a moment imagine the attacks of The Soleil and The Vigil against a Catholic priest who would have spoken in favor of Mr. Laberge."

GERMAN EARS MAY NOT HEAR THE DISCLOSURES

Emperor's Special Representative
is Refused Admission to the
Court—Public Disappointed.

BERLIN, Dec. 20.—Emperor William, who is following the evidence taken in the Harden-Von Moltke libel suit with the utmost attention, to-day sent to the court house Lieut. Preterner von der Heide, the Emperor's special representative in order to secure a full and impartial report of the proceedings. The judges declined to permit the lieutenant to remain in court when the remainder of the public was excluded, and he thus was unable to obtain the details of the trying ordeal which Prince Philip, Count Kuno von Moltke, who was present throughout the session, also is said to have been examined. When the lieutenant left the court he looked far more cheerful than hitherto had been the case.

The reports in circulation that all further proceedings in the suit will be held in camera have caused general disappointment, for the opinion prevails that Count Kuno von Moltke should be given an opportunity to rehabilitate himself before the public, which heard the terrible charges brought against him at the previous trial. It is possible that the judges in whom lies the discretion to have public or secret hearings, may decide at a later period to re-open the court to the public. The case is expected to continue until Dec. 24.

PASSED DIAMOND DIVIDEND.

DeBeers Will Strengthen Reserve to Maintain Prices.

LONDON, Dec. 20.—The deferred dividend on the De Beers Consolidated Mines, Limited, the diamond syndicate, was passed to-day, owing to the unfavorable outlook in the diamond trade, which is a cause of the restriction of purchases in America, since the financial disturbances and the dumping of large quantities of stones on the market in recent months before the agreement with the De Beers Company also demoralized the market. The company considered it necessary to strengthen its reserve in order to maintain prices, and a telegram received here to-day from Kimberley says the company should have worked in the diamond mines to be restricted to five days a week.

MOTHER STANDS BY CHILD.

Will Nurse Little One Back to Health Here.

BROCKVILLE, Ont., Dec. 20.—(Special.)—Another case of smallpox has developed at the home of John Young. His youngest child, aged 11 months, was taken from a mild form of the disease and was removed to the Isolation Hospital to-day. Mrs. Young, the mother, is a nurse and is now caring for it. There are now three patients under treatment at the Isolation Hospital.

PRISON TO WIN SWEETHEART

Walter Fitzgerald Forged Cheques to Raise Money.

WINDSOR, Dec. 20.—(Special.)—Walter Fitzgerald, who pleaded guilty to charges of embezzlement and forgery while employed by Trussed Concrete Steel Company, Walkerville, was sentenced this afternoon to one year in the Central on each charge, sentences to run concurrently. Fitzgerald admitted raising the cheques and securing \$3000, purchasing gifts with the money for the lady to whom he was paying attentions, and who afterwards became his wife. He had a wealthy neighbor as a rival and successfully sought his sweetheart by lavishing gifts on her. A quantity of jewelry was offered and accepted as partial restitution.

London Wool Sales.

LONDON, Dec. 20.—A sale of Cape of Good Hope and New Zealand wools was held here to-day. The offerings were in moderate condition and amounted to 155,226, of which 57,659 were sold. Competition was weak, owing to the poor attendance. Long-wooled skins declined 1-4 to 1-2-24. Short-wooled 1-4 to 1-2-24, and coarse 1-4 to 1-2-24.

Cattle Market Contract.

The privilege of collecting fees and selling feed at the Western Cattle Market was yesterday leased to R. J. Hunter of Dundas-street, who tendered \$22,000 for the privilege of selling feed. This is \$3549 in excess of the price received last year. Joseph Atkinson, the former lessee, was the unsuccessful tenderer.

Nitrate Workers' Strike Spreads.

SANTIAGO, Chili, Dec. 20.—The strike of the nitrate workers continues to grow, and to-day every nitrate plant is shut down. The nitrate business being one of the principal resources of the country, serious complications are likely to follow the paralysis of this industry.

Avoid the Rush.

To relieve the congestion and possible delay at station all intending to take holiday trips should purchase their tickets in advance at Grand Trunk Office, northwest corner King and Yonge-sts.

Taft Home.

NEW YORK, Dec. 20.—Secretary of War Taft arrived here to-day on the steamer President Grant from his journey around the world.

Whitlaw Reid, the U.S. ambassador to Great Britain, arrived here to-day on the Mauretania.

NO MORE REBATES.

Companies Are Uniting to Stop Pernicious Practice.

A largely-attended meeting of the life insurance agents of Toronto was held yesterday, when a great deal of interest was manifested in the address given by T. Bradshaw on the subject of rebating. The meeting was also addressed by Col. W. C. Macdonald, president of the Life Officers' Association, which has in hand an agreement binding all the companies to a strong anti-rebate campaign.

Mr. Bradshaw explained at some length the provisions of the agreement, which provides for heavy penalties upon agent and company convicted before a referee of the practice of rebating. The object of the measure is to ensure equal payments by all insurers, and also to back up by a strong compact any legislation enacted at Ottawa, with a view to suppressing this evil of the business.

A striking statement by J. O. McCarthy, the president of the Toronto Association of Life Agents, was that during the present month not a single instance of rebating had come to his attention, during a particularly active month's business, and he expressed his belief that the sentiment was now so much against the practice that it had almost wholly ceased.

The general opinion of the meeting seemed to be that the measures adopted by the companies and also the underwriters' association would work out satisfactorily. Mr. Bradshaw stated that one clause in the agreement was that it would go into effect on the 1st day of January, 1908, or when signed by the various companies interested, which comprised practically all the companies doing business in Canada.

A hearty vote of thanks was tendered to the speakers.

KEEPING BUSY.

Every now and again the rumor finds its way to the newspaper offices that certain large establishments are laying off their employees by the hundred or closing down entirely for a season.

Last night a phone message informed The World that the Massey-Harris Company had laid off 500 men. Supt. Verity declared this was unfounded. "We have 1700 men busy, being more than we had a year ago, and we need them all," he said. "Sometimes the moulding shop gets ahead of the other departments and if we lay off 20 men it is magnified to hundreds."

STAMFORD, Dec. 20.—"It was Mr. Roosevelt the man, not Mr. Roosevelt, the president of the United States, whose name for a toast got such a cold reception at the Montreal dinner." With these words William J. Long, whom Mr. Roosevelt once called a "nature faker," replied to-night to the army of letter writers, who, he says, have beset him with all sorts of threatening missives ever since he returned home. Because his attitude as guest of the Quebec Fish & Game Protective Association had been misrepresented, Mr. Long explained, he had been called everything from a traitor to an assassin.

Toronto Council, C.O.C.F.

Toronto Council No. 214 of the Canadian Order of Chosen Friends held its annual election of officers on Wednesday, Dec. 18, when the following officers were elected: Past councillor, A. R. RHEUMATISM A TIME-TRED REMEDY FREE UNTIL CURED

Of all sufferers, none is more helpless or deserving of pity than the Rheumatic. It is simply a waste of time to talk about symptoms. Every sufferer who experiences its agonizing thrusts and twitches knows all he wants to about it, and all he thinks of and prays for is a remedy. Rheumatism is found in various forms, and is due to a variety of causes, which are all fully explained in my free book. What I wish particularly to impress upon you here, is that I have a remedy for this distressing complaint, as I have clearly demonstrated during my many years of successful practice in Electricity. As yet, there has not been a drug, or a combination of drugs, found, that will cure Rheumatism. Some partially relieve it for a time, but they do so at the expense of the stomach. From my vast experience with electricity, I honestly believe it to be the true and natural remedy, and so confident am I of what my invention will do, that any responsible sufferer, no matter how bad his case may be, can make arrangements to get my Appliance, the world-famed

Dr. Sanden Electric Belt Free Until Cured

It is not necessary to make any advance payment or deposit. I will send you the Belt, and if at the end of, say two months, you are well or satisfied, pay me the usual price of the Belt—in some cases only \$5.00. If not satisfied with the results, return the Belt to me, and the deal is closed. Liberal discount for cash if you prefer to deal that way. This is a straightforward business proposition, and one which I could not afford to make if I did not have great confidence in my treatment, born of years of successful conflict with this dread disease. My Appliance is simply worn about the waist, like an ordinary belt, at night while you sleep. Ease from your pains will follow almost immediately, and a complete and permanent cure later on.

I want every sufferer from Rheumatism and Kidney trouble to read my book. It is beautifully illustrated, and is sent free, sealed, upon request. Write or call for it to-day. It will place you under no obligation whatever to buy a belt. I simply want you to read of the wonders of electrical treatment. Address
