## CANADA WELCOMES ACTIVE AID OF U.S.

Sir George Foster Voices  
National Gratification  
Over Step.

### HEARTENING EFFECT

Complete Disaster to Teuton  
Combination is Now  
Fully Assured.

By a Staff Reporter.

Ottawa, April 8.—The official expression of Canada's pleasure at the entrance of the United States into the war was voiced tonight by Sir George Foster, acting premier, who said: "The entrance of the United States into the war is an event of far-reaching importance and in the end has been dramatic to a degree. The fact that for nearly three years a great liberty-loving and humane people, despite all that German ruthlessness had done, kept clear of hostilities, the under circumstances which tried their pride and offended their sensibilities to the utmost, is proof of the great reluctance with which he regarded the final appeal to force. Now that they have taken the fateful step the rapidity of movement and the unanimity of accord have surprised the world. The effect will be immediate and wide-reaching."

Heartens Allies.  
"Morally the accession to the allied cause of the last great neutral democracy will put fresh heart into the entire nations, wearied and wasted as all are with the gigantic struggle."

"Equally will it spell complete disaster to the Teuton combination already practically balked of its objective by the long and heroic efforts of the allies on all fronts. Nothing that has yet occurred outside of the swift deposition of the Romanoffs by the democracy of Russia will tend more to unsettle the mass of the German people in their stolid belief that the Kaiser was invincible and that the present regime was the best for Germany."

Co-operation of Fleet.  
"The protest of one hundred million people, backed up by almost limitless resources, will tell powerfully with the masses of Germany and Austria, and incline them to distrust the promises of victory and expansion so long held out to them."

"The first aid will come to the allies by co-operation of the fleet of the United States for the protection of the sea routes and the restriction of the activities of the submarines and the raiders. The financial strength of the United States and her capabilities of supply are enormous factors at this particular juncture, when the resources of the allies have been so drastically called upon for both army and civil population."

Develop Striking Force.  
"And it will not take very long to develop a striking force of the finest quality and in large numbers, which, should the war be prolonged another year, would be a determining factor in taking into account the growing exhaustion of the man-power of the central empires. But, more than all, the entrance of the United States into the contest marks the unanimity of the world democracy in defence of liberty and right, and equally marks the downfall of autocratic governments and all the anarchy they hold for the peace of the world."

"Such that liberty can only be bought by such sacrifices, but so it has been thru history, and so it will be in this instance. But the guarantees of enduring peace are greatly strengthened by the active intervention of the United States in this great world quarrel."

### Winnipeg Railway Company Claims \$1,000,000 From City

Robert C. Newman, inspector of moving picture theatres, states that no one has any authority to interfere with City Architect Pearce if he goes into moving picture shows to inspect them, and that the statement that he would be arrested is not true. Mr. Newman says that the law empowers municipalities to appoint officers who equal powers as himself to make inspections of picture theatres during construction, and the fire chief can also go into any part of the theatre and enforce the law at any time.

### CHURCH AND POLITICS.

Parishioners of St. Clare's, Earls-  
court, Hear Address From  
W. J. Brain.

"The Church in Politics" was the subject of an interesting address by William J. Brain, ex-president of the Gaelic League, delivered in St. Clare's Church basement hall, Earls-court, under the auspices of the Holy Name Society last evening. President Fred Rowe occupied the chair and there was a good attendance of the parishioners.

### OUTLOOK FOR WHEAT NOT VERY PROMISING

Heavy Frosts of Past Week or So  
Have Worked Much Harm  
in Ontario.

Farmers in the city Saturday attending the mill producers' and other organizations were not very sanguine as to the future of the fall wheat crop thru the Counties of York, Ontario and Peel. They say that fall wheat went under cover with less growth than in years, and that notwithstanding this it came thru in good shape until within the last week, since which time heavy frosts have apparently done it a good deal of harm. Nearly every night for a week the ground has frozen hard, only to thaw out during the day, while the high winds sweeping over the fields is regarded as bad for it. Clover, where it survived the drought of the summer, came thru the winter well and looked very promising, but it, too, is being adversely affected by the severe frosts.

### BROTHERHOOD HEARS EASTER ADDRESS.

President Rev. Archer Wallace, M.A., delivered an address on "The Magnetism of the Cross" at the Earlscourt Men's Own Brotherhood meeting in Central Methodist Church auditorium, Ascot avenue, yesterday afternoon. There were over one hundred members present. Miss Hope Morgan, soprano, sang several appropriate Easter selections.

### AT CENTRAL METHODIST CHURCH.

Earls-court Central Methodist Church, Ascot avenue, was crowded at both services yesterday. Rev. J. Ritchie Bell of Montreal, who is conducting a fifteen days' evangelistic series of services, preached on "What is a Christian?" in the morning and on "Christ Crowded Out" in the evening. The augmented choir of 75 voices rendered special music.

### AT WYCHWOOD CHURCH.

Easter Services at St. Michael and All Angels Best in Church's History.

Special Easter Day services were held yesterday in St. Michael and All Angels' Anglican Church, Wychwood. At the morning service, conducted by the rector, Rev. W. J. Brain, assisted by Rev. W. E. Mackey of Trinity College, there were over 400 communicants. Four other services were held throughout the day.

"We had the largest congregations and the best collections in the history of the church," said Rev. W. J. Brain to a reporter for The World. There are 320 names inscribed on the honor roll of men of the parish overseas, of which 18 have been killed in action and two are prisoners of war.

### MEMORIAL SERVICE.

Under the auspices of the Hope of Earls-court Lodge, I.O.G.T., an impressive memorial service for the late Pte. Gordon Alex. Anderson was held in St. David's Presbyterian Church, Harvie avenue, yesterday afternoon. There was a large attendance of the membership, wearing the regalia of the order, and friends of the late soldier. Rev. Bro. C. A. Mustard officiated.

### RESIDENT OF ELGIN MILLS DEAD.

Walter Chatterley, 63 years old, a former resident of Thornhill, and who some years ago moved to Elgin Mills, died yesterday in that village after a long illness. The late Mr. Chatterley was for a number of years, under

the old system of road maintenance, employed on the Yonge street roads, his father occupying the position of foreman. Mr. Chatterley is survived by his widow, two sons and two daughters. He was a member of the Anglican Church, a Conservative, and interested will take place at Thornhill on Tuesday afternoon.

### WILL ERECT CROSS.

Handsome Marble Symbol to Stand on West Gable-End of New Church.

The work of placing the handsome marble cross on the west end gable of the new Anglican Church of St. Michael and All Angels, St. Clair ave., Wychwood, will take place today. According to the statement of Rev. W. J. Brain, the rector, the cross, which stands five feet high, is made of white marble and the circle around the arms is gilded with gold leaf. It is the gift of Dr. John M. Baldwin, Lyndhurst avenue, who is at present overseas with the Canadian Army Medical Corps. When erected the cross will be a striking landmark in the north-west district and will be seen for a considerable distance.

### MAY LOSE LEFT EYE.

Frank Hiscock of Humber Bay may lose his left eye as the result of an accident which happened to him on Saturday night at the Steel Co. of Canada, where he was employed. According to the authorities at the Western Hospital, the man was struck below the left eye with an iron bar either dropped by some one, or which fell from a shelf.

### REFORM STEPS IMMINENT.

London, April 7.—An Amsterdam despatch to Reuters' says that the Koolhaas Volks Zeitung reports that preparatory steps for a reform of the Prussian electoral system are imminent. The paper says that a bill will be introduced immediately after Easter.

in amassing testimony to the cures effected by Dr. Chase's Nerve Food. During the last few weeks everybody seems to be talking about this great food cure. Persons who were weak, nervous or anaemic have found in this well-known restorative the very assistance they needed to regain health, strength and vigor. This is the way they tell their experiences:

### Dizziness

Mrs. E. O'Neill, Anne Street, Brockville, Ont., writes: "I was troubled with nervousness, heart trouble, dizziness and a general run-down condition of the system, and it was only with difficulty that I could do my work. I had doctor for some time without much result, until a friend in Ottawa, advised me to try Dr. Chase's Nerve Food. I did so, and after taking a treatment found a great improvement. I can now get a good night's rest and am able to do my work much more easily. When I am not feeling just up to the mark I take a few of the Nerve Food Pills, and find great benefit from them. I am glad to recommend the use of Dr. Chase's Nerve Food to anyone suffering from nerve trouble of any kind."

### Could Not Sleep

Mrs. T. Hutt, 47 Church Street, Brockville, Ont., writes: "My nerves were in a very serious condition—I could not sleep at night, had frequent headaches, and would not stay alone in the house. Any little noise would set my nerves all going. Seeing your ad. in the newspapers, I sent for a trial box of Dr. Chase's Nerve Food, tried it, and before finishing could get such an improvement that I continued the treatment until I was completely cured."

### Easily Fatigued

Mrs. Wm. H. Moore, Buell St., Brockville, Ont., writes: "I was troubled with dizziness and sick stomach for some little time; my heart action was weak and circulation poor. I became restless and easily tired. I commenced a treatment of Dr. Chase's Nerve Food, and found almost immediate relief. I have taken about six boxes of this splendid remedy, and intend to still continue to use, as they have been of such benefit to me."

### Nervous Indigestion

Mrs. J. F. Clow, 20 King St. West, Brockville, Ont., writes: "I had nervous indigestion so bad that I could not eat anything, and failed from 175 pounds to 130 pounds. I consulted doctors, but they did not seem to understand my case. I saw Dr. Chase's Nerve Food advertised, and as it seemed to fit my case I decided to try it. Even from the first the Nerve Food seemed to agree with my stomach, and I was soon able to eat and digest my food. I continued the treatment until I fully recovered, and now I would recommend the use of Dr. Chase's Nerve Food to anyone suffering from nervous indigestion."

### Sick Headaches

Mrs. E. H. Hutt, 262 Brock St., Brockville, Ont., writes: "Last winter I was bothered with severe sick-headaches, biliousness, nervousness and sleeplessness. I also had trouble with my hands; they used to go to sleep, and sometimes I could not wash dishes, knit or do anything like that. I had been doctoring for some time without result. One day a friend said to me: 'Why don't you try Dr. Chase's Nerve Food?' It will help you." So I decided to try it, and while taking the first box I began to feel a little better. I

### Gained in Weight

Mrs. F. A. Meager, 1 Park St. South, Brockville, Ont., writes: "I suffered for years from nervousness, sleeplessness and weak spells. I had neuralgic pains through my body and very severe pain through the back; my nerves twitched something dreadful. I had indigestion, and could not eat any solid food at all. My heart action was weak, the circulation very poor, and my gums and lips used to be blue. I went to see the doctor, but he told me there was no cure for me. I therefore tried Dr. Chase's Nerve Food, and am pleased to say that they have helped me wonderfully. I can now eat much better, and can take solid food without any difficulty. I have taken four boxes, and during that time have gained twelve pounds. I am so much better that I mean to continue the treatment for I am confident they are the things to take to build up the system, give strength and make one feel like oneself again. I have tried lots of other medicines, but they did not do me any good. I hope this letter will help others who may have suffered in the same way as I have."

### SEND NOTE REGARDING BERNSTORFF'S TREATMENT

Amsterdam, March 7, via London.—A Berlin telegram quotes from The North German Gazette, the semi-official Berlin newspaper, a long article handed to the Swiss legation in Berlin by the German Government protesting strongly against the treatment of Count von Bernstorff, former German ambassador to the United States, by the British authorities at Halifax, where von Bernstorff's party was taken for some time on the ship examination. The protest maintains that the action of the British authorities in this connection conflicted with the terms of the safe conduct granted the returning ambassador.

The Swiss legation is requested to transmit the complaint to Washington for the information of the United States Government.
