THE EVENING TIMES-STAR, SAINT JOHN, N. B., TUESDAY, JUNE 29, 1926

BOOST MORE ON ATTRACTIONS IS ADVICE TO N. B.

Former Saint John Man,
Here on Visit, Gives
Views

"You have millions of dollars worth of saleable merchandise on your shelves in tourist attractions, so to speak, but from my observation the last few days it seems as if you will have to sell them to your own people first before the outside world will learn about them thoroughly well."

So thinks Charles W. Short, a Saint John boy who lived at the foot of Elliott Row nearly 20 years ago, and has come east on a short visit to his mother, Mrs. H. H. Dryden, Truro, N. S. Mr. Short is manager of the hardware department of The Kallipell Mercantile Co., of Kallipell, Montana, a town of 7,000 people, 200 miles north of Butte.

WESTERN SPIRIT

Out in Montana, said Mr. Short, the slogan is "Have you seen Glacier National Park?" This question is being branded into the minds of the whole of the United States by chambers of commerce, Rotary, G. W. V. and Kiwanis clubs, press, pulp and all public and private organizations, schools, etc., within a radius of 1,000 miles of this famous sight-seeing spot. When the former Saint John boy registered at the Adams House, Boston, a few days ago from Kallipell, Montana, the clerk remarked: "Oh, yes, you're from the Glacier National Park district, aren't you?"

COMMUNITY BOOSTING

Out in the western country where communities get behind their natural attractions. In Mr. Short's opinion, nothing has been seen yet offered the variety, natural attractiveness, sporting possibilities or restful recreation that one could get in the Maritime Provinces. He realized, from a traveled experience, that there was enough to interest the money tourists of the popular east in New Brunswick, and to circulate a steady stream of money amongst all people if a substantial outlay in cash and co-operative effort were made to let outsiders know about it.

HOME BOYS SUCCEEDING

In the corporation with which Mr. Short is identified are several prominent men formerly of this province, including the late H. H. McLean, of Missoula, formerly of Penobscot, Kings county, and H. C. Keith, once of Hallowell, general manager. Another New Brunswicker with whom Mr. Short comes in contact quite frequently is Herbert V. Alward, of Seattle, now manager of the Bank of California, in that city. Mr. Alward is a former Saint John resident.

Mrs. Short, formerly Frances Smith,

Yes—"Off-Color" Teeth Can Now Be Lightened Gums Firmed to Healthy Coral Tint

Accept full 10-day tube of this new way that leading dental authorities urge. Your teeth are not naturally dull... simply clouded by a dingy film coat now easily cleared off.

THERE is now a new way in tooth and gum care. A way that acts differently from ordinary pastes and dentifrices. A way that clears cloudy teeth to sparkling whiteness; that firms gums to a healthy coral tint to contrast them. Modern dental science has made important new discoveries. It's been proved teeth are seldom naturally "off color." Simply clouded by a dingy film coat that old-time dentifrices did not successfully clear off. Let us send you a full 10-day tube to try. By clearing your teeth of that film coat, you may change your whole appearance.

What film is—dulls teeth, invites gum disorders. Dental science now traces scores of tooth and gum troubles to a germ-laden film that forms on your teeth. Run your tongue across your teeth and you will feel it—a slippery, viscous coating. That film absorbs discolorations from food, smoking, etc. It makes teeth look "off color" and dingy.

Old ways won't clear it off. Ordinary dentifrices and cleansing won't fight film successfully. Feel for it now with your tongue. Note how your present cleansing method is failing in its duty.

Now new methods are being used. A dentifrice called Pepsodent—different in formula, action and effect from any other known. Largely on dental advice, the world has turned to this method.

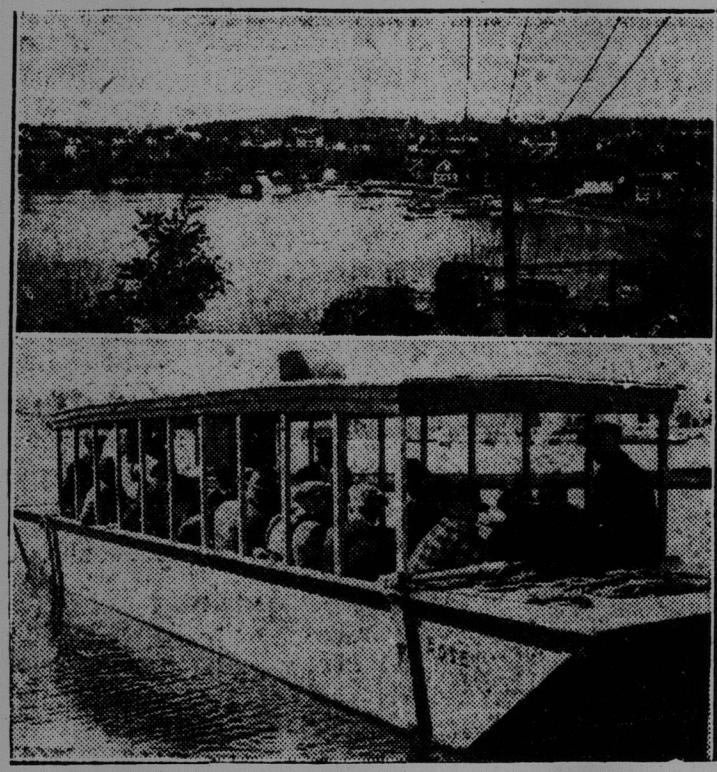

Clears film off. Firms the Gums. It accomplishes two important things at once: Removes that film, then firms the gums. A few days' use will prove its power beyond all doubt. Send the coupon. Clip it now before you forget.

FREE Mail this for 10-Day Tube

NAVIGATION TO RED LAKE

The lower view shows The Rose, one of the new boats leaving Sioux Lookout, on its maiden trip with passengers for the new mining field. The upper picture shows the town of Sioux Lookout from which many parties leave for the mining fields of Red Lake, Rice Lake and Woman Lake.

of this city, is now in Minneapolis, awaiting the arrival of her sister, Mrs. Alexander Gregory, of 275 Germain street, this city, who with her husband and niece, Miss Violet Gregory, will spend a few weeks visiting at this half-way rendezvous.

Veterans To Have Special Meeting

The executive of the Saint John branch of the G. W. V. A. met last night and received the report of the delegate to the recent provincial convention held in Fredericton. It was decided to call a special meeting of the association at an early date to consider the convention report and the recommendations with regard to entry into the Canadian Legion under the recently formed provisional provincial council.

G. G. Dryden presided last night. Other business consisted of hearing the report of the house committee with recommendations concerning the property and the renovation of metal work on the roof and gutters as well as renovation of plumbing.

PROTECTIVE ASSN. MEETS.

MONTREAL, Que., June 28.—The convention of the Protective Association of the American Railway Association was opened here today. Acting Mayor Morgan, and representatives of the various railways, as well as the heads of the police department and protective associations, welcomed the delegates who are here from many parts of Canada and the United States attending the convention.

No Papers On Dominion Day

IN OBSERVANCE OF Dominion Day, July 1, which will be next Thursday, The Times-Star and The Telegraph-Journal will not be published on that day.

VALENCIAN MAYOR CIRCUMVENTS PLOT

Learns of Plans and Flies to Madrid—Spanish Capital in Confusion

BUENOS AIRES, June 29.—The Mayor of Valencia, Spain, caused the failure of the recent Spanish plot against the administration of General Primo De Rivera, says a despatch today to La Nación from La Haya, France.

The mayor of Valencia got wind of the plot from some army officers and fled to Madrid in an aeroplane, with the news.

Madrid itself resembles a city prepared for the worst, the despatch says. Strong police details with rifles are patrolling the streets. The guards around public buildings, banks, and the Jesuit convent, have been reinforced.

King Alfonso's departure for his holiday among his relatives has been interpreted as a deliberate attempt to quiet the population and give it a sense of security and also to show his support of the Primo De Rivera government but it has only added to the confusion.

TEMPERANCE AS ISSUE

Manifesto Sent Out Following Emergency Meeting in Toronto

CANADIAN PRESS DESPATCH. TORONTO, June 28.—That the temperance forces are about to enter the Dominion political arena is suggested by a manifesto issued today as a result of an emergency meeting of representatives of the Prohibition Federation of Canada and the Ontario Prohibition Union.

The manifesto states in part that the arch-offender against national decency is the reign of alcohol in certain sections of the community. It is urged that care be taken in the selection of members of the House of Commons to assure that it will be made a criminal offence to facilitate in any way, the illegal sale of intoxicating liquor in any province or of trade in it against the laws of a friendly country.

RETAIN—CORPORAL PUNISHMENT.

BERLIN, June 29.—The dictum "Spare the rod and spoil the child" is still taken seriously by the educational committee of the Prussian Diet, which yesterday defeated a Socialist motion to discontinue corporal punishment in schools. The committee promised to call a conference within a short time for further discussion.

MISS BONFIELD ACCEPTS.

LONDON, June 28.—Miss Margaret Bonfield, former Labor member of Parliament, has accepted the invitation of the Walstead Branch of the Labor party to contest the by-election in Walstead necessitated by the resignation of Sir Patrick Hastings, K.C.

FOR Acid Stomach PHILLIPS' Milk of Magnesia

Instead of soda hereafter take a little "Phillips' Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

BETTER THAN SODA
For fifty years genuine "Phillips' Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in

FARMERS AGAIN SWEEP ALBERTA

Continued from page 1.

good chance of ultimate success for the candidates, the standing of the parties was:

Farmer 42; Liberal 9; Conservative 5; Labor 2; Independent Labor 1; Independent 1. Total 60.

The tabulation included the five leading candidates in the cities, some of whom may fall on the count of second choices.

If the indicated standing of the parties is maintained, with more complete returns, it would mean that the U. F. A. has gained strength chiefly at the expense of the Liberal party.

Adjournment of the last Legislature found the parties in the following position:

Farmers 40; Liberals 10; Labor 1; Independent 3; vacant 6. Total 60.

Despite party predictions, the vote yesterday was light when compared with that in 1921, due largely, party headquarters believe, to the absence of any outstanding issue in the pre-election campaign.

CONSERVATIVE SUCCESS.

Conservative representation in the legislature may reach a total of five seats, with members coming chiefly from the cities. The Conservative party had no representation in the last legislature at the time of dissolution, although one member was returned in 1921, as an Independent-Conservative in the Lethbridge riding. He later resigned.

VOTE IN EDMONTON

EDMONTON, Alta., June 28.—The election of Hon. J. F. Lymburn, Attorney General, was the outstanding feature of the counting of first ballots in Edmonton last night. It is believed that the new member of the Brownlee cabinet exceeded the quota necessary to elect by a narrow margin. Lymburn polled 2,958 first choice votes. Colonel C. V. Weaver, Conservative, is running second with 2,181, but is still several hundred short of the number required to elect. In third place is W. W. Peerey, Liberal, with 1,460. Joseph A. Clarke, Independent, stands fourth with 1,151, while Captain J. C. Byrd, Liberal, has 1,111.

SHOOTS NINE AND IS SLAIN BY POLICE

Negro, Suddenly Crazy, Rums Wild in Baltimore For Twenty Minutes

CANADIAN PRESS. BALTIMORE, Md., June 28.—Suddenly crazed with a rifle and two revolvers in his hands, Vance Lee, 29-year-old negro, shot down nine persons in Northwest Baltimore in a space of 20 minutes yesterday before he died with 12 police bullets in his body.

Patrolman Webster Schurman, Police Clerk Thomas Dillon and seven-year-old Mildred Duncan, negro, are near death. Of the others, all more or less seriously hurt. Several were policemen, and the rest bystanders.

30,000 PRESENT AT MIDLAND SERVICE

MIDLAND, Ont., June 28.—In this little town, 90 miles northwest of Toronto, thousands of people gathered for the funeral of a Canadian soldier, Canada and other countries for the dedication ceremonies, Saturday and Sunday, of the new shrine at Port Ste. Marie, near here, to the martyred Jesuit Fathers, Jean De Brebeuf and Gabriel Lelievre, who were killed there by Indians 200 years ago. It is estimated that 30,000 people were present at the funeral which was celebrated at the shrine Sunday morning.

FORMER RECTOR ON VISIT TO HOPEWELL

HOPEWELL HILL, June 28.—Rev. D. Jenkins, now Anglican rector at Eastport, was here this week to spend a month's vacation with his wife and daughter, and his former parishioners. Rev. Mr. Jenkins, who is a native of Wales, was rector here for several years.

CARDINALS ARE GUESTS.

MONTREAL, Que., June 28.—Cardinals Dubois, Archbishop of Paris, and Tardini, Archbishop of Bologna, accompanied by many prominent prelates of the Roman Catholic Church, will leave here tomorrow morning for Quebec, where they will be the guests of Monsignor Forbes. The party will return to Montreal tomorrow night.

MEMORIAL TO DOCTOR.

LEBANON, Conn., June 28.—A memorial to William Beaumont, pioneer physiologist of America, who led the way in research study of human gastric juice, will be dedicated here, his birthplace, tomorrow. The sponsors are members of the Beaumont Club, who are medical men from all parts of the country.

The Liberal Viewpoint

By H. F. MEARS
Staff Correspondent—Toronto Globe

OTTAWA, Ont., June 28.—Whether or not the issue will be brought before the House tomorrow afternoon, it is known that the Liberals, especially the members of the Ministry which resigned today, feel strongly about the course of action pursued by His Excellency the Governor General in refusing to grant dissolution to Premier King. The latter made it plain in his brief announcement in the House this afternoon that he was persuaded he was entitled from British precedent, to such a consent from the Governor-General. The latter's refusal to accept the advice of Premier King has created a warm murmuring of dissatisfaction which may be aired when the House meets to hear what are the intentions of the Conservatives.

While composition of the Meighen Cabinet is still only a matter of idle speculation it is stated on good authority that Hon. J. B. M. Baxter, Premier of New Brunswick, will return to the Federal arena and join the Meighen Cabinet as Minister of Customs and Excise, the post he held in 1921.

Much depends now upon the extent to which the Conservatives are ready to co-operate with the Liberals to enable the latter to complete the present session and obviate the necessity of calling an extra session. It is believed that the Conservatives will enable the passage of supply, while the Liberals are disposed to place some restriction upon the amount of supply to be voted. It is believed they would consent to not more than four months' supply. If this position were upheld by the Progressives it might necessitate dissolution.

WARM COMMENT

It is held by the Liberals that this is the first time in 100 years that the crown or the crown's representative has refused to accept the advice of his minister, and the attitude taken by the Governor General has excited warm comment. They point out that for the first time since the struggle for responsible government ended in the late 40's of the last century the Governor General has become the subject of violent feeling.

It is a fact that now one of the main parties of the country, the Liberals, will appeal to the electors on the point that the Governor General exceeded his authority in such a way as to intervene decisively in Canadian politics and to exert a personal influence upon public affairs.

The Conservative View

By E. S. BUCHANAN
Staff Correspondent—Montreal Gazette

OTTAWA, Ont., June 28.—It is the comment of followers of politics that nothing in the career of the Mackenzie King Government so ill-becomes it as the manner of its passing. The course of Mackenzie King in asking for dissolution after three reversals in the House of Commons and after preventing, by unprecedented tactics, a division on a motion of censure, the result of which would have called for his resignation, is without parallel in constitutional practice.

This decision was taken because the Government had been notified this morning that it would be defeated, that Progressives and Labor members who had stood by it loyally had determined to vote against it after having seen suppressed portions of the Duncan report. These Duncan documents were of such a character, and involved members of the cabinet to such an extent that the Progressives were entirely shocked and disgusted and at once conveyed to the government a warning that they would vote to censure it and bring about its downfall.

Among those who so advised the government were Agnes MacPhail, who had cancelled her trip to Europe on Saturday in order to return to Mr. King's rescue, and J. S. Woodsworth, the late Prime Minister's staunch Labor ally. Information comes direct from the Progressives themselves that had Mr. King not resigned today there would have been a majority of ten against his government on the question of censure.

DUNCAN REPORT

These Duncan documents, which were not included in the report tabled in the House of Commons although the Government assured the House that that was the complete report, contain the record of perhaps the worse scandal of its history that has ever disgraced public men. It was such a nature that Miss MacPhail was not permitted to read the documents today, the character of their revelations being conveyed to her by party associates who, having read the record, had become at last convinced that the Government must go.

PLEASURE CRUISE

Part of the scandal revealed in the Duncan documents, which so shocked the Progressives and turned them from the Government is the story of a pleasure cruise put on by the Government on a Government vessel last July on the St. Lawrence and Saguenay Rivers, and in which members of the cabinet and high officials participated.

The revenue cutter "Margaret" was brought up from New Brunswick waters where her duty was to prevent smuggling, to Quebec and a large supply of wines and liquors was taken on board. The selected party of guests boarded the cutter and she sailed on a cruise that lasted some three weeks. The entertainment provided for the Government's guests was lavish, including an orchestra. Among those participating in the party were two or three members of the Mackenzie King Cabinet. Guests who added to the gaiety of the cruise included a number of women, one of whom figures seasonally in another section of the suppressed Duncan documents as the hostess of a large establishment in Montreal.

Deaths

J. H. Berrie

HILLSBORO, June 28.—The death of John H. Berrie occurred at his home on Thursday, June 24, following a lingering illness.

Mr. Berrie was a son of the late Mr. and Mrs. Solomon S. Berrie, of Turtle Creek, Alberta Co. He was 53 years of age and for many years was a valued member of the First Hillside Baptist church; a choir worker and teacher in the Sunday school, and a member of the Hillsboro Masonic Lodge.

Mr. Berrie's passing will be keenly felt throughout the community where he was always interested in the welfare of the town. Mr. Berrie was extensively connected in business, and was the pioneer in the radio field in Albert County. He was Past Master of Howard Lodge No. 15 A. F. and A. M. and was a member of Botsford Royal Arch Chapter, Moncton.

Surviving are his wife, who was formerly Miss Lillian Robinson, daughter of Mr. and Mrs. John Joseph Robinson, of Harvey. Two daughters, Marjorie and Marion also survive. Also surviving are a sister, Mrs. E. W. Ricker, of Turtle Creek; three brothers, Bliss, of Dawson Settlement; Percy S. of Houston, Me.; and Rev. A. C. Berrie, of Providence, R. I. There are four half brothers and two half sisters.

John N. Flagg

John Newton Flagg died at the home of his daughter, May Gould, at Regate, Surrey, England. The deceased was born at North Head, N. B., on July 12, 1846, and was a son of Deacon Rodney Flagg. He is survived by three daughters—May Gould, the wife of James Gould, who is a large shipowner at Cliff Walk, Hatter Head, W. of Melrose, Mass., and Florence MacDonald, of Michigan. His wife, Eva, and three sons, Percy, Clyde and Eugene, have all pre-deceased him, the latter being killed in action in the early part of the World War.

Mr. Flagg followed the sea for a number of years in his early life and always took deep interest in ships and marine events. He allied himself with the Free Christian Baptist church and later joined the Reformed Baptists at North Head. Some few years ago he left to visit his daughter in England

PAIR NEAR DEATH IN SUICIDE PACT

Former Italian Actress and 17-
Year-Old Student Make
Second Attempt

NAPLES, Italy, June 28.—The Marchioness Giovanni Carignano, aged 32, and Beneditto Pelli, 17-year-old student, are lying in a hospital at the point of death, after their second mutual attempt at suicide, within a fortnight. The Marchioness, who was formerly an actress, left her husband when she became enamored of Pelli, according to friends. The pair decided that death was the only possible culmination of their "perfect love."

PONZI ARRESTED IN NEW ORLEANS

"Financial Wizard," Wanted in
Two States, Taken Off Italy
Bound Vessel

HOUSTON, Texas, June 28.—Charles Ponzi, swindler, who is wanted in Florida and Massachusetts, was arrested yesterday in New Orleans by Deputy Sheriff George Lacy, of Houston. Sheriff T. A. Binford announced last night that the fugitive financier had been in Houston. The tip was said to have come from a dock worker.

Ponzi admitted his identity after it was found that his finger prints tallied with records of them in possession of Deputy Lacy, the sheriff's father-in-law. "The financial wizard" was taken off the Italian steamer Sic Non Nobis, when it docked at New Orleans en route from Houston to Genoa, Italy. He was serving as a seaman under the name of Luciani Andrea, and had been aboard the vessel since June 8. He went aboard at Tampa.

A hunt for Ponzi was instituted last week, when Sheriff Binford received a tip that the fugitive financier had been in Houston. The tip was said to have come from a dock worker.

**The Cleanest and
Most Economical
Method of Cooking**

Model
R-27-C

NO woman who has used a Hotpoint Electric Range would ever willingly go back to any other type of cookery. The Calrod (Sheathed Wire) Heating Element, the very heart of the Hotpoint Range, is an exclusive feature. The most exacting tests have proven it to be practically indestructible. Nothing can touch the element wires to shorten its life. No live wires are exposed. The top of a Calrod Element is perfectly smooth and flush with the cooking surface—as easily cleaned as a dinner-plate.

The metal construction of this famous Hotpoint element holds the heat, giving the greatest possible cooking efficiency. The oven elements may be removed and scrubbed.

Although there are many imitations, the original and only genuine Calrod Heating Element is used exclusively on the Hotpoint Range.
