\$100,000 Clothing Purchase To Be Sold At Startling Prices \$30 and \$35 All Wool Suits \$17 On Sale Saturday, June 11th THIS WEEK WILL BE LONG REMEMBERED IN CLOTHING HISTORY

It Marks the day you may again buy Men's and Young Men's Suits (most of them all wool too) hundreds of them at the low price of \$17—a price for Good Clothes that you haven't heard of since 1916. Every Suit in this Hundred Thousand Dollar purchase carries a Robinson label with Robinson's unequivocal guarantee of quality! I found two of Canada's largest and most reputable manufacturers with big stocks of cancelled orders and goods made up for orders which they were afraid to ship on account of uncertain credit risk. I bought the entire lots—at my own prices—for cash. The purchase prices were so low, that it permits me to offer them to the public at these never before equalled prices.

Why I Undertook This Purchase

As you know, this season has been a disastrous one for many Clothing Manufacturers. Unseasonable weather, the public buying apathy, unemployment and other conditions brought about a surplus of clothing in the factories. Banks insisted on their money and they had to be paid—They are continuously demanding of the makers, "Turn Your Stocks Into Cash." My business has been better than ever this season on account of the superior values I have been showing — consequently, my stocks were beginning to get low—thus allowing me to take advantage of this big opportunity—with the knowledge that the public will take them away quickly at these prices.
