PRESIDENT'S ADDRESS.

You will remember, my dear friends, that last year, owing to
the special services connected with the Centenary Celebration
of our Church, we had, before our Annual Meeting, no Special
Service of our own. But, to day we have gathered together in
the Mother Church of our Diocese, have sought through our
Lord Jesus Christ in the Holy Communion the special blessing
of our dear Father in Heaven, while the Bishop has offered to
us all his hearty greetings and has earnestly wished us God's
speed.

To these Greetings of the Bishop, we who reside in the City
of Quebec desire now to add ours to those who have so kindly
come from a distance to confer with us for the common wealth;
and we earnestly trust, that, while we gather some ideas from
those who are working so zealously in the Townships we may,
by our mutual conference, impart new life and new spirit to
all our delegates, so that the work throughout the Diocese
may grow and increase.

Our Meeting last year was held on the first day of Synod
and two days before the Centenary Celebration of the Diocese
of Quebec.

Little did we imagine at our last year's Meeting, what a
High and Glorious Celebration it would be, in its Early
Communion, in its Great Morning service of Thankfulness
and Praise, in its Public Luncheon with the speeches of the
Bishops and other public men, in the special convocation of
the University of Bishop's College, Lennoxville, for the grant-
ing of Hon. Degrees, and in the great Evening conversatione,
with which our proceedings were brought, in all joy, to a
most successful close, and now we have entered upon, and
completed the first year of a second Century of our Diocesan
Church life, and during this year there has occurred an Event
fraught with consequences to the Church in the whole Domi-
nion, and greatly affecting the position and character of our W.
A. work—I mean the unification of the Church in Canada.
For it is well known, that last September, there was held in
