Achieved by Dr. Daniel and Dr.

R. L. Borden, accompanied by Mrs. Borden and his private secretary, Mr. Blount, passed through the city last night on the C. P. R. Speaking to the Sun for a few moments before the train came to a halt, Mr. Borden said that he hal nothing to add to his statement which he made in Halifax as to the general result. He was, however, much pleased with the great victory achieved in St. John by Dr. Daniel and Dr. Stockton, and remarked that they could have spared him a few hundreds of their majority and then have been elected very handsomely. Asked whether he would accept the seat offered him by Col. Sam. Hughes, Mr. Borden said he did not care to say anything about it at present.

As the train came to a halt Mr. Borden was greeted with three cheers by the members of the Borden Club and other of his friends and support-

Mr. Borden heartily congratulated Dr. Daniel and Dr. Stockton upon their magnificent victory, and remarked that the campaign they had conducted was a most inspiring one. PARENT IS FUNNY.

His Reply to the Quebec Conservative Leader is Rather Amusing.

QUEBEC, Nov. 9.—Premier Parent has issued a manifesto in reply to that of Hon. E. J. Flynn, leader of the opposition. In it he accepts the consti-tutional responsibility of dissolution, which he declares was necessary to put an end to ceaseless agitation which has prevailed for a year past to further the work of colonization along lines of the measure adopted last session and to place the honor of the legislature above suspicion. The manifesto is regarded as a humorous document. There has contaction as the premier states. been no agitation as the premier states.

The only measure regarding colonization was one safeguarding timber limits from speculators, an inadequate measure at that. While it is true that persons have made charges that certain members of the legislature are grafters, Mr. Parent has brought on the properties of the repayment of the balbuilt houses in this manner and sold them will be ruined. A SERMON ON EDUCATION.

Rev. Dr. Petts Addressed a Large Meeting in Centenary Last

Evening.

Rev. Dr. Potts preached last evening in the Centenary church to a large congregation. He took for his text Paul's first epistle to Timothy, 3rd chapter and part of the 15th verse:
"The church of the living God, the
pillar and ground of truth."
The church of God, he said, was today the greatest centre of interest in

the world. It was there that men received their inspiration for the acchurch was God's family here below. It was the grandest institution beneath the stars. The church was a

After considerable discussion it was evident that the sentiment of the meeting was in favor of permitting amateurs to play with professionals without forfeiting their amateur standing, providing they accepted no money.

A resolution was then moved by Heber Vroom to this effect, and endorsing the resolution passed by the Moncton club, which was the same in spirit. Fred Coombs seconded the resolution and it passed almost unanimously.
