CLOSING STOCK LETTER.

By Direct Private Wires to J. C.
Mackintosh & Co.

New York, Dec. 2.—The professional
character of recent selling in the
market was clearly shown today when
an attempt to even up speculative com-
pensation over the weekend sent the
general list from 1 to 2 points higher.
There was no feature either in the
way of news or transactions, but
it was clear that the technical position
had been vastly improved by the re-
action. It is unlikely that the large
interests will attempt a vigorous bull
campaign until they gain a clearer
idea of just what will be done at the
present session of congress, but from
all present indications there will be
no tariff revision and it is even doubt-
ful if a federal incorporation bill can
be agreed upon. Repositioning from spec-
ulative business continues favorable and the
financial community is inclined to
pay more attention to this factor than
anything else. The prospect still
favors a trading market with a grad-
ual upward trend.

NOVELIST'S WIDOW IN
SCRAP WITH EARLE

Monroe, N. Y., Dec. 1.—Ferdinand
Pinney Earle cried for help and it ar-
rived in time to prevent an attack up-
on him by W. D. Parmelee, a brother
of Mrs. Kellogg Durand, at Tren-
holme, Earle's residence, yesterday.
The Durands leased the Earle prop-
erty early in the spring. Following the
suicide of Mr. Durand in Boston,
Earle brought an action to oust Mrs.
Durand from his property, charging
her with compliance with the terms of
the lease.

Justice Gilbert Carpenter issued a
writ of ejectment and thereupon
Earle had the furniture and other be-
longings stored in the barn upon his
premises. Here it was attached by
village marshals for debts aggregat-
ing \$700.

Parmelee and Mrs. Durand appeared
in Monroe this week and demanded
admission to the house. A wordy dis-
cussion followed between Parmelee,
Earle and Mrs. Durand, during which
Parmelee attempted to force his way
into Trenholme.

Earle called lustily for help and his
outcries brought Casper Hoffman, a
carpenter, and Mrs. Earle to the res-
cue. Outnumbered, Parmelee and Mrs.
Durand retreated. As a result of the
encounter it is reported that Mrs.
Earle is in a hysterical condition.

MARKET SHOWS
SIGNS OF A
CHANGE

New York, Dec. 2.—At the end of a
week of bear selling and heavy mar-
kets the character of trading changed,
and stocks rose. The demand was
proportionately larger, and stocks
were not in plentiful supply, with the
result that there were many gains of
1 to 2 points among the prominent
issues.

Several factors, such as favorable
trade reviews, an optimistic state-
ment by the head of one of the Steel Cor-
poration's largest rivals and a sharp
rise in gold securities, helped to
bring about a more cheerful specu-
lative sentiment. It is probable, how-
ever, that technical market conditions
were largely responsible for the rise.
Bear selling had been carried on
steadily most of the week, with re-
sultant expansion of the short ac-
count. When some covering was at-
tempted prices stiffened so readily
that the short interest showed signs
of nervousness. Covering was carried
on heavily during the last hour of
trading, especially in the favorite spec-
ulative shares.

The large dollar size of Catarrh
trade was thought to be in anticipation of
developments next week in con-
nection with the reorganization plan of
Wabash-Pittsburg terminal, under
which it is expected that the position
of the Wabash will be strengthened.
The four per cent. bonds at one time
showed a gain of nearly four points,
and the preferred stock of 2 1/2.

CHILDREN'S CHEST TROUBLES

Nurse Carrington Says Her
Long Experience Proves the
Safest Remedy is to
Rub on Nerviline!

Every mother knows how difficult
it is to get a young child to take a
cough mixture. Nerviline will help
unless given in large doses, and the
result is to completely upset the
stomach and make the child sick.
Speaking of the prompt cure for
chest troubles and children's colds,
Nurse Carrington says: "In all my
experience in nursing I haven't met
any preparation so dependable as
Nerviline. It is the ideal liniment.
Every drop you rub on is absorbed
quickly, sinks through the pores to
the congested muscles, eases, relieves
and cures quickly. Especially for
chest colds, pain in the side, whoop,
croup, toothache, I have found
Nerviline invaluable. In treating the
minor ills of children Nerviline has
no equal. I think Nerviline should
be in every home."

5 YEARS' THROAT TROUBLE
AND INFLUENZA CURED

EMINENT DOCTORS FAILED TO
CURE—HAD GIVEN UP HOPE.

This Case Does Prove That When
Catarrh is Breathed Every
Trace of Catarrh Disappears.

Milford Haven, Da., Dec. 4.—Every-
one in this neighborhood knows of
the long suffering from influenza and
catarrh endured by Mrs. D. Gurney.
Today she is well. Her recovery is
due entirely to Catarrhine. This
is her own statement: "I was a great
sufferer from catarrh in the head,
throat and nose, and endured the
manifold tortures of influenza for five
years. My life was despaired of
before I had used one bottle of ever
being well. Then I read of a wonder-
ful cure made by Catarrhine. Im-
mediately I sent for Catarrhine, and
before I had used one bottle I was
greatly relieved. Today I am cured.
We would not be without Catarrh-
ine in our home—it's so good in
colds, coughs, bronchial and throat
trouble. I feel it is my duty to pub-
licly recommend Catarrhine."

Get the large dollar size of Catarrh
trade was thought to be in anticipation of
developments next week in con-
nection with the reorganization plan of
Wabash-Pittsburg terminal, under
which it is expected that the position
of the Wabash will be strengthened.
The four per cent. bonds at one time
showed a gain of nearly four points,
and the preferred stock of 2 1/2.

Unexpectedly large changes were
disclosed in the bank statement. The
loss of cash of \$19,500,000, as shown
in the actual statement, far exceed-
ed preliminary estimates. This change,
as well as the falling off of nearly
\$50,000,000 in net deposits and in-
creases, decreases, probably was
due primarily to the shifting of
accounts in connection with Decem-
ber first interest and dividend pay-
ments.

The week's payments all but con-
sumed the surplus reserve.
The bond market was active and
firm. Total sales, par value, \$3,801-
United States four registered lost
1/8 on call on the week.
