Another lad of the same age had missed twenty-seven days in the present term, while still another, one year younger, had not been in school a single day in the term. These two were sent below as was another fourteen year old boy, on charge of stealing coal.

The boys, one sixteen, the other fifteen, were accused of theft from the Dominion Express Company. According to the evidence offered these thefts had been going on for some time. The goods taken were not small parcels, but bulky articles, such as sides of beef, etc. This led to the belief that there must be a team employed in the thefts. A watch was kept and the two lads before the court were caught carrying a box between two freight cars to a team standing near. Both lads were allowed to go under suspended sentences.

### CAMPAIGN FOR KING'S COLLEGE IS PROGRESSING

Five Thousand Dollar Mark is Passed—The Trinity Team is Leading—The Collections Made Yesterday.

By yesterday's luncheon the local campaign for the King's College Advance Movement had successfully passed the five thousand dollar mark and was still going strong. The Trinity team, thanks to a subscription of \$500 obtained that morning, succeeded for the time being in passing that of the King's College Law School, but if Trinity is to retain its lead, small as it is, its workers will have to hustle, for the Law School team is hard at work and prospects are good. Yesterday's collections were:

Trinity	\$650
St. Paul's	250
St. John's	130
St. Jude's	41
The totals to date stood as follows:	
Trinity	\$1,790
Law School	1,695
St. Paul's	711
St. John's	440
St. Paul's	370
Total to date	\$5,006

At yesterday's luncheon for the workers and friends of the college, His Honor Judge J. R. Armstrong presided, and in a happy speech spoke words of encouragement to the workers, while the secretary, J. Allan LeBlanc, of the Law School, proved himself an adept at blackboard work in scoring the results.

After the results had been announced Rev. Dr. Boyle, president of the college, in a brief speech, heartily thanked on behalf of the Board of Governors and himself, the campaign workers for their self-sacrificing labors on behalf of the college.

President Boyle in discussing briefly the past, present and future of King's College, said that the past had been a history of struggle, marked, no doubt, by some mistakes, here and there, but in the main by solid work well done, which had left a marked impress for good upon the maritime provinces. The present of financial distress is largely the result of the past, of the attempt to do really good factory work without adequate support.

"For a while," declared Dr. Boyle, "King's had been too proud to ask for help, to go to the people for aid."

Speaking of the Law School in St. John, Dr. Boyle said that he regarded the Faculty of Law as one of the most successful features of the work of the college, the Law School rank high with other Canadian law schools.

He felt that Church of England people should realize now fully that King's College is the Church of England in the Maritime provinces, and is vital to the life and progress of the church.

Dr. Boyle expressed his belief that the Maritime Universities will have a great part to play in the immediate future, after the war. He urged that King's College should be fully prepared for this great period of opportunity by surmounting with the aid of the present campaign, the present financial crisis, by strict economy in administration and by preparing for great things.

### BIG ROUND UP IS BEING PREPARED

Dominion Police Expect to Gather in a Lot of Men—A Dozen Apprehended Yesterday and Handed Over to Military Authorities.

There is every reason to believe that within a few days St. John will see one of the most comprehensive "round-ups" ever staged under the provisions of the Military Service Act. It is hinted that in one section of the city there are a large number of men who have either neglected to register or who have failed to respond to the summons to report for duty.

### CITIZEN ARRESTED; MAY TAKE ACTION

Has Been Charged with Using Abusive Language—Had Been Stopped and Asked What He Had in Parcel.

As the result of an arrest yesterday afternoon it is reported that an action for false imprisonment will occupy the attention of the court. The Standard learned last night that a citizen was arrested by Police Constable Armstrong and it is alleged, that the grounds for the apprehension were not sufficient to warrant the placing of the citizen in custody. Although the Standard will not vouch for the facts which led to the arrest, it was stated last night that the party now in custody was walking along the street and was carrying a parcel. He was stopped by the officer above mentioned, who asked what was in the parcel. The man replied "parcels." By tearing of a piece of the wrapper this statement was corroborated. The incident led to a few hot words and it is alleged that the man told the officer that he would like to slap his face. A few other remarks of like nature were alleged to have been expressed. The officer then took the party in custody and it is understood that he is charged with using abusive language to an officer in the discharge of his duties.

### THE OLDER BOYS ARE ADDRESSED

Capt. T. F. Best the Speaker at Weekly Supper in Y. M. C. A. Last Evening.

Capt. T. F. Best addressed the older boys of the Y.M.C.A. at their weekly supper last evening. He emphasized the growing importance of boys' work in the Y.M.C.A., and stated that a large percentage of the senior members having enlisted, it had been recognized that much more attention must be paid to the boys' department. He spoke of the need for trained leaders and said that the Y.M.C.A. gave a wider opportunity to those desiring to devote their lives to the greatest service. While war conditions have somewhat lowered the standards of the boys of the United States and England, in Canada the standard has been perceptibly raised. This has been attributed to the Y.M.C.A. which through the numerous boys' conferences has placed before them the highest ideals. Capt. Best dwelt on cheerfulness and optimism as being essentials in a successful life of service.

### AN ELEVATOR MAN NARROWLY ESCAPED DEATH YESTERDAY

Little Girl Started Elevator in Royal Bank Building—Henry Jones Dropped Into Shaft—Is Being Treated at the Hospital.

Henry Jones, who is employed at the Royal Bank building came near losing his life yesterday afternoon. As it was he sustained injuries which necessitated his removal to the General Public Hospital. It appears that he was standing at the bank door and a little girl unnoticed walked into the elevator and threw over the lever. The unfortunate man rushed for the door but was unable to gain access to the elevator. He did manage to obtain a hold on the elevator floor. Thinking that he could crawl into the elevator before it reached the first floor he retained his grip. Hanging in this precarious condition he was carried up several feet, his body grazing the side of the shaft. Realizing that he would be crushed to death unless he let go, he released his grip and was hurled to the bottom of the shaft. The elevator was brought to a stop at the first floor. When Mr. Jones was picked up it was thought he was killed but on closer examination his condition was found not to be so serious. The ambulance was summoned and the injured man was removed to the hospital.
