COMPANY PAYS DOCTOR'S BILL

Maritime Drug Co. Makes Interesting Announcement—Medical Consultation Free of Charge for "Liv-rite Tonic" Users.

In extending heartiest New Year's greetings to their patrons, the Maritime Drug Co., 108 Prince Wm. street, have a very happy announcement to make which will be received with interest.

They have arranged for free medical consultation for their patrons. This is an advanced step for a local company but the makers of "Liv-rite Tonic" are of the view that it will be a welcome one. All that is required to secure this medical consultation is to bring or send an empty box which has contained "Liv-rite Tonic" to the company's office, when an order will be given entitling the sender to a free consultation with a prominent and reputable local physician. This can only be done at quite a cost to the company but its purpose is to emphasize the value of their "Liv-rite" remedies. "Liv-rite Tonic" is steadily making friends and admirers in St. John and elsewhere through the province. It is

Kennedy Gets Rid Of Long Trouble

Eats Anything and Never Misses Day from Work Since Taking Tanlac, He Says.

"Tanlac seemed to be made exactly for my trouble," said R. J. Kennedy, who works for the Dominion Iron and Steel Company, Sydney, N. S., recently. Continuing he said:

"For the past six years I have suffered more than I will ever be able to tell. My appetite had gone back on me entirely and little I did manage to eat by forcing it down would sour and I would bloat until I was in misery. Gas pressed against my heart causing it to palpitate dreadfully and it was all I could do to get my breath. I could not eat any meat or vegetables of any kind and had to live on the lightest of diets, for if I ate the least thing heavy I had such intense pains in my stomach they would nearly draw me double and I thought at times they would kill me. I had a headache and neuralgia nearly all the time and many times I had to stay away from work, as I would be in such pain I was almost wild. I had tried every kind of medicine I could hear of, but none of them did me a particle of good. Toward the last and in the early part of this year my condition became so bad I thought I would have to give up entirely, for I was so weak and run down I could hardly drag myself around and my work was simply torture.

"Well, when Tanlac came my way I did not hesitate a minute in making up my mind to try it. For after hearing so much of the good it was doing others I thought it might help me also, and after I had taken it for a while I began to get better. I continued taking it until now I have taken six bottles, and my improvement is remarkable. I never have the least sign of my stomach trouble, although my appetite has returned to such an extent I am hungry all the time and I eat just anything I want. I am never bothered with gas or palpitation of the heart and am entirely rid of the headaches and neuralgia, and never miss a day from work, as I have regained my strength and in fact I am enjoying as good health in every way as I ever did in my life. I believe all anyone has to do if they are suffering as I was to get rid of their troubles is to take Tanlac and I am glad to recommend it."

Tanlac is sold in St. John by Ross Drug Co. and F. W. Munro under the personal direction of a special Tanlac representative.—Advt.
