

SKYLIGHTS

THE WIND, DUST AND WATERPROOF LIGHT

In Winnipeg we have installed over 60,000 feet of SKYLIGHT surface on the C.P.R. Shops, and in Montreal we have installed 40,000 feet of FIREPROOF SKYLIGHTS for the Locomotive & Machine Co.

We have sold and are selling out lights all over the country, and if you are in need of one or any SKYLIGHTS, let us give you a figure. Remember we are giving you a light that is wind, dust and waterproof, and when glazed with Wired Glass is fireproof. We would like to send you our booklet illustrating the light.
