The Brunswick
ALL PHONOGRAPHS IN ONE

PLAYS ALL RECORDS, ANY MAKE.
YET COSTS NO MORE

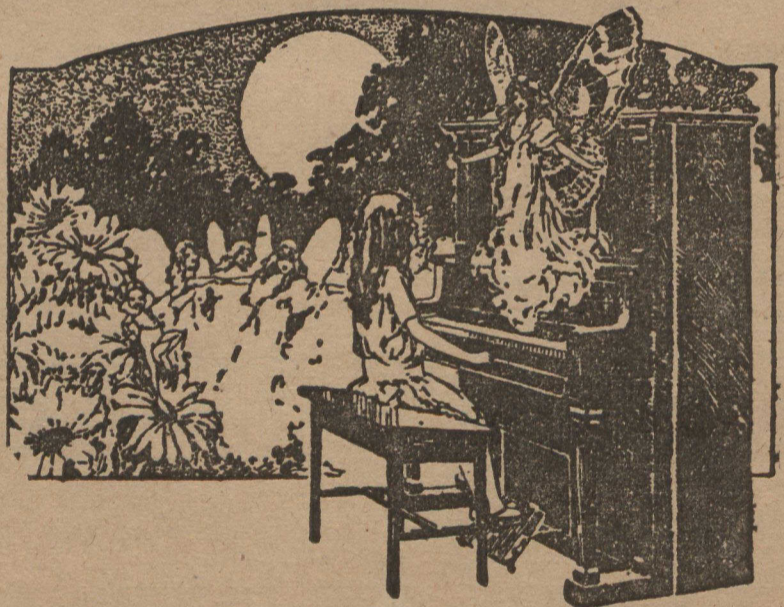

WITH each Brunswick come two reproducers. Use any needle, play any record. You are not limited. It does not take a trained ear to appreciate the superiority of The Brunswick's tone. The all-wood sound chamber is built like a violin. The tone is soft and natural—never metallic nor harsh. Once you hear this instrument you'll have a new appreciation of phonographic art.

It is made by The Brunswick-Balke-Collender Co., famous for 75 years for its fine cabinet work. Come in and hear the Brunswick before you decide on any instrument. Or we will be glad to send one to your home for comparison. Prices \$30 to \$175—a saving on each style—easy terms. A demonstration puts you under no obligation.

Good Music Enriches Character

In planning the education of your children, provide a really good piano. Only by so doing can their inherent love of music be directed into channels that develop an appreciation for all that is best and most inspiring in music.

Williams Piano
New Scale
ENDORSED BY GREAT MUSICIANS

The fact that so many of the world's foremost musicians have expressed their unqualified approval of the Williams, should have some weight in influencing your choice of a piano for your home.

The qualities of the Williams that appeal so strongly to noted professional musicians are its beautiful and enduring tone, its touch and unfailing responsiveness to the emotions of the player.
