

ELECTRIC SERVICE

Means comfort, convenience, economy, and safety.

The home that is completely equipped with electrical devices is a happy one.

All the drudgery of house-keeping is eliminated by electricity.

You can wash, iron, sew, sweep, cook, keep cool in summer and warm in winter, by means of electrical apparatus designed especially to relieve you of unnecessary and fatiguing labor.

At our showrooms all these devices are ready for your inspection. Competent demonstrators will operate and explain them for you.

Editor's Talk

IF we had written it ourselves we could not so well have done the compliment conveyed by the unsolicited letter published in this column concerning the value of the "Canadian Courier." This office is in receipt of a great many letters expressing appreciation from readers, as well as of an occasional criticism that is always as welcome. Only a few of these have been published. When we do publish one it is because the case is put so illuminatingly that we like the rest of our readers to know that what we ourselves profess is sometimes recognized in full by other people. The appreciation from Swift Current comes from one who is unknown to this office, except in the circulation lists. It is published just as it was received.

Dear Sirs,—Will you kindly send the Canadian Courier for the year 1914 to Fire Chief E. M. Ross, for the Swift Current Fire Dept. I have read your valued paper for several years with great pleasure and profit, and find that one can keep in touch with the chief happenings of the week by reading the Courier, and as chairman of the Fire and Light Committee of the town council, feel that a year's subscription to your paper will be appreciated by the firemen.

Kindly send account to me and I will remit promptly. With best wishes for your continued success, and wishing you the compliments of the season, I remain,

Yours very truly,

G. L. CAMERON.

"Clear Carbon copies would save your time."

Faint, smudgy copies waste hours of your time. They often prove to be your only records of important letters—quotations or agreements.

Some like that in your files? You can't be using PEERLESS Carbons.

PEERLESS Carbon Papers make copies clear as originals—do not smudge or blur.
