# Hupmobile ---\$1150

Here is a car at \$1,150 built in accordance with the high code of honor which marks the manufacture of the best cars—cars far above it in price. It claims close relationship with those cars—not in size, because it is a car of lesser dimensions, of course—but in all of the ingredients which constitute integrity of construction. It asks to be set apart and judged not by the standards its price would sug-

gest, but by that more microscopic analysis you would apply were a larger monetary investment involved. We have pictured in book form some of the processes which justify our belief that this Hupmobile is the best car of its class in the world; and we want you to see and read it. We also want you to see and ride in the car—samples are now in the hands of Hupmobile dealers.
